The Editor's column

By S. R. PADDOCK

Some businessmen think that World War III is not a dream. We received notice this week from New York that because the positive films of our newspaper files are stored in above ground vaults, they are subject to destruction in the event of war.

The notice was to advise us that responsibility for the files hereafter rested with us.

We have decided that if this country is bombed, the present generation will be so busy with the present that they will not care for the past history.

One set of microfilm files is in the publication office and we hope the bombers will not reach Arlington Heights.

•

E. G. Sander of Arlington has decided there is more than one way to skin a cat. He enjoys bowling but has so often been unable to find a bowling alley that he and his partner have decided to build their own. While building, they decided to go all the way and build one of 16 or 18 alleys.

A building erected by them last summer is ideal for the purpose. When completed there will be no need for Arlington leagues to go out of town.

•

We are going to be strictly neutral in the coming Arlington Heights village election.

No party platforms have yet been announced, but we hope an anti-village manager plank will not be adopted by either. Arlington Heights, due to its present size and the growing responsibility of the municipal government, needs some one to personally direct its operations.

We believe that a city manager operation should be continued. We feel keenly on the subject and hope Mr. Buechner will be allowed to continue his good work without the interference of politics.

Remembering the publicity debacle of the municipal election of two years ago we will reserve the right to edit all political advertisements and submitted news stories. Such action is unusual, but we are determined to do our best to keep the coming village election clean so far as the news and advertising columns of this paper are concerned.

•

The story we recently published regarding the background of a Palatine Mexican boy who got into trouble with the police because he had taken cars for joy riding has brought to this office the following comment from a Chicago resident who is recognized as an authority on juvenile delinquency. His answer to the published story places the blame upon society. Here it is.

"The tragedy of the Mexican boy is, of course, that of finding a responsible adult interest in the community for individuals such as he. If this cannot be done on a personal basis, there should be effected an organization of citizens or church groups which is willing and able to accept responsibility in working with such young men. Certainly no good will come from a prison term. He will there only become more disposed toward a life on the other side of the law, and the stigma of a prison record is almost certain to seal the bargain."

•

Attended two meetings this week at which developers volunteered aid to the schools. Three of them told us personally that no developer should plan any project that would be a burden to the local schools without recognizing their financial responsibility to them.

Monday night a Schaumburg developer offered to build four school buildings. Tuesday evening a Palatine developer agreed to kick in $37,500 to the school district at the rate of $300 per home.

•

There are two sides to the story of adequate medical service. We came across an incident this week of a discourteous reception a local physician received when he answered a frantic call of a mother who had a sick child. The physician had braved the zero weather, spent some time in locating the house, only to be rebuffed by the mother who had in the meantime contacted her Chicago physician.

When newcomers move to the country where their former physician cannot make house calls, they would do well to establish a pleasant relationship with one of the local physicians. A busy physician, like a popular young lady, does not welcome blind dates.

We understand that more than one of our local doctors has had a similar experience.

•

We will attend a meeting of the Northwest Community Hospital board of trustees Thursday night. We hope we will have some good news to report next week.

•

It will be interesting to see if Arlington Heights is enough of a good neighbor to Mt. Prospect to make that village a present of 132 acres of industrial zoned land that Mt. Prospect, in error, thought it had annexed.

•

As we close this week's column, we realize we may have gone out on a limb with some of our statements, but the constitution gives even editors the right to express their opinion.

Brains and Brawn at Arlington High School

Coach Dick Mudge instructs a couple of his wrestlers, senior Ken Piepenbrink (left) and junior Mickey Harris as the varsity prepares for the sectional at Waukegan Thursday and Saturday. Six seniors will be performing their last for the Cardinal and White.

Boys shown above, all of whom helped the varsity compile a 13-1 record this year, will all be back next season, along with the frosh-soph team that won 9 of 14 meets. Discover Arlington Owns Industrial Tract of 69 Acres

Mount Prospect Must Seek Disconnection to Take Over

"Much ado about nothing."

That aptly sums up the attitude of the Cook county map department which described as "baseless" a controversy in 1952 over annexation of 69 acres of farm land southeast of Arlington Heights.

The Roth Manufacturing co. had planned to erect a 10 million dollar factory on the site, which has been annexed by Arlington Heights.

However, a Mount Prospect property owner contested the annexation and challenged its legality.

Before the issue could be decided by the courts, Roth moved its factory site to Niles, and Mount Prospect annexed a total of 132 acres of potential industrial property on the basis of the controversy. The annexation included the 69 acres which reputedly belonged to Arlington Heights.

Art Solomon, head of the county map department, said Wednesday that in preparing this year's maps he noticed that the Kirchhoff land attached to Arlington last year was connected to Mount Prospect this year.

"It couldn't belong to both," said the official, "so I checked in the Recorder's office. No disconnection proceedings have ever been completed. As far as this department is concerned, that property belongs to Arlington Heights and our maps will so indicate."

Although the entire area is located in the Mount Prospect school district, the property is now surrounded on three sides by the Village of Arlington Heights which would make it hard for Mount Prospect to convince a court of its right to annex the land.

Although the county has decided the land rightfully belonged to Arlington all along, the delay caused by the Mount Prospect resident challenging the annexation forced a valuable industrial plant to relocate in another area.

Consider Adding Liquor Licenses To Village Limit

Prospective bowling alleys seem to be the main topic in Arlington Heights this week. Plans are in the making for two 12 to 18 lane alleys.

Henry B. Hutton appeared before the village board Tuesday night to find out whether or not a liquor license could be made available for an ultra modern alley which he and A. J. Christian and Orville Colianni propose to erect in the village. He told the board they could not make further plans until they found out whether or not they could obtain a liquor license.

* * *

AT PRESENT all available liquor licenses are being used. The board will have to decide whether or not the ordinance should be changed to permit additional licenses. They turned down an application for a packaged liquor store several weeks ago because no license was available.

Michael Hoggay, who operates Turf Billiards, appeared before the board to remind them he had applied for a liquor license on several past occasions and had been denied it because none were available. He felt he should have priority if any new licenses were being released. If he received a license he would discontinue billiards in his establishment.

* * *

THE BOARD will take the matter under advisement until March 1. It is of the opinion that the population has increased to such an extent that additional liquor licenses might be warranted. They are especially aware of the need for additional recreational facilities in the village, and will take this into consideration while discussing the matter.

S & S Woodworkers have terminated their business and have announced plans to convert their present building to a 16 or 18 lane bowling alley. They will also seek a liquor license but plan to build the alley regardless of whether or not they get one.

Palatine Annexes Land Sought By Rolling Meadows

A tract of land adjoining both Palatine and the proposed new city of Rolling Meadows was annexed to Palatine by adoption of an ordinance of annexation by the village board at its meeting Monday night.

The parcel involved lies between Rohlwing road and Hicks road (Hwy. 53), extending from the North Western tracks to the south line of section 22 (Kenilworth road). It includes the Gaare Oil co., the Hydrox co., some small farms and business and residential tracts.

"We have the signatures," states village clerk Warren Kohler, "of every property owner in this territory, requesting annexation to Palatine.

"We'll probably have to fight the matter out in the courts with Rolling Meadows, since this land lies within the proposed boundaries of that corporation. Of course, if incorporation of Rolling Meadows fails to pass at the election next week it will simplify the matter. Anyway, as of now, this large tract of land is a part of Palatine."

TV Spelling Contest

Saturday at 12:15 p.m., 2 Arlington Heights Junior high school pupils, Sandra Peterson of the eighht grade, and Warren Meyers of the seventh grade, will take part in the Cook county finals of the Daily News spelling bee. The big contest will be televised on WNBQ, channel 5, from the Studebaker Theater.

This contest will include all sectional first, second, and third place winners of public schools' contests in the county outside of the city of Chicago as well as winners of the sectional spelling contests for all parochial schools of Cook county including Chicago.

World Day Of Prayer

Churchwomen of Arlington Heights, Mount Prospect and Prospect Heights will mark World Day of Prayer, Friday, Feb. 25, at 1:30 p.m. in Prospect Heights Community church. The service is open to the general public.

World Day of Prayer is sponsored by general department of United Church Women. "Abide in Me," (John 15:4) is the theme of the service, which will be lead by Dr. George Truman Carl, pastor of the Park Ridge Methodist church.

No 'Clear Cut' Law on Ready Mix Plant Zoning

Investigation by a special committee of Arlington Heights village board members to determine the zoning classification of the Consumers Ready Mix plant on Northwest hwy., proved futile as far as finding a clear cut law on the subject.

As far as the committee could determine, with the aid of expert legal council, the company is within its rights to operate its business in a commercial zone, on the non conforming use previously established by Arlington Elevator and Coal company, which is leasing the property.

With that point cleared up the board will continue to investigate complaints by neighbors that the business is creating a nuisance and traffic hazard in the area. The company has already cleared up some of the aspects of the complaints and expressed its desire to do everything in its power to alleviate all of them.

* * *

THE BOARD will hold a special meeting Tuesday night with the businessmen to discuss the increased business license rates. At this same time the board plans to discuss the overall street widening and lighting program in the business district, which was announced a few weeks ago. Residents living in the areas affected by the program are also invited. This will be merely a preliminary discussion to get the general feeling on the proposal. No official action will be taken at this time.

Village Attorney Hugo J. Thal was authorized to draw up an ordinance redistricting the voting precincts in the village. At present there are four precincts and the new ordinance will provide for six.

MOTOR FUEL tax allotments for Arlington Heights netted a total of $10,870 for the months December and January.

Trustee Edwin Johnson and Manager Buechner will study further the plans for a municipal garbage disposal service. The village is considering the granting of a franchise by contract to an "independent contractor" (by bids or otherwise) to operate, with penalties for failures in regular service; said independent contractor to own, maintain the equipment, hire and control employees, insure and handle billing and collections at rates agreed upon in the contract. No tax levy required.

The village earned an additional $200 on the investment of inactive funds of the water and sewer department in U. S. Treasury bills for three months. The money will be reinvested for another three months period.

Smallpox Vaccine To Be Given At All Schools

Smallpox vaccinations are being offered in all schools in Arlington Heights starting February 21. A fee of 50 cents will be charged for each vaccination. Pre-school children may be vaccinated if appointments are made previously. These appointments may be made by calling the nurse's office at CL 3-6100 between 8:30 a.m. and 12 noon, Monday through Friday.

Vaccinations will be done by local physicians and following is the schedule:

February 21, Junior high school, 8:30 a.m.; South school, 1:20 p.m.

February 23, North school, 9:20 a.m.

February 24, Dryden school, 9:20 a.m.; Ridge school, 1:20 p.m.

February 25, St. James Catholic, 9 a.m.

March 1, high school 8:20 a.m.; Our Lady of the Wayside, 1:10 p.m.

March 4, St. Peter Lutheran, 1:10 p.m.

List Precincts For High School Election

Ten precincts have been established for voting in the referendum of Saturday, Feb. 26, on the addition to the high school in Arlington Heights and increases in the maximum tax rates for the educational and building funds. Precinct boundaries and polling places are the same as in the last high school board election except that a new precinct has been established for Rolling Meadows.

* * *

FULL LEGAL descriptions of the precincts were contained in the legal notice of election published last week, and inquiries concerning the place to vote should be directed to the high school office. In general terms, the precincts are as follows:

1. Wheeling public school, all area north of Hintz rd.
2. Township high school, Arlington Heights, north of the railroad, west of Dunton st., and south of Hintz rd.
3. North school, Arlington Heights, north of the railroad, west of Dunton st., south of Hintz rd., and west of the village line.
4. Junior high school, Arlington Heights, south of the railroad, west of Dunton st., north of Golf rd., and east of Wilke rd.
5. Dryden school, Arlington Heights, south of the railroad, east of Dunton st., north of Golf rd., and west of Busse rd.
6. Prospect Heights public school, west of Buffalo Grove rd., south of Hintz rd., north of Euclid except the area within the village of Arlington Heights.
7. Central school, Mount Prospect, north of the railroad, south of Euclid, east of the village of Arlington Heights.
8. Lincoln school, Mount Prospect, south of the railroad, east of Busse rd. and north of Golf rd.
9. Elk Grove public school, all area south of Golf rd.
10. Rolling Meadows Public school, south of the railroad, west of Wilke rd., and north of Central rd.

* * *

POLLS will be open from 12 noon to 7 p.m. to all citizens, 21 years of age or older who have been residents of the state for 1 year, of the county for 90 days, and of the high school district for 30 days. No registration is required.

Two ballots will be used. Each will contain 2 propositions, a total of 4 votes being necessary. The first ballot will ask for authority to build and authority to finance through the selling of bonds. The second ballot will ask for an increase in the maximum tax rate for the educational fund and for a similar increase in the maximum tax rate for the building fund.

Absentee ballots for those who must be out of the county February 26 may be obtained from the high school office and must be returned to that office, if mailed, by Feb. 21, and, if delivered in person, by Feb. 23.

Book Missing

Patrons of the Arlington Heights Memorial library, both adult and juvenile, are requested to check their books to see if they have accidentally taken home a "World Book Encyclopedia No. 8—H." The library would greatly appreciate the return of this important volume to complete its set for reference work.

New Fire Truck to Be on Ballot of April Election

Village Manager F. Robert Buechner was authorized by the Arlington Heights village board Tuesday night to get quotations on a new fire truck for the purpose of voting on a bond issue for its purchase at the village election in April.

Additional housing is needed for fire equipment and a further study is to be made by the fire committee of the board to ascertain just what provisions must be made.

* * *

ALL WATER users in the village will receive a letter with their next water bill regarding the installation of a municipal water softening plant. The letter will explain in brief the proposed plan, and assures residents no final action will be taken until the board is convinced that an overwhelming majority of the consumers desire the improvement.

The letter also states that the board will not give final approval to such a project until it is certain the other problems in the water and sewer operations, such as consistent water pressure, water main loop extensions, storm sewer relief, and Weller Creek cleaning can also be taken care of properly without jeopardizing the village's financial situation.

Anyone having any comments relative to the project are urged to state them on the postcard accompanying the letter and return it to the village manager.

Race Track To Fight 'City' Through Courts

County judge Otto Kerner ruled Monday that he has no jurisdiction over the inclusion of Arlington Park race track and the subdivision of Arlington Crest in the proposed village of Rolling Meadows.

Citizens of the community and representatives of the race track asked the judge to hold up the incorporation election set for February 26, but Judge Kerner ruled he had no right to do so.

* * *

ATTORNEY Thomas M. Thomas, representing the Arlington Park Jockey Club said he will go into the circuit court this week to seek an order postponing the election. Both Thomas and Attorney Daniel P. Ward, who represents the residents of Arlington Crest, had argued that they are being denied due process of law by being included in a proposed incorporation area with no chance to air their protests.

Judge Kerner criticized the state statute because as he saw it, it limited him to accepting petitions for incorporation and set an election date. "I see much in the statute that I don't like," Judge Kerner said. "I feel that the race track and the community of Arlington Crest are being forced into an incorporation municipality against their will."

* * *

THE PROPOSED Rolling Meadows city is located west of Arlington Heights. It includes the 575 acre race track site and the Arlington Crest subdivision of apporximately 100 homes.

The race trackers charged that it is being included solely to provide revenue from taxation for the community and a petition from Arlington Crest residents says that they oppose incorporation in Rolling Meadows because they are about a mile away from the rest of the development.

Sam Campbell Lecture

Sam Campbell will give a lecture on "Colorado — Mountain Wonderland," illustrated by full color motion pictures, at the Arlington Heights high school auditorium tonight, Thursday, at 8 p.m.

The program is sponsored by the Men's club of the First Methodist church, and admission is free.

Large Bowling Alley In Planning Stage At Arlington

E. G. Sander and W. B. Schwaller, who have operated the S & S Woodworkers, 8 S. Beverley, Arlington Heights manufacturing custom millwork the past 10 years, will use a new building erected by them last summer for a modern bowling alley comprising 16 or 18 alleys.

They have terminated their millwork business and will sell stock and equipment at auction February 26.

The firm which has operated as a partnership until now, will conduct the new business as a corporation, the formation of which is now in progress.

"It is a little early to announce the details of the alleys, but they will be so designed to appeal to bowlers throughout the entire area," says Mr. Sander.

Parking space for 100 cars will be provided.

Complete Slate For Arlington Village Election

With "controlled progress realistically keyed to the needs and resources of our community" as its program, a new political party was formed this week in Arlington Heights.

Named "The Civic Service Party," the new organization was the outgrowth of a meeting at the field house Monday evening at which representatives of all geographical areas of the community were present. In addition to agreement on basic principles, the group also named a five-man slate of candidates to run in the village election April 19.

Prominent on the slate is Wm. F. Neumann, local businessman and Arlington Heights police magistrate for the past 18 years. Mr. Neumann will be seeking reelection to his present post under the new party banner. His home is at 718 E. Euclid.

Running with Neumann will be 3 candidates for regular terms as members of the village board of trustee, plus an additional candidate to fill the temporary vacancy created by the mid-term resignation from the board of Charles C. Rehfeldt.

* * *

FOUR CANDIDATES for the village board, like the committee which nominated them, also present a well-balanced representation of all sections of Arlington Heights, both older and newer resident groups and local business and commuting elements.

From the northeast section, the nominee is John F. Hoover, 626 E. Clarendon st., attorney-at-law and member of the executive board of the Arlington Greens Community Association. From the south side, James E. Millay, long-time Arlington Heights businessman will be the party candidate. From the northwest, Frederick A. Weber, 1001 N. Princeton ave., attorney for the Brunswick-Balke-Collender Co. of Chicago and now serving as a member of the zoning board of appeals of the village, will run. Candidate for the two-year term on the board will be Forrest F. Davis, 827 N. Chestnut ave., for many years local village clerk.

At the conclusion of the organization meeting, petitions in behalf of the candidates were prepared and are now being circulated to obtain required signatures for listing the party slate on the ballot.

Open PTA 'Winter Revue' Dress Rehearsal to Public

'Goin' Modern' At St. Peter School This Weekend

"Goin' Modern" is the name of the 3-act comedy which will be presented by St. Peter Walther League this Saturday and Sunday at 8 p.m. in the St. Peter auditorium, Arlington Height.

Behind-the-scenes committees are: tickets—Myra Clausing, Christel Lux, Robert Johnson, Evelyn Blume; prompting—Carolyn Schuler, Ilene Hoppe, Pat Weinrich; publicity—Beverly Fink, Audrey Gronert, Virginia Ruhnow; porgrams—Anita Beyer, Carol Huber, Rose Marie Meyer, Lodiegard Reinke, Gloria Stephan; staging—John Loock, Philip Lambdin, Roger Engelking, Donald Drewes, Melvin Meyer.

Chocolate Sale Aids Music Department

Students of Arlington Heights high school vocal and instrumental departments are now canvassing homes in the entire district selling bars of "World's Finest Chocolate" to raise money to purchase hi-fidelity equipment for the school.

They will be selling the candy during the next month. The large almond filled, milk chocolate bars are selling for 50 cents each.

Directors Bob and Kay Hawley are deep in rehearsal for the forthcoming Arlington Heights PTA all-member talent show, "Winter Revue," which will be presented Friday, at the Junior high school, at 8:15 p.m.

Since there has been a complete sell out of tickets for the Friday performance, tickets are being sold for the dress rehearsal tonight, Thursday, which also begins at 8:15 o'clock, in order to handle the overflow crowd.

Moms, pops and teachers have been limbering up their knees and relaxing their vocal chords for such acts as the can-can, and barber shop harmony; for soft-shoe rhythms and nostalgic torch vocalizing; for original skits bursting with clever repartee, and humorous monologues. All of this is to be topped off by a real Dixie-land band (George Fanelli and his orchestra) and the wonder of a skilled magician.

This initial all PTA talent show has been an ambitious undertaking, but according to the PTA Forward and a report from the enthusiastic performers, a lot of fun too. And if key hole scrutiny of rehearsals is a true sample of this hilarious show, both evenings hold much in the way of choice entertainment.

Credits: Mr. and Mrs. Robert Hawley, directors, Bob will M. C., and his wife, Kay, wrote the script; Mrs. William Ball, ways and means chairman; Robert Skamfer, ticket chairman; Mrs. G. E. Staahl, publicity and posters; Mr. and Mrs. Robert Skallerup, hospitality; Mrs. Robert Skamfer, choreography; Mrs. S. Paddock Jr., costumes; Mr. and Mrs. Robert Phillips, refreshments; Mrs. Dennis Malcolmson, production manager.

League of Women Voters

Mrs. Gerald M. Chapman of 903 N. Kaspar will be the hostess this evening to the Arlington Heights' evening unit of the League of Women Voters. The meeting starts at 8 p.m. The discussion topic for the evening is judicial reform. Discussion leader is Mrs. Stephen Jurco, and resources, Mrs. Don Shaw. This unit meets every third Thursday of the month and any interested person is welcome.

Newcomers

Mr. and Mrs. John Crise and daughter, Susan, moved to 1022 N. Princeton in December. Mr. Crise works for AllState Insurance company and was transferred from the Birmingham, Mich., territory.

Mr. and Mrs. Vernon Jensen are new at 935 N. Kaspar. The Jensens have three children, Laura Lynne, 6, James Robert, 3, and Jeffery almost 2 years old. The Jensens lived in Milwaukee before moving to Arlington Heights. Mr. Jensen is a model railroad enthusiast and is working on the organization committee of the new model railroad club being formed for the surrounding area.

Moving

The Melvin Laseke family of 1003 N. Patton are moving this week. Their friends will be happy to know the distance to their new home is a short one. We wish them lots of happiness in their new neighborhood, Arlington Greens.

Sick List

The Doyle children are having the chicken pox. It is quite common right now and many children have had it or are just getting over it.

The flu is the complaint in the Helfers family. Mrs. Helfers and Bonnie are suffering from it.

Return from Trip

The D. K. Williams family of 932 N. Fernandez st. just returned from a visit with their families. Mr. Williams' parents live in Providence, R. I., and Mrs. Williams' parents live in Westport, Mass. Their three daughters enjoyed spending some time with their grandparents.

Brownie News

Troop 328 had a Valentine party yesterday. High point of the party was the cookies and cupcakes the girls made after school Monday.

Troop 269 had a spur-of-the-moment party Tuesday. The troop has been so busy with handicrafts there hasn't been time to plan a party.

Troop 327 enjoyed sharing Valentines and making some for their mothers and fathers.

Injured in Fall

On the way home for lunch Monday, Susan Doubek fell and broke her elbow. The break was a clean one but her arm will be in a cast 4 or 5 weeks. It was Susan's left arm, so she will be able to continue her school work.

Visits Sister Here

Miss Louise Blodgett's sister, Beatrice, was here for a long weekend. Miss Beatrice Blodgett is a teacher of Latin in the Northorp Collegiate school for girls in Minnesota.

Saturday, February 5, Mr. and Mrs. Jacob Herr, 901 N. Douglas, had their chameleons club for a skating and tobogganing party at Deer Grove. They later served refreshments at their home.

Last week Mr. and Mrs. Herr and Mr. and Mrs. Raymond Herr, 845 N. Hickory, went to the Blue Moon in Elgin to hear Frankie Vankovic, who is famous for his polka music.

Mr. Ralph Elwar, of 1013 N. Douglas is now the assistant scout master for troop 66 from St. James school.

Blue and Gold Banquet

February 10 was the 17th anniversary of Arlington Heights cub scout pack 232, and the Scouts had a "blue and gold banquet" at Faith Lutheran church. Al Gammenthaler's den was represented 100%. There are 8 cub scouts in den 8, and all were at the banquet with their fathers. The boys enjoyed the food and the magician.

St. James Mothers club held a Valentine luncheon at the field house Monday. Ida Cole, Winnie Irman, Maxine Elwart, Maude Sokolski and Shirley Sitarz attended.

Bridge Club

Mrs. Rosell Huntley, formerly from Beverley ave., served as hostess for her bridge club. Present were Mesdames Pat Bomberger, Dot Hull, Marian Davis, Betty Timson, Jackie Houdek, Winnie Irman, Ida Cole and Eleanor Jenson.

Jeanne Yowell of 922 N. Hickory ave. was hostess to her pinochle club Monday evening. Ruth Menifee, Esther Gamenthaler, Dorothy Smith, Maxine Elwart and Ciel Pruyn played.

Eastwood Events

Meeting Held

Last Tuesday evening the Eastwood Community association met in the field house for its regular monthly meeting. After business matters were discussed, Norm Hoym gave a report on the Dutch elm disease. Hostesses for the evening were Dorothy House and Vera Mell.

Karen Kasper observed her fifth birthday February 11 with a luncheon party for her playmates and their mothers. The little girls who helped Karen celebrate were Lynn Larson, Jo Rogers, Pam Fruehling, Carol Cockrell, Mary Lee Barton, and Sandy Petrie. Suzie Rogers was unable to attend the party because of illness.

David Derus, son of Mr. and Mrs. Lloyd Derus of N. Douglas, entertained his friends, Jay Hall, Emmet Cole, Cott Tolstrom and Billy Hughes February 10 in honor of his fifth birthday.

Front row seats at the Village Theatre's presentation of "Cinderella" was the big treat the girls attending Ginger John's birthday party enjoyed. Although Ginger's birthday was on Valentine's day, Sunday seemed to be a little nicer day for the celebration. The party goers were Marilyn Born, Dawn Forge, Susan Perkins, Miriam Hearl, Debbie Klippert, Janice LaShaw, Pam Siler, Susan Merritt, Jan Carlson, Linda Jauch and Ginger's brother and sister, Jim and Carol. Lynn Radosti missed the party because of illness.

Blue and Gold Banquet

Thursday evening, February 10, was a big night for cub scouts in pack 232, as that was the date of their blue and gold banquet held at Faith Lutheran church. This was a stag affair, the cubs being accompanied by their fathers. Those from den 10 were King Klopfenstein and Kraig, Jim Rush and Billy, Stu Fitz-Patrick and Dennis, Ross Meredith and Jay, Arthur Kups and Richard, Steve Barker and Freddie. Representing den 7 were Russ Walters and Rusty. Greg Innman also attended the banquet with his dad. From den 7 were S. Carosella and Allan, Howard Baker and Howie, Bill McCosh and Gary, Milt Winquist and John, Foster Travis and Larry, Ken Dougan and Peter, Herm Raasch and Billy, and Bob Perschbacher, den dad, and son, Rex. Den 7 was especially happy at this affair because they won the pennant for the second month in a row.

Dale Nickelsen, son of Mr. and Mrs. Carl Nickelsen of N. Lincoln ln., designed and made a scale model display for the recent meeting of the Chicago Dental association at the Conrad Hilton hotel. Dale has made great strides in this line and will have one of his models at the State Science exhibit in April. He is a junior at Arlington high school.

Mary Lee Barton has been out of school this week with chickenpox.

Birthdays

Here are a few birthdays we would like to remember this week: Virginia Luke, February 16; Eunice Behm, February 18; and Jim Rogers, February 19.

Russ and Doris Walters, of N. Douglas are nursing sore and stiff muscles as a result of a skiing party they attended last Sunday at Wilmont, Wis. It was loads of fun, but very strenuous.

Don't forget to circle the night of June 18 on your calendar, the date of the Eastwood spring dance to be held at Itasca country club. Dancing will be to the music of Johnny Lest r's orchestra.

Schedule Meetings For Methodist Circles

February circle meetings of the Woman's Society of Christian service of Arlington Heights Methodist church will be as follows:

Fidelis circle, Mrs. Donald Plank, chairman, will meet at the home of Mrs. M. W. Whitelaw, 400 E. Park st., Tuesday, Feb. 22 at 1 p.m. Co-hostesses will be Mrs. J. F. Boehner and Mrs. R. J. Isselhardt.

Presbyterians To Hold Family Night Supper

A family night supper will be held in Fellowship hall of First Presbyterian church of Arlington Heights Monday evening at 6:30.

A program will be presented following the dinner in which two representatives of the World Affairs institute, Julius Gecau and Rev. Philip O. Evaul, will discuss the Christian mission in our day.

Mr. Gecau, a citizen of Kenya in East Africa, was reared in the Anglican church, Kenya, and received his college education in India. He came to the United States in 1953 as an "ecumenical ambassador" and has been in demand as a lecturer. He is now studying economics at the university of Chicago in preparation for Christian work in his native country.

Rev. Evaul has recently returned from Presbyterian missionary service in Chile, where he served as director of the Valparaiso Bible training school. He has had extensive experience in youth activities and plans to return to Latin America later this year.

Reservations for the dinner can be made through circle unit leaders, or by calling Mrs. Benjamin S. Benson Jr., Clearbrook 3-1730, by noon, Friday, Feb. 18.

I'VE HAD ENOUGH! I'M GETTING A Gas INCINERATOR!

IT BURNS GARBAGE AND TRASH INDOORS...

FOR JUST PENNIES A DAY!

I'm through with the nuisance of a frozen garbage can—and a trash burner covered with snow! Through with the nuisance of stray dogs overturning the garbage can . . . fond who had the messy job of picking it up? *Me!*) Never again will I have to worry about garbage odors attracting rodents and insects!

Yes! From now on, I'll dispose of *all* our burnable rubbish indoors the *easy—practical—sanitary* way! Just wrap it—drop it in the GAS Incinerator—and forget it! It burns anything burnable—even meat bones—*completely*—down to a fine, powdery ash. (And incidentally, that ash is a marvelous soil and plant food!)

My *husband* is all in favor of getting a GAS Incinerator, too. Especially since he asked some of our neighbors how they like *theirs*. He found they're inexpensive, cost just pennies a day to operate, and actually *pay for themselves!* When you have a GAS Incinerator, you don't need expensive Scavenger Service!

LET A **GAS INCINERATOR** MAKE SHORT WORK OF YOUR GARBAGE AND TRASH, TOO!

- *Choose from a variety of compact models. There's one for every size family—every budget.*
- *Most models need no more room than a medium-sized TV set.*
- *Can be installed in Basement, Garage or Utility Room, wherever a stack or flue is available.*
- *Low Down Payment* • *Terms as low as* $1.39 *a week.*

Stop in at your dealer's or our nearest store and choose your GAS Incinerator!

ARLINGTON HEIGHTS PHARMACY Monthly News

A message from George Harris, 'Your Pharmacist'

CONTRARY TO THE GENERAL BELIEF, the prescriptions that you think are the easiest to compound, the kind we "Just take out of a bottle," are often difficult to fill.

THERE ARE ONLY 26 LETTERS IN THE ALPHABET, and we have literally thousands of prescription drugs and preparations. Digitalis, Digitoxin, Digitora, Digalen, etc., are just a few of many drugs beginning with Dig.

OFTEN MANY DRUGS have names so similar to others, that we have to contact your Physician to make certain that we are reading the name correctly, because dispensing an error is unthinkable.

SO IF WE READ YOUR PRESCRIPTIONS very slowly at times, or do not make delivery with our usual promptness, be patient with us please. We are just being very careful, because we want to compound your prescriptions exactly as your Physician specifies.

Cub Scout Blue And Gold Banquet Feb. 24

Pack 255 of the Arlington Heights Cub Scouts will celebrate, along with 29,000 other Cub Scouts, the annual blue and gold banquet, February 24.

This banquet is an anniversary as well as a reminder to continue Cub Scouting for boys in the community, to reaffirm beliefs in scouting in general and promote active, interesting and educational programs. This banquet, as always, follows at the end of the anniversary of the Boy Scouts of America, which is celebrating its 45th year.

A short program has been arranged for the evening consisting of a short talk by Ray Woodruff, district Boy Scout commisisoner, presentation of Cub Scout awards, and a magician act. It will be held at St. Peter Lutheran school and dinner will be served at 6:45 p. m.

Natalie Glover Is Awarded Scholarship

A $150 scholarship award to study teacher training has been awarded to Miss Natalie Glover, 713 N. Hickory st., Arlington Heights, by 7th district Illinois Federation of Women's clubs. Miss Glover was highly recommended for the award by her school advisor at Arlington Heights township high school, by members of Mount Prospect and Arlington Heights womens' clubs, as well as by Mrs. Milton Haase, Arlington Heights, a member of the scholarship committee for the 7th district.

The district will cooperate with the state meeting arranged with General Federation home and conservation chairmen February 21 in the lecture room at Chicago Natural History museum. The morning session at 10 o'clock will have conservation as the topic. At 1:30 p.m., the afternoon session will convene. Luncheon may be purchased in the museum cafeteria.

Correction

The Citizens Lay Advisory committee to study the Arlington Heights high school expansion problem is anxious to correct an error which appeared in its report mailed last week to all residents of the district.

In recommendation "3" on page 3 of that report, "1956" should read "1955," referring to the holding of a second referendum this coming fall to authorize the construction of a second high school building on Foundry rd., north of Mount Prospect.

The new wings, being voted Saturday, February 26, and to be opened in the fall of 1956, are planned to care for the expansion of enrollment through the school year 1956-57 only. With additional facilities needed for the fall of 1957, the committee recommended that a second building be authorized in time for completion by that date.

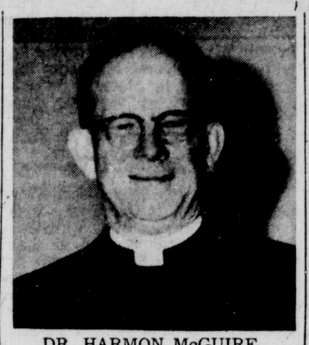
Dr. McGuire To Be Guest Speaker At Lutheran Organization Service Sunday

At a festive service of organization Sunday at 10:45 a.m. the United Lutheran Mission church of Arlington Heights will be formally declared organized as the newest member congregation of the Illinois Synod. Dr. Harmon McGuire, president of the Illinois Synod of the United Lutheran church in America, will be guest of honor at the service and will deliver the sermon.

The Rev. George H. Hoog, organizing pastor of the church, will conduct the service and will read the charter roll of members. Although organization day follows the date of the first service held by the mission by only 3 months, over 90 adults have signified their intention of becoming charter members, and the charter list will be closed Saturday noon.

The Sunday school will also celebrate organization Sunday with a special program at 9:30 a.m. at which Dr. McGuire will speak to the young people. A charter roll of the Sunday school students is also being compiled, and will be read at their service.

At 6 p.m. Sunday, the congregation will informally celebrate its birthday with a buffet supper to be held in South school. Mr. and Mrs. Ben Carns, Mr. and Mrs. John Pfingsten, and Mr. and Mrs. Donald Petelle are in charge of plans for the supper and are accepting reservations. Dr. Armin George Weng, president of the Chicago Theological seminary at Maywood, the Rev. Erwin A. Wendt, president of the Chicago conference of the Illinois synod and pastor of Trinity United Lutheran church of Des Plaines, Dr. and Mrs. McGuire and other church and civic leaders have been invited to attend as guests of honor. Any interested persons in the community are also cordially invited



DR. HARMON McGUIRE

to attend the dinner meeting, and may secure further information by calling CL 3-1716.

The formal organization of a United Lutheran congregation in Arlington Heights fulfills a need that has been felt for several years as families moving into the area found no congregation of that denomination in existence from Des Plaines to Elgin. With the calling of the Rev. Mr. Hoog, then pastor of the Mizpah Lutheran church in St. Louis, as mission developer for the Illinois Synod, Northern Illinois and Chicago conferences, a pastor was available to begin work in Arlington Heights.

October 27, 1954 pastor Hoog, began calling on the United Lutheran families in the community. As a result of this preliminary calling a "planning committee" of the first interested families was called together, and November 11 a meeting was held to make the first plans for the new church.

Dryden school was secured as a meeting place and the first service was held November 21 with a congregation of 72 persons.

With the addition of a regular Sunday school schedule December 5 and the formation of a senior choir which sang for the first time December 19, the congregation began to plan for the day of formal organization. Pastor Hoog inaugurated a series of adult classes in preparation for church membership and "parish nights" were organized on which calls were made by members of the congregation on new families in the area.

At a congregational meeting February 9, the new constitution of the church was adopted. A constitution committee composed of Roy Anderson, chairman, Ben Carns and Don Petele had prepared the constitution for the vote of the congregation. The report of the budget committee, Vern Heim, chairman, Edgar Neas, G. Werner Fritsch and John Hines, was also heard and accepted. Nine council members were elected to carry on the business of the church for 1 and 2 year terms and will meet to elect officers in the near future.

First administration of the sacrament of holy communion will be observed by the new church at services Ash Wednesday at 8 p. m. with pastor Hoog officiating. At this time the newly elected councilmen will be installed. Lenten mid-week services will be conducted each Wednesday evening until holy week.

Lay Committee Spent Many Hours On Report

More than 60 men and women of the Arlington Heights Township High School District went "back to school" during the past nine months.

Their "classes" met regularly and often, and lasted — at times — into the wee small hours.

Their "homework" load was heavy.

The "students" were the members of the Citizens Lay Advisory Committee and the Board of Education.

Their assignment — to study ballooning enrollment and find a way to expand the high school system to ensure a good, sound education for the community's teen-age youth.

The task — committee and board members agree — was no simple civic gesture. It was long, hard work.

The committee's terse recommendations, and the board's incorporation of those findings into the proposed high school expansion program now before the people, cannot fully reflect the amount of work and thought that went into the study.

Notebooks of committee and board members give a clearer picture of the exhaustive, time-consuming project:

1. The notebooks contain up to 325 pages of committee minues, subcommittee reports, enrollment charts, financial tables and personal notes.

2. The average notebook contains at least 110,000 words of reading matter — enough to keep an average person occupied for many hours at one sitting.

3. The group spent an estimated 1,260 man-hours in 14 meetings of the full committee which lasted an average of 2 hours and 15 minutes each.

4. Eleven subcommittes held a total of more than 50 meetings which averaged 2 hours and 30 minutes each and were attended by from four to a dozen persons.

5. Committee members made inspection trips to more than a dozen nearby high schools and interviewed administrators or board members.

6. They checked dozen of realtors and builders and studied building permit records.

7. They gathered data from all public and parochial elementary schools in the high school district.

8. They consulted with more than a half-dozen architects.

9. They wrote scores of letters to national, state and county education authorities seeking specific information.

10. They spent many hours conferring with the high school administrator, members of his staff and educational consultants from Northwestern University.

11. Members of the board, in addition to keeping abreast of the Citizens Committee's studies, continued the week-to-week duties of overseeing high school operations.

The Citizens Lay Advisory Committee was, in effect, a cross-section of the community. Its membership was drawn from every geographical area within the district. Public and parochial school groups were represented. Civic organizations from each village sent delegates.

The committee brought together persons from many occupations and professions. Its recommendation reflected the thinking of — to name only part of the occupations — bankers, real estate agents, minister, fire chief, iron foundry manager, auto dealer, news editor, farmers, attorneys, building contractor, high school teacher, engineering department head, director of chemical research, commercial artist, habberdasher, insurance company department manager, investment broker, advertising man and housewives.

Its members brought to the school study project the benefit of service with elementary school boards, PTAs, school mothers clubs, church schools, village boards, plan commissions, property owners groups, veterans organizations, youth organizations, professional and service clubs, the Home Bureau, Farm Bureau, Red Cross, Community Chest and many other community and civic enterprises.

'Y' Dance to Aid Teen Agers in Foreign Lands

One-hundred-seventy-five teen agers of Mount Prospect, Des Plaines and Arlington Heights are working together to raise money for the purpose of helping to subsidize youth programs in foreign countries. These teen age youngsters, all members of the YMCA are sponsoring a dance, Cardinal-Demon Swing, the proceeds of which will be given to the YMCA World Service program.

* * *

THE YMCA feels that this effort is significant for here is a demonstration of one of the many constructive activities of our future leaders. Too often the mis-conduct of the minority is used to generalize in condemning a group of wholesome youngsters who can shoulder responsibility and be a credit to our society.

Five YMCA organizations, Maine Township Tri-Hi-Y. Des Plaines "Y" Teen Club, Arlington Heights Hi-Y, Terrace Teens, and the Arlington Heights Tri-Hi-Y, are sharing in this combined effort. It is an indication that students of rival towns and schools can co-operate in bringing about a credit to themselves and their communities.

The dance is to be held February 25 at the Arlington Heights park field house. Stocktons Combo of Des Plaines will furnish the music, Jim Lounsbury, a noted disc ojckey is to be the guest of honor. Tickets are .75c per person or $1.25 per couple, and can be secured either at the YMCA office, 1488 Miner st., Des Plaines or from members of the five club groups. (ACM

Set Dates For Annual Women's Education Days

Women's Education Days at Arlington Heights high school have been tentatively set for the week of March 14 through 18.

Details of the program have not been worked out, but the plan will be similar to that of last year's program. Women of the high school district are all invited to spend one or more days at the high school attending classes and school activities, in order that they may know their school and its problems better.

Arlington Debaters Win Top Awards In Lincoln Tourney

Arlington High debaters won the lion's share of honors at the 15th Annual Lincoln Day Debate Tournament held at Blue Island Saturday.

The Cardinal orators took first place trophies in the varsity and frosh-soph divisions, a second place trophy in the sub-varsity division, and three medals for outstanding speaking. Each team won six debates while losing two, totaling 18 wins and six losses which was better than any of the 13 other schools entered in the tourney.

The varsity affirmative of Pete Swanson and Bern Schnyder defeated Niles, LaGrange, and Blue Island before bowing to West Rockford. The negative team of Natalie Glover and Pete Holloway lost to Thornton-Fractional and then took Downers Grove, New Trier, and Thornton-Harvey.

* * *

PETE HOLLOWAY and Bern Schnyder, each rated as best speaker in three of their four debates, tied for second individual honors in the varsity division.

Fred Smith and Joe Zikmond, debating sub-varsity negative, beat Petersburg, lost to Niles, and then downed Downers Grove and Bremen. Judy Lee Meyer and Janet Davenport, affirmative, beat LaGrange, lost to New Trier, and ended by taking East Aurora and Thornton-Harvey. Joe Zikmond, also taking three first speaker ratings, won second individual honors in the sub-varsity division.

Arlington's frosh-soph negative of Erika Streuer and Bob Seigel went undefeated, winning over La Grange, Thornton-Harvey, Niles, and Downers Grove. Eldon Krider and John Peterson, affirmative, beat New Trier and Niles, but lost to Downers Grove and Thornton-Harvey.

The trophies, gold statuettes of President Lincoln, will be presented to the school at an early assembly.

Low Salaries and Poor State Aid Crippling School System

by CHUCK HAYER

"Somebody goofed."

That's how a junior high pupil recently described the school crisis to an eighth grade civics class.

While educators might choose loftier terms to describe the school dilemma, the fact remains that in Cook county today:

—more and more children face the imminent possibility of attending school in rented store fronts, made-over garages, church basements, or converted barracks;

—more and more schools are being forced into half-day or double sessions because of the lack of classrooms and teachers;

—the shortage of qualified teachers has become so acute in the suburbs that more that 800 provisional certificates were issued last year to help staff the schools.

—school enrollment in the suburbs is 129, 354 at the elementary level, or nearly twice as many pupils as 1944;

—since 1950 alone, suburban enrollment has jumped 43 per cent.

Surely, somebody "goofed."

Currently, the teacher shortage shares honors with school housing for number one problem of county schools.

David J. Heffernan, first assistant county superintendent of schools, told Paddock Publications this week that in the past suburbs have "robbed" teachers from poorer districts with the lure of higher pay.

But the county's starting pay of $3200 can no longer compete with Chicago itself as well as some neighboring cities and states.

Hundreds of men and women are being turned away from teaching because of low-pay and the poor prestige it offers.

"We have become so materialistic that we've lost sight of basic values in life," added Heffernan.

He listed two other reasons for the teacher shortage:

1—Parents steer children away from education because it lacks "prestige" and is often rated one step above "kitchen help." Many persons think all teachers are underpaid and overworked, which, unfortunately, is often true.

2—Schools are competing for the teachers with glamor industries which attract women and with general business for men anxious to support families.

"We are losing both battles," said Heffernan.

He said this shortage could be combated in three ways:

1—Improve salaries;

2—Improve working conditions, tenure and pension benefits;

3—Promote the cause of education through career days and future teacher courses to interest youngsters in teaching.

The school official admitted that salary and benefit relief for teachers would have to come through increased state aid to schools since suburban districts are already at the limits of their taxing power.

Describes New Method To Place All Real Estate On Tax Rolls

A method to have all real estate placed on the tax rolls at the correct assessed valuation was described to school officials at the Arlington area school board association last week.

Wm. F. Gurrie of LaGrange told of his experiences in conducting surveys for ten school districts which have resulted in greatly increased assessed valuations.

The boards of education of the high school and the underlying grade schools are now considering such a program for this area.

The county assessor's valuations are filled in on maps showing all parcels of land. Then a physical survey is conducted and notations made where properties need reassessment. These recommendations are in turn passed on to the assessor's office.

Gurrie recited examples of homes 10 to 15 years old on property still assessed as vacant. In other cases, single parcels of property were valued far below the surrounding parcels. No names are used in the survey, all property being listed only by legal description.

Win Key Awards In Scholastic Art Contest

Key awards were won by five Arlington Heights high school art entries in the Scholastic Art contest. Judging was completed last weekend.

Local winners were Ray Sieman, a black ceramic gorilla; Judy Ahmer, lettering; Bob Lenz, two awards, one for charcoal figure drawing and the other a figure in watercolors; and Marlene Martin, circus painting done in batik method.

Honoarable mentions were awarded to 15 Arlington Heights entries.

Dianne Iverson, Dave Bower and Phillip Bakula submitted scholarship portfolios which will be judged in the national competition at Pittsburgh.

Entries submitted in the Lake Shore area will be on exhibit at Wieboldt's Evanston store from February 19 through March 5.

After the exhibition winners of key awards will be sent to Pittsburgh for judging in the national high school competition.

10 More Report For Duty With Army

Ten more area men were ordered to report for induction February 11 by Local Board 101, selective service system, Des Plaines.

Seven of the men were from Arlington Heights, or former residents of the village. They are: Henri Albert Bouffard, Bernard Kee Brock, Robert John Shanley, Lorenz John Schwager, Richard William Hartin, Richard Edward Amann and Arnold Otto Goeddeke, now of Roselle.

Others called were Etham Gordon Foss, Bensenville; Orval Arthur Volkening, Elgin, and Jon Robert Gibson, Tower Lake.

Food Store Managers Cited For Citizenship

Local winners of good citizenship awards given by national association of food chains included John E. Carroll of Park Ridge, manager of Jewel food store in Mount Prospect; Kenneth L. Hill of Palatine, manager of Jewel food store in Palatine; Ferdinand C. Blohm of Arlington Heights, manager of Jewel food store in Barrington; and Frank Hoskinson of Bensenville, manager of National food store in Bensenville.

KENNETH HILL, was born in Chicago and attended high school there. He is married and the father of a 13 year old daughter who is a Girl Scout, and through her, Ken shows an interest in this organization. A member of the chamber of commerce in Palatine, he is also active at voting time and during the fund raising campaigns for the Community Chest, March of Dimes, Red Cross and the like.

He is an active campaigner as well as a generous contributor. His interest in community activities is shared with his wife, who is also a member of the Parent Teacher Association as well as an instructor for the Girl Scouts.

Modestly summing his activities, Ken feels that it is regular and continual attention to problems that keeps a community growing progressively better with each successive year.

A friendly, familiar figure to customers of his store, John Carroll takes an active part in community affairs. Born and educated in Chicago, Mr. Carroll is married and the father of two children, a boy, 10, and a girl, 14. He is a member of the Park Ridge chamber of commerce and is on the activities committee of this organization.

He belongs to the dad's club of the PTA and is an active member of the St. Paul of the Cross church in Park Ridge. He is interested in the boy scouts and the cub scouts and has often done fund raising work for these organizations. His interest extends to his wife, an active citizen who serves at the polls during election time.

During Community Chest drives, the March of Dimes and other such fund raising campaigns, John is not only a contributor but an active supporter. He modestly, "hopes to do the best by my community so that it can continue to grow both now and with each successive year."

Faith Church To Observe Eighth Anniversary

Faith Lutheran church, Arlington Heights, will celebrate the eighth anniversary of its founding in special services next Sunday at 10:45 a.m.

The congregation was organized in February, 1947 under the sponsorship of the English District by a group of members of St. Peter church and other Lutherans in the community to provide the rapidly growing south side of town with suitable church services and facilities. Sunday school and worship services were held in the Arlington Heights field house until the church on S. State rd. was erected and dedicated September 25, 1949. The congregation today numbers 1200 persons, with 600 communicant members.

Growth of the Sunday school, which numbered about 40 when the pastor, Rev. Edgar H. Behrens, was installed in September of 1947, has been steady with additions to the roll every month. Today the total enrollment of the school and nursery department stands at 621, which includes 64 teachers and officers. A feature of the celebration of the anniversary in the Sunday school will be the taking of pictures of the various departments. The Sunday school session begins at 9:30. Henry J. Schroeder is the general superintendent and Rudy Kaspar assistant superintendent. Mrs. Richard Wilke is in charge of the cradle roll, which numbers 142. Mrs. William Keiser and Mrs. Paul Michaels preside over the primary and beginner departments.

DURING the past year Faith church completed and dedicated its new parsonage on S. Pine ave. in Scarsdale. It is of early American design and was built under the personal direction of the architect, Walter Kroeber, who also planned the church. The home for the pastor has eight rooms, with two and half baths. The Lannonstone building represents a value of about $40,000. Another step in its program of progress was the purchase of the lots at the corner of Pine ave. and Park st.

Members, friends, and neighbors are invited to the Jubilee services Sunday, in which the congregation will give all honor and glory to the Lord. The vested chancel choir will render special anthems under the direction of Donald Busarow of Concordia college, River Forest. Rev. Behrens will conclude his series of pre-Lenten sermons based on the high-priestly prayer of Christ, St. John 17.

Officers of Faith church who will participate in the festivities are: trustees—Walter W. Meyer, Edwin Meyer, Frank Leth; Elders—Richard Niemeyer, Louis Fischer, Herbert Kirchhoff, Arthur Blaschke, Walter Hornbostel, Richard Tanney; Sunday School Superintendent—Henry J. Schroeder; assistant superintendent — Rudy Kaspar; chairman—Paul Michaels Jr.; vice chairman—Ross Meredith; financial secretary—Alex Junkunc Jr.; treasurer—Arthur W. Meyer; secretary—John Schroeder.

Spahn The Workhorse Of National League

While Robin Roberts of the Phillies is regarded as the pitching workhorse of the National league, says The Sporting News, Warren Spahn of the Braves is no slouch in that department. Roberts led the National in innings piched for the fourth straight year in 1954. But Spahn chalked up his eighth straight year as the hardest-working lefthander. Ever since 1947, Spahn has pitched more innings per season than any National league lefty.

Bible's Birth, Life Depicted In Film At Methodist Church

A film, "Our Bible—How It Came To Us," will be presented by the Kupples Klub of the First Methodist church, Arlington Heights, at the first lenten service at 7:30 p.m., February 23 in the church sanctuary.

The public is invited to this service and a free will offering will be taken.

The film traces the history and development of the Bible from the first century A.D. to the present. Nearly eight years went into the preparation of the script, which has been revised and checked against research and scholarship. Highlights of the film are significant events in the Bible's history, translations and the invention of printing and publishing of the Gutenberg Bible.

Newcomers' Club To Play Cards Tonight

Newcomers' club of Arlington Heights will hold its regular monthly meeting tonight, Thursday at 8:15 at the field house. All newcomers to the area are welcome.

Following a short business meeting, the evening will be spent playing cards. There will be tables of bridge, pinochle and canasta. Hostesses, Mrs. John Hermes and Mrs. H. B. Rasmussen will be in charge of refreshments. Anyone wishing information about joining the group may call Mrs. Walter Johnson, membership chairman, at CLearbrook 3-8025.

Members of the executive board of the club met February 3 at the home of Mrs. H. B. Rasmussen, 202 Windsor drive, to discuss plans for meetings during the remainder of the year.

Workshop Chairman

Alfred H. Snap, reading coordinator at Arlington Heights high school, served as a workshop chairman during the Science Research Associates second annual invitational conference at the Sheraton hotel, Chicago, Feb. 8.

The topic of this workshop was "How Can You Motivate Students to Read Better, To Do More Reading," Methods in use in various schools were discussed, as well as proposals by a number of reading specialists.

The conference featured workshops reading improvement, and vocational planning and discussions of emerging problems of secondary schools

St. Peter Mothers Club Lists March Plans

St. Peter Mothers' club, Arlington Heights, held its regular monthly meeting las. Friday evening at 8 p.m. in the Activities building. At that time it was announced that Pastor A. R. Kretzman will give an illustrated lecture at the March meeting. The lecture will explain the slides taken on his trip to the holy land and should be very interesting. It will be an open meeting, and everyone is invited.

The ways and means committee also announced that the annual bake sale will be held in March and the rummage sale in April or May. Members are urgently asked to save all rummage for the sale. The committee is also handling a new line of very smart all-purpose greeting cards.

Lester Rush gave a talk on "The Overall Picture of Physical Education in Our School." The remainder of the evening was spent in celebrating the club's 14th birthday. Games were played, and all members and their husbands joined in. Refreshments were served.

Vesper Prayer Services

Beginning with Ash Wednesday, February 23, there will be a series of lenten vesper prayer services at First Presbyterian church of Arlington Heights each Wednesday from 8 to 8:30 p.m.

Everyone in the community is invited to attend.

Local 'Y' Mothers Form Club to Aid Program

An enthused group of Mothers met February 9, at the YMCA office in Des Plaines for the purpose of forming a "Y" Mothers club. The basic objective of the group is to be of service to both the YMCA and the community.

Officers of the Logan Square "Y" Mothers club in Chicago presided at this first meeting, and did an excellent job of offering suggestions that will be helpful in organizing and planning future affairs.

* * *

IN THE FUTURE the "Y" Mothers club will meet the second Wednesday of each month at 7:30 p.m. in the YMCA office, 1488 Miner st., Des Plaines.

Mrs. Eleanor Hanson of 1092 Sixth ave., Des Plaines, will serve as temporary chairman in giving leadership to the group. Other mothers attending this first meeting were: Mrs. Edwin Poyer, Mrs. Irving Grotefend of Arlington Heights, Mrs. Marion Kuhrt, Mrs. Carl Pedersen, Mrs. Jane Farmer of Mount Prospect, Mrs. Ruth Miller, Mrs. Sybil Stanowicki, Mrs. Roger Mitzner, Mrs. Geraldine McGuinness, Mrs. Polly Burkman, Mrs. Jane Wheelock, Mrs. Helen Deese, Mrs. R. C. Anderson and Mrs. Jeannette Carlson.

Mrs. Anderson and Mrs. Carlson served at the meeting.

All mothers of YMCA children and other interested women are invited to attend the meetings of the group. Further information can be secured at the YMCA office in Des Plaines, 1488 Miner st., VA. 4-4156. (ACM

Will We Get Our Wings?

Two wings are desperately needed — but not the flying kind. These are the wings that must be added to Arlington Heights township high school to accommodate the expected enrollment of well over 2500 students in 1956. Since the present capacity of the high school is only 1500, and the next fall's enrollment will exceed that figure by almost a third, double sessions will have to be held for the 1955-56 school year. If the present high rating given Arlington's high school is to be maintained, it is imperative that double sessions continue no longer than one year.

In order to finance this expansion voters will be asked Saturday, Feb. 26, to increase the educational fund levy from 75 cents per hundred dollars assessed valuation to 96 cents; and to raise the building fund levy from 10 to 18 ¾ cents. It is apparent that the addition of these wings will take care of only the most immediate pressing needs, and that further planning must be undertaken at once toward the erection of a new building on the Foundry rd. site.

Voters are urged to read carefully the report of the citizens' lay advisory committee, sent out to all residents last week. Composed of men and women from school, church and civic organizations, this committee has worked intensively for the past 9 months, appraising the educational needs, and formulating recommendations which are set forth in their report. Whether their first and most urgent recommendation will be carried out will be answered at the polls February 26. Be sure your vote is cast.

Final Rehearsal Tonight

Final dress rehearsal will be held tonight for the "Winter Revue," the all-adult talent and variety show to be presented tomorrow at 8:15 p.m. in the junior high gymnasium. Room mothers report that tickets have been going fast in February, and a capacity crowd is expected. Mrs. William Ball, ways and means chairman, wishes ticket-holders to know that if they are unable to attend the performance tomorrow night, their tickets will be honored tonight at the dress rehearsal, which begins at 8 p.m. The popcorn, candy and soft drink concessions will be in operation both nights, and anyone who has failed to purchase a ticket may obtain one at the door for either performance.

Council to Meet in Palatine

Northwest Suburban council will meet next Thursday, at Northwest Suburbs Bible church, 312 E. Wood st., Palatine.

The morning session will take up the problem of school financing, with Dr. J. E. Clettenberg, director of extension at Northern Illinois State Teachers' college, as the principal speaker. The afternoon session will hear Mrs. Fred Lunsmann, exceptional child chairman of the Arlington Heights PTA, discuss the problems of handicapped children. Lieut. Daniel Dreiske, juvenile protection officer of Evanston, will speak on "Juvenile Protection is Your Problem."

The meeting will begin at 9:15 a.m., and is expected to adjourn about 2:30 p.m. Palatine PTA Women's chorus will provide entertainment.

Book Fair Scheduled

March 19 has been selected as the date for the annual PTA book fair. Mrs. Melvin Born is chairman of this event.

With The Blue Birds

Arlington Heights blue bird groups held a joint Valentine party Monday. The Honey Bears group, acting as hostesses, welcomed the Helping Pixies blue birds to their group meeting. A Valentine box, songs and games were focal points of the get-together with much attention given to the reading of a Valentine story. Red and white Valentine decorations completed the theme of the party. Treats of heart-shaped cupcakes were served by Janet Nicol, Carol and Merry Lee Auer.

Another combined social will take place when both blue bird groups will meet at Arlington roller rink February 21 for the Mount Prospect-Arlington blue bird roller skating party. Tickets can be obtained from blue bird leaders or may be purchased at the door. Blue birds and their friends are invited to attend.

Pack 67 Blue And Gold Banquet

Tomorrow, Friday, Pack 67, Arlington Heights, sponsored by the Arlington Heights PTA, and under the competent leadership of Cubmaster John D. Latta, will hold one of its big highlights of the year, the Cub Scout Blue and Gold Banquet. This banquet, for "the men in the house," will be held in the sub-floor of the Lutheran activities building. Cubs and their dads should be at the activities building by 6:30 p.m.

The program will open with the traditional presentation of the colors by Den 10, led by Den dad Ray Woodruff. Rev. Birger Dahl will give the invocation and dinner will be served by the Lutheran's auxiliary of St. Peter church. Les Griffith will furnish the music and a surprise will be in store on the entertainment bill. Many awards, including Webelo, will be presented that night. District Field Executive Tom James will be on hand to give a short talk. Ending the ceremonies will be a surprise gift that might well be useful to the Cubs in later scouting years.

The following men have been elected to offices in Pack No. 67; chairman, Bill Hannum; cub master, Wade Gustason; assistant cub master, Paul Wollerman; secretary-treasurer, Harvey Thompson; advancement chairman, Len Garasha and round table chairman, John Auld. All those connected with Pack 67, certainly appreciate the fine work of John D. Latta.

From the Police Blotter . . .

Several more cases of vandalism were reported to Arlington Heights police this past week.

Sometime during the night of February 9 vandals shot out 20 windows in the ice skating shelter house at Recreation Park. It is believed it was done with air rifles and sling shots. Police are cooperating with park district officials to find the culprits, who will be prosecuted to the fullest extent of the law.

George Schneberger of Arlington Elevator told police vandals had entered the office sometime during the night of February 13 and did minor larceny and malicious damage.

Entrance was gained by forcing open a rear window. Missing were pen and pencils, and cigarettes. A pressure oil can was found near the front scales and oil had been squirted about the walls, floors and desk. Drawers were pulled open and the billing machine had been tampered with.

Exit was made through the warehouse and police are checking on footprints found in the snow along the tracks.

Someone stole a package, containing one quart of chartreuse paint, ½ pound of paste wax and light bulbs, out of Mrs. Charles Grines' auto parked at 11 W. Davis st., February 9.

Police rendered aid to George Turek of 205 N. Evergreen, who fell Saturday on the icy sidewalk at 17 N. Vail. He sustained a hip injury and was later taken to Sherman hospital, Elgin, in an ambulance.

Local police took a 21 month old baby and its mother to an Elgin hospital when the child suffered a severe asthma attack February 10.

Numerous accidents were investigated this week. No serious injuries were sustained but several of the involved cars were badly damaged.

Grand Opening Of New Palatine Nash Agency Set For February 17

A grand opening and open house for Palatine's new Nash agency will be held Thursday, Feb. 17 at Dan's Motor Sales, 504 S. Northwest hwy.

New Nash Ambassador and Statesman models will be on display.

Owners Dan Schmeichel and Herb Noftz will be on hand to distribute carnations to the ladies, soft drinks to children, and coffee and doughnuts to all.

The agency will now provide the Palatine area with complete sales and service facilities for the entire line of Nash automobiles.

Change Wauconda, Lake Zurich Phone Prefixes

Two new telephone names, GEneral and JAckson will make their initial appearance in Lake Zurich and Wauconda next Wednesday, at 2 p. m.

GEneral 8 will be prefixed to all numbers in Lake Zurich, while JAckson 6 will be added to all 4 figure numbers in Wauconda. Where 5 figure numbers are already in use in Wauconda, only the telephone name itself will be added.

No other number changes will be made according to Manager W. C. Lathen, of the Illinois Bell Telephone company.

Despite the introduction of the telephone names, the first two letters will not be dialed in making a local call in those two towns, Lathen emphasized. Users in each town will dial only the five figures of the telephone number to reach another subscriber in town.

Telephone users in Arlington Heights calling either Lake Zurich or Wauconda were asked by Lathen to remember that new telephone names will be effective next Wednesday. Calls placed after 2 p. m., Wednesday will be placed as at present except that the appropriate telephone name should be given along with the number.

Girl Scout News

The Valentine party the brownies of troop 328 held was prepared by the girls themselves. They met Monday to bake cookies and held their party at Ridge school Wednesday afternoon.

An ice skating badge is being sought by intermediate scouts of troop 12. Saturday afternoon Karen Baker met with the girls at the playground to give pointers on skating.

The service project of troop 72 was the making and the assembly of scrap books which they gave to the Children's Memorial hospital, Chicago. This troop also has a new member, Diane DeYoung.

Mrs. Laura Burnett reports her intermediate scouts of troop 20 are doing very well in their achievement badges. At their last meeting the girls received pins for five years in scouting.

The girl scout birthday which will be observed March 10 at the field house will be a cooperative celebration. Brownies of troop 260 are making pennants for the party.

Fathers and daughters of third grade brownies, troop 256, had a Valentine party. The girls gave a play called "School Days." The party was held at the home of Mrs. Robert Bradle, 534 S. Chestnut st. All 21 girls participated in producing the play and in serving the refreshments.

Clothing Clinic At Arlington High School

Arlington Heights high school will be host to an advanced clothing clinic on tailoring problems February 18 and 19.

The clinic, sponsored by the Lake Shore Home Economics association, will be conducted by Dorothy Everly and Elizabeth Mohr Jones, former home economics teachers who are now full time clothing consultants.

Home economics teachers of the area have already filled the enrollment which was limited to 50.

One of the features of the clinic will be the demonstration and discussion of the Bishop method of clothing construction, a simplified method recently introduced and now in use in many schools, including Arlington Heights high school.

The first meeting on the clinic schedule will begin at 5 p.m. Friday, and meetings will continue throughout Saturday. Meals will be served in the school cafeteria.

Local Women Will Attend Maternity Center Meeting

What the medical research program of the Chicago Maternity center means to the community as a whole will be outlined by Dr. Beatrice E. Tucker, medical director, in a meeting of fund workers at the Racquet club, 1361 N. Dearborn, next Friday, Feb. 18, 11 a.m.

Twelve women from this community are among those invited to attend the second report meeting in the center's 1955 enrollment drive, presided over by Mrs. Robert F. Carr Jr., Chicago, chairman, and Mrs. John S. Runnells, Lake Forest, co-chairman of the campaign.

Dr. Tucker, medical director of the Center since 1932, will tell enrollment volunteers that the center has an extensive cancer research program being carried out under the direction of Dr. Ronald R. Greene of Northwestern university's medical school. As a result, a number of early cancer cases have been turned up through better diagnosis.

Other studies being carried out through the center include those on certain causes of birth injuries, on diabetes in expectant mothers, on new obstetrical instruments, on the heart in relation to pregnancy, on overweight babies and the effects of various types of labor on the brain of the infant.

The center's research, home delivery, and medical training programs are supported entirely by public contribution. Every February this traveling hospital, which will be 60 years old this week, holds an enrollment drive, carried out by volunteer workers in Chicago and its suburbs.

Arlington Heights women taking part in the drive include Mrs. John A. Lindstrom, 824 S. Beverly lane, who is chairman of a team; Mrs. John L. Baker, 709 E. Mayfair; Mrs. Carl M. Behrens, Kirchoff rd.; Mrs. Edwin W. Bragdon, 1011 N. Mitchell; Mrs. Edward W. Crofoot, 630 N. Haddow ave.; Mrs. Charles B. Cronin, 1521 W. Oakton; Mrs. Richard C. DeZur, 1417 W. Elm; Mrs. L. Norman Hawkey, 316 Windsor drive; Mrs. Robert L. McFadin, 51 Banbury; Mrs. Donald H. Shaw, 900 E. Euclid ave.; Mrs. William Sheets, 101 S. Parkway; (Prospect Heights) and Mrs. Weir C. Swanson, 901 S. Highland ave.

The center marked its 60th anniversary on Valentine's day by presenting a silver spoon to the first baby delivered by one of the Center's medical teams on that date. The presentation was made by Mrs. Carr and Mrs. Runnells. The center was founded February 14, 1895, by the late Dr. Joseph B. DeLee.

Relief in a Hurry

Within 10 days after Hurricane Hazel struck Haiti, the U. S. rushed 462,700 pounds of relief food to the Caribbean nation. First relief shipments were in the air while the storm was still lashing the east coast of the United States.

Orchestra Gives Mid-Winter Concert Sunday

Northwest Symphony Orchestra association, founded in 1952, will present the second program of fine music in its current series of concerts next Sunday at 3:30 p.m. The 70-piece orchestra, composed of amateur musicians from northwest suburbs and directed by Perry E. Crafton, will be heard in its mid-winter concert at Maine high school auditorium, Dempster and Potter rds., Des Plaines.

The program of popular classics includes the Rienzi Overture by Wagner; Nocturne from Midsummer Night's Dream by Mendelssohn; Wine, Woman and Song Waltzes by Strauss; Pavanne and Guaracha by Morton Gould; and the Rumanian Rhapsody by George Enesco. The soloists, Phyllis Trenkmann and Paul Eckley, will each sing a well-known operatic aria and then join in singing two duets; "La ci Darem la Mano" from Mozart's "Don Giovanni" and "I'll See You Again" from Noel Coward's "Bittersweet."

Tickets are $1 for adults, 50 cents for students over 12, while all children under 12 will be admitted free in company of an adult. Mrs. Savena Gorsline, ticket chairman, stated that, while a number of additional single admissions had been sold at press time, there would be tickets available at the door Sunday afternoon. Free parking is also provided at the high school.

Tickets may also be obtained from any orchestra member or from Erwin H. Brunn, Palatine 411 J 2.

Church Council for Migrant Aid Plans 1955 Program Series

The Church Council for Migrant Aid, which had its start last summer when representatives from northwest suburban churches joined to sponsor a series of programs for migrant families of the community, held its initial planning meeting recently to organize its work for 1955. In response to invitations sent by the Des Plaines council of church women to Protestant churches in Park Ridge, Des Plaines, Mount Prospect, and Arlington Heights, representatives from churches in this area met, January 31, at First Congregational church, Des Plaines.

With Mrs. T. M. Evans, president of the Des Plaines council, acting as temporary chairman, the group elected Mrs. L. W. Phinney to serve as chairman and Mrs. Harold Peterson, co-chairman of the 1955 church council for Migrant Aid. Mrs. Olga Davajon from Arlington Heights Presbyterian church was selected secretary meetings, was elected treasurer of the council.

Mrs. McIllece presented a resume of "Operation Good Neighbor," as the series of Sunday afternoon meetings held last summer were called. She pointed out that a start was made through the 3-fold program of devotions, health demonstrations, and fellowship to meet the spiritual needs and Christian fellowship of the Spanish-speaking people in the community. After discussing tentative plans for the 1955 program, the council set a date for further planning.

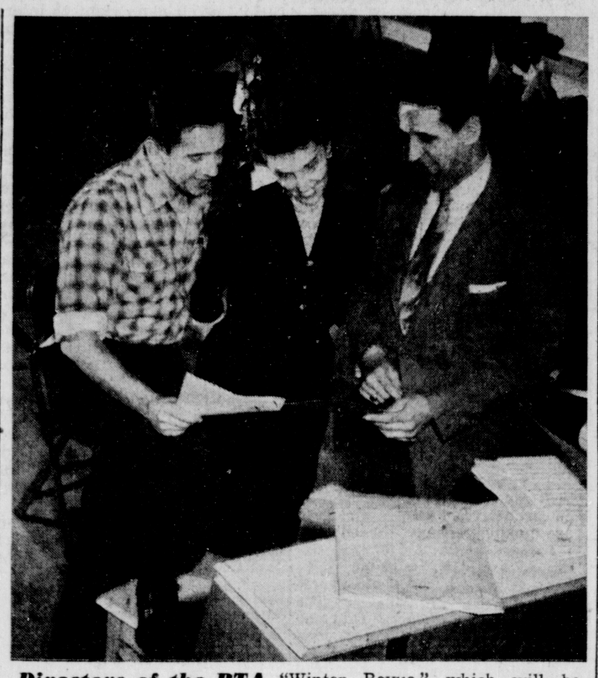
All interested in this work, which had such a successful beginning last summer, are invited to attend the next meeting Monday, February 28, 8 p.m., at First Congregational church, Graceland ave., Des Plaines.

Cotillion Club Hold Dance Saturday

The Cotillion club of Arlington Heights will dance to the music of Bill Walker and his orchestra, Saturday, Feb. 19, at Mount Prospect Country club. There will be a cocktail hour before the dancing.

Small Change

The lowest denomination coin in England is the farthing—one-fourth of a penny.



Directors of the PTA "Winter Revue," which will be given at the Arlington Heights Junior high school gym Thursday and Friday nights, discuss the music with the orchestra leader, George Fanelli, right. The show is under the direction of Mr. and Mrs. Robert Hawley and the performance tonight, is actually a dress rehearsal, which has been opened to the public because tickets for Friday night have been sold out.—Staff Photo

"CINDERELLA"

More than 1200 children and adults thrilled to the Village Theatre's presentation of "Cinderella," given at 2 performances Sunday, at the Arlington Heights high school.

As the curtain opened on Cinderella's kitchen, an involuntary gasp arose from the audience at the splendid array of color and ingenious design emanating from both set and costumes. It was a spellbinding transformation into fairyland, not to be broken until the lights came on. Maurice Geye designed the set, and costumes, sketched by Barbara Houskeeper, were made by Village Theatre members, with Mary Tindall heading the costume crew.

Directors Kathleen Hawley and Alice Scheske are to be commended for a delightful presentation of what had been a full length 3 hour show. Their interjections of original humor and unique blocking, abbreviating the show, such as Ashes, the fairyland cat, jumping from the stage during a blackout and running up the center aisle, added considerable gaiety and third dimensional effects to the play. Lu Staahl was the dramatic coach.

The surprised "oh's" when Cinderella emerged after a blackout in her gossamer gown, bejeweled and ready for the prince's ball, was audible way backstage. But with the arrival of the pumpkin coach, equally "magically" achieved by intricate technical devices, the audience, unable to contain itself any longer, broke into spontaneous applause.

There was not a single hitch in any of the many technical aspects and the backstage crew, headed by production manager, Sally Opela, deserves a lot of credit.

The cast maintained character throughout the entire story, paced the play in good time, and without a prompter. So integrated were their interpretations that it's difficult to name one as being outstanding from the others.

Exceptional because of their youth and inexperience, were the 3 juvenile leads, Joan Edmunds as Cinderella; Laid Williamson as the Prince, and Kathleen George as Ashes the Cat. They all were extremely well poised and the success of the play can definitely be contributed to their performances.

Court Jester, Marcelle Wilcox, was an effervescent spark every time she appeared on stage. Harriet Smith, as the stepmother, was convincingly cruel and hateful, and her daughters, the lisping Tilliebelle, portrayed by Marian Malcolmson, and the chubby Gladiola, portrayed by Shirley Stauber, drew many laughs from the small fry.

Barbara Houskeeper was soft and agile as befit her role as the fairy godmother. She seemed literally to float on stage. Her extreme complement was the cold, haughty, but beautiful Princess in Gold, portrayed by Anne Nygren. The lovable queen mother, Alta Hutchinson, and the practical king, Bill Siler, added an interesting sidelight to the course of events at the palace.

Joe Crittenden helped the "show to go on" when he answered a call 12 hours before curtain time to fill the role of Lord Chancellor. Others in the cast who played good supporting roles were: Ginny Dowell as Mrs. Chancellor; Bob Parsons, as Prime Minister; Judy Skahill as the lackey; and Bob Hawley and Dennis Malcolmson as the Nobles.

A group of the Women's Association of the Rolling Meadows Community Church meeting in the Barn are: (left to right) Helen Bol, president; Edyth Paeglow, Sally Meyers, Noreen Enger, Marge Kitterman, Grace Nordlund, Sybil Robbins, Myrtle Yunger. Standing: Betty Conzette, treasurer; Gerry Crane, minister's secretary.

Women's asociation will serve refreshments for the Proclamation Service at the Barn Sunday.

Mr. and Mrs. David Nau, 16 S. Maple, Mount Prospect, are parents of a son, Clayton David, born at Ravenswood hospital, Chicago, February 5. Clayton, the first child of the Naus, weighed 6 pounds 9 ounces. His grandparents are Mr. and Mrs. Harry Nau of Mount Prospect and Mr. and Mrs. Gayle Marchessault of Minneapolis.

Mr. and Mrs. John S. Schmidt of Dundee rd., are parents of a third son, William Roy, born January 11 at St. Joseph hospital, Elgin. The baby weighed 8 pounds 6 ounces at birth. In addition to his brothers, John Michael, 7 and Robert Allen, 3, he has a sister, Lois Ann, 12. His maternal grandparents are Mr. and Mrs. Fred Homeyer of Arlington Heights and Mr. and Mrs. Rheine Schmidt of Wheeling are his paternal grandparents.

* * *

Carolyn Fay Petta, weighing 8 pounds 4 ounces, was born to Mr. and Mrs. Lawrence Petta Sunday, Feb. 13, at Harvey hospital, Harvey, Ill. The new baby has a sister, Mary Alice, 3, and a brother, David Lawrence, 20 months. Carolyn has four grandparents Mr. and Mrs. Melvin Dyrhaug of Kelliher, Minn., and Mr. and Mrs. Dan Petta of Blue Island, Ill. She also has 3 great grandparents on her mother's side of the family, including Mrs. Wilma Carlson of Berkley, Calif., and Mr. and Mrs. Nygreen of Kelliher, Minn. Carolyn's father is a member of Arlington township teaching staff.

League of Women Voters To Study Judicial Reform

Judicial reform is to be the first item studied by the Arlington Heights League of Women Voters along with the "Know Your Town" survey. The first unit meetings are being held this month

Mrs. Howard Lee of Highland Park who recently addressed the group talked on the outmoded court system of the State of Illinois which was established in 1848. There has been no substantial change since that time.

She criticized the fact that not all judges are required to be lawyers nor are all courts required to keep records. Circuit courts have a backlog of 50,000 cases and there is a wait of 40 to 60 months before a case can have a jury decision. She criticized the fact that there is not proper supervision over courts or judges, saying that many judges may be influenced by political parties.

Gov. Stratton is reported behind a judicial reform measure upon which a committee has been working for three years. No change is to be made in the operation of the supreme and appellate courts, but the circuit courts will take over the operation of five courts known as the superior, criminal, family probate and county courts. Associate circuit court judges would preside over the present justice of the peace and police magistrate courts.

Prospect Heights unit met Tuesday afternoon; Arlington Heights group meet this evening at the home of Mrs. Gerald Chapman, 903 N. Kaspar; Mount Prospect unit will meet Monday, Feb. 21, at the home of Mrs. Julian Pelletier, 617 Bobolink.

Further information about the league may be obtained by calling Mrs. C. L. Emrick at CLearbrook 3-3437.

Marjorie Cosman Weds Stanley S. Johnson Jr.

(Community Camera

Gladioli, snapdragons and mums decorated the altar of Bethany Evangelical United Brethern church in Itasca for a 7:30 o'clock ceremony February 5 in which Miss Marjorie LaVerne Cosman, daughter of Mrs. Fay Cosman of Itasca became the bride of Stanley S. Johnson Jr., son of the Stanley S. Johnsons of Elgin.

The Rev. Don Heinrich officiated at the service with the assistance of the Rev. Sam Hahn. Daniel Driggett, organist, accompanied Judy Gathman as she sang, "Because," "For Jesus Sake" and "The Lord's Prayer."

Given in marriage by her uncle, William Cosman, the bride wore a white ballerina-length dress. Her gown, made by her aunt, Mrs. William Pollard of Hobart, Ind., was styled with lace bodice and nylon tulle skirt over taffeta. Her short veil was held in place with a pearl-trimmed headpiece and she carried a colonial arrangement of pink sweetheart roses and white carnations bordered with nylon net. For something old she wore a silver dinner ring belonging to her great-aunt.

Mrs. Alice Biene was matron of honor and bridesmaids were Miss Janet Cosman, sister of the bride and Miss Betty Johnson, sister of the groom. Mrs. Biene's gown was in shrimp-colored taffeta with nylon tulle overskirt and the bridesmaids' gowns were in sea green taffeta with nylon tulle overskirts. Yellow and white carnations made up the matron of honor's bouquet while shell pink and white carnations were carried by the bridesmaids.

Jerry Milligan served as his cousin's best man and ushers were Howard Gathman, cousin of the groom, and Kenneth Cosman, brother of the bride.

Following the ceremony, 150 guests attended the wedding reception held in the church parlors. Mrs. Cosman received in a silver grey dress with pink and white print. The groom's mother was in a navy blue dress with pink and white print and both mothers wore corsages of white carnations and pink Carol Amling roses.

After a wedding trip through the southern states, Mr. Johnson and his bride will reside on a dairy farm near Elgin.

Favorites For Flavor

An authentic Scotch recipe which will interest even those who are not of Scotch ancestry is the shortbread we are featuring today.

It is being shared with us by Mrs. David Reid, whose husband came from Scotland. She received this recipe from his mother.

Similar to a cake in consistency but actually a cookie, the Shortbread is crisp, thick and buttery.

In true Scotch tradition, shortbread is served with tea. And it is the custom in Scotland not only to serve tea and crumpets in the afternoon, but also after dessert following a meal.

The Reids live at 908 S. Vail in Arlington Heights. Mrs. Reid is active in several organizations. She is a member of the Woman's club, the Women's association of the First Presbyterian church, and is the North-Suburban representative of the Chicago Presbyterial society.

Scotch Shortbread

1 pound butter
1 cup sugar
1 egg
4 cups all-purpose flour, sifted

Mix ingredients together thoroughly with hands. Divide in four equal parts.

Place dough in four ungreased pie tins. Pat out to the size of tins. Pierce dough with fork and chill in refrigerator about one-half hour.

Bake in a very cool oven, 200 degrees, for one hour. After cakes cool, break into pieces and serve with tea.

Close Tolerances

Tolerances of metal parts used in building a late model jet-bomber are so close that the entire factory must be kept at a constant temperature. Otherwise, slight expansion and contraction of metal parts would prevent perfect fits.

Presenting The Younger Generation

Mechanical Minded

Anything mechanical interests young David Michael Armstrong, son of Mr. and Mrs. Donald Armstrong of 907 S. Dunton, Arlington Heights.

Blond-haired, blue-eyed Michael is 3½ years old. His favorite indoor activity is playing with cars and trucks, while outdoors he enjoys playing in the snow and riding his tricycle and tractor.

This young lad loves to ride around in his grandfather Meyer's truck and inspect construction jobs. And he also enjoys going down to the Bowman Dairy co. with his grandfather Armstrong and looking at the milk trucks. Michael calls both of his grandfathers "Pop."

His grandparents are Mr. and Mrs. Edwin H. Meyer and Mr. and Mrs. George Armstrong, all of Arlington Heights.

Daddy's Girl

A little girl who loves to play with her daddy is Kathleen Harriet Blevins, daughter of Mr. and Mrs. Fred Blevens of 406 W. Fremont, Arlington Heights.

Light brown hair and hazel eyes describes Kathleen's coloring, and she is 2½ years old.

at the stage where he gets into

An imaginative little miss, Kathleen loves to play with her dolls and pretend they are her children, and she likes to take the stuffed poodle which she received for Christmas for walks.

A mother's helper, Kathleen enjoys assisting her mommy with cleaning and baking. She also likes to play with her baby brother, Raymond, who is 9 months old.

Reading books and watching T-V are other activities which this young lady enjoys.

Her grandparents are Mr. and Mrs. Carl Hengst of Palatine, Mr. and Mrs. Ray Irwin of Chicago and Mr. and Mrs. Robert G. Cole of Campbellsburg, Ind.

Little Gourmet

A little tot who loves to eat is 23 pound, 9 month old Robert Ward, pictured next. He is the son of Dr. and Mrs. Gordon C. Ward of 309 S. Vail, Arlington Heights.

Robert was only 3 months old when this picture was taken, and he had dark brown hair and blue eyes. Now, 6 months later this little fellow's hair has turned blond.

Robert crawls around and is everything and especially likes to play with the fireplace equipment. He loves to play with his big brother, Doug, who is 3 years old.

His grandparents are Mr. and Mrs. Robert Ward and Mr. and Mrs. H. M. Sherwin, all of Warrenville, Ill.

Young Fisherman

Going fishing at his grandparent's cabin on the Merrimac river in Missouri is one of the favorite summer activities of Michael Kephart, son of Mr. and Mrs. M. R. Kephart of 801 S. Evergreen, Arlington Heights.

Three-year-old Michael has blond hair and blue eyes. He is looking forward to the prospect of attending nursery school in spring.

Michael enjoys playing cowboys, and he likes mechanical toys, his filling station and Mr. Potato Head. Outdoors he has fun riding his tractor.

Michael loves to play with his brother and sister, Mirrel, 9, and Carroll, 6. The children have a pet goldfish and Michael likes to help feed it and take care of it.

Their grandparents are Mr. and Mrs. M. L. Kephart of St. Louis, Mo.

Little League Dance

The mass ticket selling campaign of the Rolling Meadows Little League which was held last Sunday, February 13, was an outstanding success. The Little League organization, with tickets for their first annual dance in hand, covered the entire area, street by street, door by door. Their arrival in each area was announced by a public address system. Since this was the final effort by the group, the outstanding success of the ticket sale was greatly appreciated. If by some chance you were missed during Sunday's canvass, tickets may be purchased at Jim's Service station at the corner of Wilke rd. and Campbell st. while they last. From all appearances, the dance, which is being held at the Edison Park Legion Post 541 in Edison Park, should be an outstanding success. Remember to set aside Saturday evening, February 26, and join your neighbors in enjoying the music of Eddie Kaye and his orchestra.

Welcome World

It's another boy at the home of Mr. and Mrs. Floyd Huffman of 2107 St. James st. to join brothers Jimmy 6, Ronald 5, and Terry, who is almost 2. Little Michel Floyd arrived Thursday evening, February 3. He tipped the scales at 7 pounds 8 ounces on his arrival at Sherman hospital in Elgin, and has already started to pick up additional weight. His happy parents Floyd and Avis Ann Huffman are mighty proud of their fourth "edition." Little Michel Floyd is entertaining his first company already. Mr. Huffman's sister, Mrs. Ann Collin of Niagara, Wis. has been staying with the Huffman family taking care of the "male contingent" as well as the baby and Mrs. Huffman, who was confined to her bed for a short period following Michel Floyd's arrival. Mrs. Huffman is recovering very well, however, and should be able to enjoy her new baby and her sister-in-law's visit from a "standing" position very shortly.

That happy smile on the face of Bud Conzett these days is a sure sign that that long-awaited son has arrived. Little Steven Lyle checked into Oak Park hospital in Oak Park Monday, February 14, tipping the scales at more than 8 pounds. Betty Conzett claims he is the most wonderful valentine she ever received. Bud and Betty Conzet, who live at 2300 Dove st., have another little Valentine in the person of Susan, a big girl 5 years old. Susan is spending a short vacation with her grandparents, Mr. and Mrs. Kafka of State rd. in Arlington Heights. She is eagerly looking forward to helping her mother take care of that new baby, however.

School Valentine Parties

Monday, February 14, was a busy day at the new Kimball Hill school in Rolling Meadows. The various room mothers held Valentine parties for the classes that day, and the children exchanged Valentines. Cookies, candy, cupcakes, brownies, gum and suckers were on the refreshment list. Games were played and songs sung by the children. The highlight of the parties was the exchange of Valentines among the children.

Back Yard Pathways

Recently several complaints have been voiced about the increasing tendency of some residents to use the yards of their neighbors as short-cuts to various destinations. While the ground is frozen hard not too much damage is caused, and the occasional trip across a neighbor's yard under these circumstances is not the cause for too much alarm. Unfortunately, the practice is increasing, and many people have found pathways worn through their yards due to the constant "short-cutting" of their neighbors. If you will remember the amount of work and money you spent to put in your own lawn, you will understand why your neighbors are upset over this practice. Won't you avoid the temptation to cut corners and impress your children to do the same?

Anniversary Celebrations

It was the fifth anniversary for Bill and Marie Young of 2505 Sigwalt st., and Glen and Alice Farquhar, their neighbors, decided it was the occasion for a celebration. In keeping with the fifth year theme, the Farquhars held the party February 5 with a total of five couples. On hand for the celebration were the Edward Jaskes, Gene Brandts, and Bi Whites, all of Sigwalt st.

February 3 was the date for the tenth wedding anniversary of George and Marge Schmidt of 2900 Dove st. Following a supper party for their neighbors, Mr. and Mrs. Les Traub and Mr. and Mrs. Ed Anderson with their families, the Schmidts were honored at a light buffet at the home of Pete and Eleanor Keller of Wilke rd., where George and Marge were properly toasted.

Friday, February 11, was the fifth wedding anniversary of Barbara and Paul Fackler, who live at 2402 Wing st. On hand for the celebration were Pat and Dick Wright of Chicago, who were also celebrating their fifth anniversary. The Facklers and the Wrights have established an annual custom of observing their wedding anniversaries together. The party featured games, singing, and a delicious buffet supper. Lending a hand to the celebrations were Mary and Al Estrella, Loretta and Joe Stapleton, Myrna and Otto Novak, Pat and Art Eggert, Florence and Art Nyblin, Armella and Dan Maguire, and Evelyn and George Mahoney, all of Rolling Meadows.

Girl Scouts to Baby-Sit During Voting Feb. 26

Important news for the community from the Girls Scouts this week was the announcement that Girl Scouts will be available for baby sitting assignments Saturday, February 26, during the time of the high-school referendum at the Kimball Hill school and the vote on the incorporation of Rolling Meadows as a city at the local polling place. The Girl Scouts hope no one will miss casting his vote on these vitally important issues because of the necessity of remaining at home with small children, and it is hoped all residents will take advantage of this baby-sitting service if necessary.

Make Favors

This week Girl Scout troop 302, under the direction of Mrs. Gretchen White, made Valentine tray favors. These favors were then filled with candy and delivered to Resurrection hospital in Chicago for the enjoyment of parties there.

Party for Mothers

The rapidly-growing Brownie troop 347, under the supervision of Mrs. Dorothy Amundson and Mrs. Grace Nordlund, held a special Valentine party for their mothers at their meeting Wednesday, February 9. The party was held in the Kimball Hill school, and more than 40 girls and mothers attended. The mothers received heart-shaped pin chshions which the Brownies had made. Refreshments featured cookies, which the girls had also made, and several games were played.

Sweetheart Ball

The Sweetheart ball held by District 15 PTA in Palatine last Saturday, February 12, was an outstanding success. A large group of Rolling Meadows couples occupied one table, and enjoyed a pleasant evening. The Rolling Meadows contingent included the Edward Jaskes, Thomas Lisinskis, Gene Brandts, Glen Farquhars, William Youngs, Bi Whites, Martin DeBonises, and the Simon Bols.

Birthday Celebrations

A double birthday celebration was held at the home of Al and Mary Estrella, 2400 Wing st. last week with two parties to celebrate them. Sunday, February 6, a family party was held for Susan Estrella, who was 4 years old February 8, and for Susan's great-grandmother, Mrs. Josephine Puchalski who was 71 years old February 6. Celebrating with the Estrella family on this important occasion were Mr. and Mrs. Chester Puchalski, Mr. and Mrs. Tom Busch, and Mr. and Mrs. James Beran, all of Chicago. Tuesday, February 8, little Susan was hosess at another birthday celebration for her little neighborhood friends. Besides enjoying birthday cake and ice cream, the children played several games. Guests were Mary Mahoney, Georgia Fackler, Billy Mazanet, Bryan Jaaksi, Jeff Scott, Greg and Claudia Novak, Artie Eggert, Sherry Krause, and Susan's little brother, Steven Estrella, who is 9 months old.

Another fourth birthday was celebrated by little Billie Huffman of 2709 South ct. Billie, the young son of Lois and John Huffman, observed the big day Wednesday, February 16.

Really Surprised

A real surprise birthday celebration took place Saturday, February 12, for George Kitterman of 2606 South st. Marge Kitterman had carefully hidden all preparations for the evening's party, and her husband had almost reached the conclusion no one had even remembered his birthday when suddenly the party guests arrived. On hand for the celebration were Betty and Jack Abplanalp and Phil and Bill Hall of Chicago, and Pete and Eleanor Keller of Rolling Meadows.

Another surprise birthday party was held Sunday, February 13, for Mary Estrella of Wing st. The party for Mary, given by Otto and Myrna Novak of 2403 Wing st., was a well-kept secret by all the guests. A special poster featuring the "story of her life to the quarter-century mark" was hung over the buffet table. Helping to celebrate were Mr. and Mrs. George Mahoney, Mr. and Mrs. Paul Fackler, Mr. and Mrs. Joe Stapleton, Mr. and Mrs. John Mazanet, and Mr. and Mrs. Hank Jaaksi, Mr. and Mrs. James Phipps, and Mrs. Florence Nyblin. It was a "family style" party and all the guests brought their children.

Lutheran Ladies To Meet

Tuesday, February 22, is the date of the second meeting of the Lutheran Ladies society of the Lutheran church in Rolling Meadows. The meeting will be at the Kimball Hill school at 8 p.m., and an invitation has been extended to all women interested to attend the meeting. Following the business portion of the meeting, a program of community singing has been planned under the direction of Mrs. Ruth Derezotes. After the meeting a get acquainted period with refreshments will be held. For further information regarding the meeting or the Ladies society, call Mrs. Ruth Gruenbaum at Clearbrook 5-0856 or Mrs. Dorothy Amundson at Clearbrook 5-0694.

Petition Of Race Track, Arlington Crest Denied By County Judge

County judge Otto Kerner on Monday denied the petition of the Arlington Park Jockey club and Arlington Crest to remove themselves from the proposed city of Rolling Meadows. He further ruled they had no right to intervene in the proceedings for the election.

With this ruling, the only chance the race track and other "objecting" property owners would have to prevent incorporation would be the defeat of the proposal for a city at the election Saturday, February 26.

Attorney Thomas M. Thomas, appearing before Judge Kerner for the Arlington Park Jockey club, stated the race track owned 24% of the proposed city area, had its own fire, police, gas, light and sewage, and inclusion of the race track would be a denial of due process of law as they would receive no benefits and only be subject to municipal taxation.

Judge Kerner rejected these arguments as well as the claim of Arlington Crest, represented by Attorneys Eardly and Ward, that they had no interest in or desire to be included in the city of Rolling Meadows.

A formal order of this decision was entered Tuesday by Judge Kerner. (RM

Sunday School Founders Honored, Given Gift

Friday, February 11, Mr. and Mrs. Fred Miller of Arlington Heights were the guests of honor at a party in the home of Mr. and Mrs. Lynn Bozee of 2200 George st. Mr. and Mrs. Miller were instrumental in the founding of the Lutheran Sunday school in Rolling Meadows, and all the Sunday school teachers were invited to the party honoring the Millers. As a small remembrance of their much-appreciated work, the Millers were presented with one of Salman's pictures, "The Head of Christ."

Out-Of-Town Guest

A very special guest has been visiting the Grady family of 2808 Dove st. Jackie and Jack Grady, and their two happy children, have been the hosts to Jack's mother, Mrs. Grady, of Des Moines, Ia. this past week.

Boy Scouts Annual "Charter Night" Program Tonight

The Annual Charter Night for troop 69, to which Rolling Meadows Scouts belong, will be held at 7:30 p.m. Thursday, February 17, at the Oak Street school cafeteria in Palatine. All parents were given written invitations to attend the original meeting February 9, but because of an unfortunate accident at the school the event had to be postponed. The program indicated in the original invitation will be presented. Charter Night is a most important night for any Scout organization since that is when the formal charter authorizing scouting activities is presented. It also shows the troop, pack, or post is in good standing and has lived up to the ideals of scouting.

Scout Show

The Scout show at the Oak st. school in Palatine Saturday, February 12, was very successful. The units which participated all had impressive displays. The show would probably have been considered much more successful by the Rolling Meadows boys had more parents and neighbors attended. A group of Boy Scouts and Cub Scouts from Rolling Meadows were taken to the Scout Show by their Scout leaders. Rolling Meadows Boy Scouts who participated in the show were Don and Bob Carlson, Bill Jannson and Ken Keller. Colors were presented by Don Carlson as color bearer, and Bob Carlson and Ken Keller as color guards.

Four Cub Dens Will Present Skits, Give Awards at Next Pack Meeting

A Cub pack committee meeting was held Monday, February 14, at the Barn to lay final plans for the pack meeting to be held Monday, February 21 at 7 p.m. The pack meeting will also be held at the Barn, and will feature skits and games by various dens as well as Bobcat award ceremonies. All parents and interested neighbors are urged to attend. There are four Cub dens active in Rolling Meadows under the supervision of den mothers LaVerne Sladek, Eleanor Keller, Sue Kunz and Myrla Garrity. Mrs. Garrity's den has not been meeting for the past few weeks due to some minor surgery which necessitated a stay by Mrs. Garrity in the hospital. She is well on the road to recovery now, however, and her den will resume its regular meetings soon. The pack committee has also announced the membership of a new committeeman, Mr. Ray Walker of 2400 Park st. Mr. Walker will act as parent contact man for the committee, first communion service was held contact man for the committee, and his assistance will be greatly appreciated by the organization.

Lutheran Church News

An important "first" was held last Sunday during the regular worship service of the Lutheran church in Rolling Meadows. The first communion service was held here — a very important event for all Lutheran church members.

A mission committee has also been organized by the church. Mr. and Mrs. Norman Wieder of 2400 School dr. are in charge of the committee which will organize a canvass of the newer Rolling Meadows areas. It is planned to have some of the Lutheran church members greet new residents, welcoming them to the community and inviting them to attend church services here.

Name Committee Chairmen At Women's Club Meeting

The regular monthly meeting of the Rolling Meadows Junior Women's club was held at the Barn Monday, February 14 at 8:30 p.m. Many important business matters were discussed by the group. The president, Mrs. Rene Jaremus, appointed the chairman and committees for many important club functions. Chairmen appointed to the following committees were: The Revisions Committee, Jackie Grady; auditing committee, Pat Hoffman; program committee, Marge Schmidt; publicity committee, Helene Bristol; membership committee, Charlotte Heitbrink; social committee, Lucille Doyle; card committee, Emmy Macior; shampoo committee, Jean Ehard; well baby clinic committee, Jackie Grady; service point committee, Shirley Northcote; and scrapbook committee, Donna Anderson.

Bake Sale Planned

The club decided to hold a bake sale, and possibly a white elephant sale, in the near future. The club also voted to sponsor a "Well Baby Clinic" in Rolling Meadows, and the committee will contact Miss Cunningham, the county nurse, to start plans for this venture. The club will also sponsor the TB Mobile X-Ray unit in Rolling Meadows some time in March when a date can be arranged by the TB unit. Following the business meeting refreshments were served and a social period enjoyed.

Feehanville School

Mrs. C. W. Flink, president, and Mrs. Alma Mueller, treasurer, of the Feehanville PTA, attended the executive board meeting of the Northwestern Suburban council at the home of Mrs. Erich Kuntze in Des Plaines last Wednesday. One of the topics under discussion at this meeting was the problem of mobile home parks, and an open meeting is scheduled for the near future where this subject can be discussed. This meeting will not be under the sponsorship of the PTA.

Mrs. Pelton, parliamentarian for this district, will hold two training classes in parliamentary procedure the last two Wednesdays in February in the Prospect Heights school library, 9:30 to 11:30 a.m.

Northwest Suburban council will be presenting four-minute skits on safety and teacher recruitment Tuesday mornings, 11:15 to 11:30 o'clock, on Radio Station WNMP, 1590 on your dial.

Mrs. W. Flink, Mrs. Mueller and Miss Idyl Nipper attended the election of officers in Evanston last Thursday. They stayed for a preview of films that will be available to local PTA's this coming year.

Civic Association

February meeting of the Forest River Home Owners Civic association will be held February 22, 8:30 p.m., at the Community hall. Residents of Forest River can obtain their 1955 windshield stickers from the secretary, Mrs. Dorothy Karnuth.

Forest River Chucah

Bill Wyatt, who is affiliated with the Wycliffe Bible Translators, spoke at the evening services last Sunday. He will be back next Sunday morning to teach the adult Sunday school classes. Fred Hine, a student at Moody Bible institute, will be speaking at the evening services next Sunday night.

Young people's group, the TFC's had their February social last Saturday at the Pierson residence. The games played, amusing and confusing, had a Valentine flavor. Due to prevailing illnesses, the party was not as large as usual. Among those able to attend were Phil Roos, John Hanson, Paul Meyer, Bob Martens, Janet Sandquist, Marlene Olson and Bud Levine. The chaperones were Robert Roos, Ruth Pierson and Jean Dick.

Last Sunday was singspiration evening for all the Hi-C clubs throughout this area. The Maine Hi-C club held theirs at the Park Ridge Gospel church. Dick Russell from Moody was songleader, Dick Whitecotton from Wheaton was the pianist, Dorothy Bordeaux was the alto soloist, and there was also a trumpet trio. The teenagers from here who attended were Phil Roos, John Hanson, Robert and Bid Levine.

Community News

Attention, dog owners! If you feed your pet Perk, Peak or Vet dog food, please save the labels. The children in the sixth grade at Wheeling school are hoping to be able to save enough of these labels to get a Seeing-Eye dog for one of the children in the blind room at Wheeling, and they would appreciate your cooperation. They need about 100,000 labels, and students at other schools throughout this area are helping wherever they can.

Gerald (Hoot) Smith of Westgate, who has been so very ill so much of this winter, is flying to California with his mother. They are hoping the change of climate will bring him back to health.

Birthday club had their February meeting at the home of Marion Miller on Bonnie Brae. Valentine games were played, and Mrs. Vincent Masters won the prize, a lovely organdy apron. The ladies were highly amused to find a comic valentine under their plates when they were served their delicious refreshments.

Mr. and Mrs. Richard Kozel and Mr. and Mrs. Roman Anderson attended the "come as you are" party held by the Frejas at the Community hall last Saturday. There were 9 couples present and all in various forms of dress and undress—they had been called at various times of the day and actually came as they were at the time they were called. Many hilarious games were played and they danced and played ping pong, there was a surprise grab bag for the men filled with nonsense items, and refreshments were served. They all left the party feeling it had been the most successful yet.

Mr. and Mrs. Kenneth Karnuth attended a dinner party at the home of the senior Karnuths in Chicago, last Sunday.

Birthday greetings this week go to Dennis E. Buttner, who was 12 on the 14th; Robert Schmeltzer, who was 1 on the 14th; Mary K. Kozel, who is 7 on the 17th; Stephan Lilja, who will be 6 on the 18th; Clifford Adams, who will be 14 on the 19th, and Elin Ann Martens, who will be 11 Sunday.

Corporation Taxes

Collections of corporation franchise fees and taxes, which reached the highest level during 1954 since the adoption of the Business Corporation Act, continued to move ahead in the first month of 1955, Secretary of State Charles F. Carpentier reported today.

A total of $134,275.68 was collected in January, $44,172.64 more than in the corresponding month a year ago, Secretary Carpentier said.

Forest View School

Valentine Party

The Valentine party given by the dance class of the Forest View school was a huge success. We were all delighted to see so many boys and girls from the Elk Grove school join us for dancing and refreshments.

The board of directors of the Forest View school will hold their monthly meeting February 21 at 1 p.m. in the school house on State road. All parents and interested neighbors are urged to attend.

Miss Grace Jevne, aunt of the Chas. Jevne, was a weekend guest at their home on Elmhurst st.

Mr. and Mrs. Ed. Miller and their daughter Pearl, were Sunday dinner guests of the James O'Toole family in Clarendon Hills.

The monthly meeting of the Pinochle club was held at the home of Mr. and Mrs. Charles Merritt on Emerson st. Ken Hartman, Myrt Jevne, Bill Grismer and LaVerne Koenig went home with the prizes.

Square Dance

The Swingin' Squares will meet Friday night at the field house in Arlington Heights, for their regular evening of instructions and dancing.

Sunday afternoon visitors of Mr. and Mrs. Wm. Grismer Sr. on Golf road, were Mr. and Mrs. Charles Grisemer of Chicago.

Many happy returns to Mrs. Ruth Anderson, who celebrated her birthday Saturday.

All the neighbors are glad to hear that Mrs. Pauling is home after a brief stay in the hospital.

We are happy to know that little Carol Currier, who has been ill this past week, is well and back in school.

Mrs. Sally Miller of Algonquin road is down in bed with a severe case of the flu. We all wish her a speedy recovery.

Find Rocket Bomb

An unloaded rocket bomb was found in the back yard of the Howard Koepke home last week. It apparently fell from a passing plane out of O'Hare field. Vern notified them and they sent out a crew to remove it.

Mesdames Ruth Grismer, Dorothy Hartman and Myrt Jevne were luncheon guests at LaVerne Koenig's on Valentine's day.

Billy Sundblad, Lonnie Hutchins and Mike Grismer, Den 3 of the cub scouts, along with their parents enjoyed a pot luck supper given by Pack 251 at the St. Paul Lutheran church in Mount Prospect last Thuesday evening.

New Daughter

Mr. and Mrs. Robert Keely, Golf rd., are parents of their second daughter, Merrijo Lee, who was born February 13 at West Suburban hospital, Oak Park. She tipped the scales at 8 pounds 12 ¾ ounces. She has a sister, Merrilee, who is 5.

Prospect Meadows

Auxiliary Meets

Wednesday, Feb. 23, is the next meeting of the Prospect Meadows auxiliary. A report will be given on the progress of plans for a spring dance. After the business meeting, the ladies are invited to play cards and enjoy refreshments.

Girl Scout News

Mum's no longer the word! The big secret is out. For some weeks past, plans have been brewing for a special treat for the brownies. Arrangements are nearly complete now for a trip, en masse, to view Super Circus as guests at the TV studio in the opera house March 20. Train schedules present a small problem of time — so the brownies are in more luck. With time to kill in Chicago before show time the troop will tour Northwestern station and fortify themselves with all those choice concoctions brownies favor in ice cream parlors.

Birthday Congrats

Susan Larson of Foundry rd. celebrated her fifth birthday with a party last Saturday. Guests were: Linda Sell, Carol Waldron, Alan Schmitt, March Vosburgh, Sharon, Dennis and Maureen McNaughton, and Susan's two sisters, Sharon and Christine.

Stork Lines

No little thing is the newest addition to the Arthur Nelson family of Bob-O-Link. Susan Marie weighed 9 pounds 13 ounces upon arrival at West Suburban hospital in Oak Park. Susan was born at 8:17 p.m. February 6. She is home now enjoying the company of her brothers and sisters, Kent 10, David 7, Nancy 5, and Joan Barbara 2. Her paternal grandmother is Mrs. Eugena Nelson of Brookfield.

Where Is Everybody?

Our Meadowites are hibernating. New officers of the Prospect Meadows Property Owners association presided for the second time at a meeting lacking a quorum. It's hard to leave a nice warm house in below-zero weather, but all progress is halted by lack of attendance. No quorum — no vote — no progress!

Like Topsy

We are still growing. Prospect Meadows now boasts 141 homes — four more under construction and 30 vacant lots yet to go!

Arlington Greens

Prize Winner

Mrs. William List, 708 Oakton, was a winner of the Sunday Chicago Tribune "Little Fooler Puzzle Number 3" contest, with a $2,000 "pot" to be divided equally among 56 winners.

Mrs. Leslie Shannon, 1161 Hickory, has returned to her home after a three week stay at St. Francis hospital in Evanston. Mr. Shannon's mother, Mrs. Mary Wenzel, is a guest at the Shannon home. Mrs. Shannon is secretary of the Arlington Greens Community association.

Emergency Operation

Donald Bowdle, 1124 Beverley lane, underwent an emergency appendectomy in Minneapolis. Mr. Bowdle was on a business trip at the time of the attack and is now convalescing in Deaconess hospital in Minneapolis.

Fred Mensch was recently elected to membership in the Illinois Society of Certified Accountants by action of the board of directors.

Walter Johnson was among the new members joinging the VFW of Arlington Heights at the January 9 meeting.

Mrs. Keith Anderson and son, Larry, have returned to their home in Moline, after a week spent at the home of her parents, Mr. and Mrs. Elmer Boehn.

To Entertain

Mr. and Mrs. William Willy will entertain at a bridge party February 18. Present will be the Robert Swansons, George Marshalls and Walter Johnsons.

Mr. and Mrs. Robert Berger were hosts Friday, Feb. 11, to Mr. and Mrs. Don Kreml and children Runi Jr. and Ronnie of Palatine.

Mr. and Mrs. Robert Bee, 1137 Douglas, were recent hosts to Mrs. Bee's mother, Mrs. C. R. Klofkorn of New York.

Sunday Guests

Mr. and Mrs. Oscar Berg were Sunday guests at the home of Mr. and Mrs. Harry Compton. Gifts were exchanged, and a pre-Valentine dinner was served.

Michael Leverick, son of Mr. and Mrs. Emil Leverick, celebrated his second birthday January 14. Among the guest presents were the paternal grandparents, Mr. and Mrs. Emil Leverick Sr. of Highland Park.

Baby Girl

Mr. and Mrs. Ronald Krause, 618 Clarendon, are parents of a baby girl, Roni Marissa, born February 11 at Resurrection hospital. The baby weighed 7 pounds, 12 ounces at birth. Roni has a sister, Lynn Ann, two years old. Paternal grandparents are Mr. and Mrs. Joseph Krause.

Few Families Are Prepared

The arrangement problems that arise when loved ones pass away find most families unprepared. It is wise to select a funeral director now in whom you can place confidence. We shall be glad to discuss our services and facilities with you at any time, without obligation.

Rummage sale committee of the Wedgewood Terrace Improvement association met at the home of Mrs. Clyde House Tuesday to plan the details of the sale which is to take place April 1 and 2. Mrs. Henry Combs is the chairman and Mrs. House, Mrs. Thomas Merritt and Mrs. Joe Warfsman are the other members.

Six little children enjoyed the Valentine party Monday at the home of the Oscar Millers. Hostess Pam was one of the most delighted since she had the fun of making favors and decorations for the party besides entertaining. Musical hearts, heart in the bottle, and Valentine puzzles were some of the games which all enjoyed. Each brought 6 valentines which went into a postman's box. Luncheon at 11:30 and home for naps at 2 o'clock was the rest of the agenda. Debby Haapoja, Jimmy Merritt, Pam and Sherry House and Christine Hahn were the guests. (AM

Funeral services for 97-year-old William Willert were held at 2 p.m., February 15 at St. Matthew Lutheran church with the Rev. Howard Henke officiating.

Mr. Willert was born March 5, 1857 in Germany and was married in Germany to Emma Loeding, April 1, 1883. He came to the U. S. in 1889 and was a truck farmer, retiring in 1912. He lived in Jefferson and Cumlate residence on Ballard rd., Desberland before moving to his Plaines.

Mr. Willert died at his home February 12 and is survived by 2 daughters, Mrs. Bertha Pump and Mrs. Rose Andring; 10 grandchildren; 7 great-grandchildren and 2 great-great-grandchildren. A son, Emil, preceded him in death in 1943 and his wife preceded him in 1919.

Mr. Willert was in state at the Oehler chapel in Des Plaines. Interment, Towne of Maine cemetery.

Humphrey Ashton

Funeral services for Humphrey Ashton, 319 Carlyle place, Arlington Heights, will be held at 8 p.m. tonight, February 17, in the Lauterburg and Oehler chapel in Arlington Heights with Rev. Stuart Saul officiating.

A second service will be held Saturday in the Methodist church, Reinersville, Ohio, with burial in that city.

Mr. Ashton died in Sherman hospital, Elgin, February 15. He was born December 7, 1888 in Barkenmear, England, and for 38 years was associated with Pure Oil company. He was the company's chief accountant at the time of his retirement in June 1954. He has lived in Arlington Heights since 1928, one of the first settlers of Stonegate. Mr. Ashton was a member of the Masons in Cedar Rapids, Iowa.

He is survived by his wife, Blanche Sealock Ashton; a son, John B. of Chicago and a sister, Isabelle Jones of East Boorne, Sussex, England.

Josephine Langfield

Mrs. Josephine Langfield, late resident of Des Plaines, died in Catherine Memorial home, Palatine, February 12. She was born January 13, 1879 in Deerfield. Funeral services were held February 15 at 1:30 p.m. at the Oehler chapel in Des Plaines. Interment, Deerfield cemetery. The Rev. William Earl Brehm officiated at the services.

Mrs. Langfield was preceded in death by her husband, William, and is survived by 3 children, William, Mrs. Lillian Miller and Mrs. Edith Kufeldt; 10 grandchildren; 1 great-grandchild and her sisters, Minnie Levee, Lillian Demenza and Frieda Foss.

Mrs. Alice Cowan

Funeral services for Mrs. Alice Cowan, late resident of 738 S. Mitchell, Arlington Heights, were held February 15 at her residence with Rev. Stuart C. Saul officiating. Black's Memorial home was in charge of arrangements. Interment was in Forestdale cemetery, Holyoke, Mass.

Mrs. Cowan died February 14 at Sherman hospital, Elgin, at the age of 65. She was born June 17, 1885 in Concord, N. H., and was married to William Arthur Cowan, December 28, 1904 in Hookset, N. H. She is survived by her children, James T. Cowan of Bellows Falls, N. Y.; Mrs. Ruth Riley of Arlington Heights and Mrs. O. Arthur Aslaksen of Brooklyn, N. Y.; 4 grandchildren and 2 great-grandchildren.

Mary Jane Brown

Funeral services for Mrs. Mary Jane Brown were held at 3 p.m. February 12 at the Oehler chapel in Des Plaines with the Rev. Robert F. Klepper officiating. Interment, Elm Lawn cemetery.

Mrs. Brown was born October 5, 1919 in Chicago and died in Passavant hospital, Chicago, February 9. A resident at 8 McDonald rd., Prospect Heights, Mrs. Brown is survived by her husband, Bernard; 2 children, Susan Mary and William Bernard and her mother, Mrs. Alice Egan.

Mrs. Bertha Winkelman

Funeral services for Mrs. Bertha Winkelman, late resident of 65 N. Seventh ave., Des Plaines, were held at 2 p.m. February 14 at St. Peter Lutheran church with the Rev. Luther V. Stephan officiating.

Mrs. Winkelman died February 10 in Sherman hospital, Elgin. She was born November 8, 1866 in Germany and came to the U. S. with her parents at the age of 18. She was married to Fred Winkelman, January 1, 1887 in the Addison Lutheran church. Her husband Fred preceded her in death in 1945.

A resident of Arlington Hts. for 33 years before moving to Des Plaines, Mrs. Winkelman is survived by her children, Henry, Martha Garms, Fred, Herman, Mathilda Piepenbrink and Frieda Winkelman; 21 grandchildren; 20 great-grandchildren and her sister, Louise Fredricks.

She was born May 13, 1910 in New York and had been a resident of Deerfield for 5 years. She is survived by her husband, Robert.

Lauterburg and Oehler chapel Deerfield, was in charge of funeral arrangements.

Turn Cancer Funds Over To Research

To continue its year-round attack on cancer, the Illinois division of the American Cancer society approved $49,804 to be used by nine of the leading research investigators in the state and budgeted $2,000 to the Chicago council on community nursing for support of the practical nurse training program.

First of the grants to be made from funds contributed to the Illinois Division in 1954, the money will be used to conduct research in the Chicago area and the University of Southern Illinois.

Cancer Fund Goal

American cancer society, Illinois division, announced today that a goal of $1,320,000 has been set for the state's 1955 Crusade in April.

Four Birthdays Feted

The R. Nordstroms and the Joseph Thomes spent last Saturday evening in Skokie where about 25 people celebrated the birthdays of 4 men at the party. One of these honored was Mr. Thome.

Bits O' Business

Farm prices in January were 2 per cent above the level of January, 1954 ... Housing starts of 1.2 million are predicted this year by the Home Loan Bank board ... Automobile makers are believed to have built 660,000 cars in January, topping the previous January record, set in 1950, by more than 100,000 vehicles.

Honorable Mention

Karen Goodpasture received a certificate of honorable mention in the 20th Children's National Photograph contest. The contest was sponsored by the National Association of Department Store Photography studios in over 200 cities in this country during 1954.

Dorothy Kruse of Olive st. has been repairing dolls for several months. She has found it such fascinating work that she is planning to make it a permanent business.

We have been informed that Bob Nordstrom is being swamped with offers for his famous "Black Dragon" but due to sentimental attachment, he is "nix-ing" all offers for the family car.

Virginia Terrace News

Cocktail Party

The Newcomers' Valentine dance at Arlington country club was well attended by couples from Virginia Terrace. Isabel and Roy Nottoli, 1227 N. Race, had a cocktail party before the dance. Guests were Ruth and John Calhoun, Elaine and Bill Petrucci, Mary and Bud Klint, Jerry and Ken Williams, Pat and Dick Gorman, Dorothy and George Murray and Margaret and Bill Haughey. The Haugheys are from Prospect Heights.

Convalescing

Herb Trowe, 1240 W. Chicago, has been convalescing at home for the past week and a half after a stay at the Sherman hospital in Elgin. Herb and his wife, "Hal," moved into their home the first part of January from Rockford. They have a little boy, Bradley, who was 2 in January.

Fritzie Cosakis, 1232 Race, celebrated his third birthday January 22. Guests at his party were Patrick and Johnny Hoover, and Johnny Noerenberg.

Hope and Donn Irmiter, 1313 Chicago, entertained Donn's brother, Richard Irmiter and his family, from Roselle, last Sunday. Donn and Richard, together with their older children, went tobogganing in the afternoon.

Plan Card Parties

A meeting was held last week at the home of Ruth Calhoun, 1443 N. Race. Plans were made for a monthly get-together of Virginia Terrace women for tables of bridge and canasta. Attending the affair were Isabel Nottoli, Marilyn Crouch, Jean Hayes, Betty Sorenson, Elsie Sorensen, Phyllis Fluhrer, Muriel Gerstein, Gwyne Jensen, Joan Donath, Marion Hartig, Jerry Williams, Shirley Murtaugh, Mary Klint, Dorothy Murray, Jeannine Kearney, Lois Martin, and Pat Gorman.

Community Dance

In spite of the cold weather, there was a good crowd at the Community club dance last Saturday night. The clock radio was won by Mrs. Gertrude Schroder; the blanket went to Mrs. Virginia Dorsen of Chicago; the tableware to Vern Scheski of Mundelein and the tablecloth was won by William Wagner of Prairie View. A special thank you to Mrs. Joe Steiger and her committee who prepared and served the refreshments.

Wilson PTA will hold a card party at Arlington Heights field house Friday February 18 at 8 p.m. Donations are $1.25 per person and proceeds will be used for school purposes. Tickets are available from any PTA member or may be purchased at the door. The party is open to the public.

Suffers Arm Injury

Carl Brandon slipped on the ice and broke his left arm last week. Since he is left-handed, this proved quite an inconvenience, but he is back in school, learning to write with his right hand.

The Frank Moskals have returned from a trip to California where they visited their daughter, Margie.

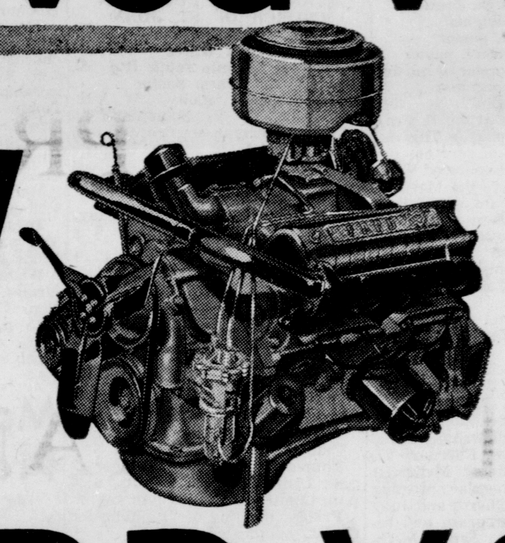
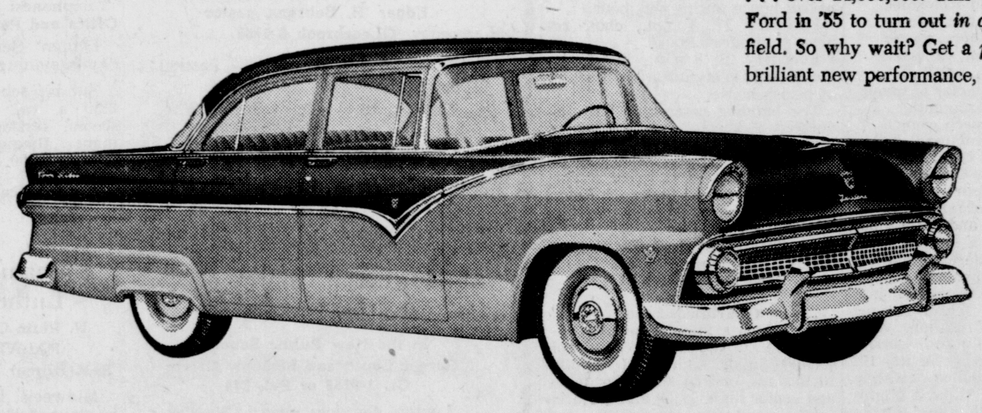
Get a proved V-8



NOW ...a FORD V-8

Built by the world's greatest builder of V-8's

Ford has built more V-8's than all other manufacturers combined ... over 14,000,000! This tremendous V-8 experience has enabled Ford in '55 to turn out *in quantity* the finest V-8's in the low-price field. So why wait? Get a *proved* Ford V-8 ... and start enjoying brilliant new performance, and new-car dependability now!



Enjoy Ford's new Trigger-Torque Power

For '55, Ford offers *two* advanced V-8's: the brilliant-performing new Y-block V-8 and the even more powerful Y-block Special V-8. Both of these mighty engines deliver *Trigger-Torque* power, which means you get the power you want when you want it, throughout the entire driving range of your car. With new Trigger-Torque Power you can have split-second starts ... faster passing ability for a greater feeling of security ... the topnotch response at all speeds that makes driving a true delight. And with Ford's high-compression, low-friction design and deep-block construction, you can enjoy smooth performance and long engine life.

Relax in the smooth comfort of new Angle-Poised Ride

Ball-Joint Front Suspension, which Ford introduced in its field last year, has proved itself over billions of miles to be one of the greatest contributions ever made to easier riding and handling. And now, for '55 it is still better. Springs are set at an angle so they absorb road shock from the front as well as straight up. This provides delicate responsiveness to cushion tiny bumps as well as husky "muscle" to flatten the big bumps.

Take your pick from 16 brilliant new Ford Models

This year, you get Thunderbird-inspired styling in any Ford model you choose. You'll find there's a variety of exciting new single and two-tone body colors with charmingly color-keyed Luxury Lounge Interiors.

Come in for a Trigger-Torque Test Drive!

CHRISTIAN SCIENCE CHURCHES

God's infinitely wise and intelligent government of the universe, including man, will be brought out at Christian Science services this Sunday, February 20.

Keynoting the Lesson-Sermon entitled "Mind" is the Golden Text from James (1:5): "If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following passage will be among those read (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

Scriptural selections will include the following from Proverbs (3:13): "Happy is the man that findeth wisdom, and the man that getteth understanding."

Lutherans Believe That —

Christ by virtue of His death on the Cross changes us from lost and condemned sinners to redeemed saints of God. "Though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool" (Isaiah 1:18). Paul who was changed from a Christ-hating persecutor to a Christ-loving preacher, expressed this transformation in these words (2 Corinthians 5: 21): "He hath made Him to be sin for us who knew no sin, that we might be made the righteousness of God in Him." And "With the heart man believeth unto righteousness." Rom. 10:10.

Illinois TAX FACTS

By George E. Mahin, *Executive Secretary Taxpayers' Federation of Illinois*

An increase in the State sales tax not only to 3c but to 4c or 5c will inevitably be loaded onto Illinois taxpayers unless the Illinois general assembly follows the lead of the administration in holding off on any tax increases at all at this session so that solid financial plans can be developed not only for the next two years but also for the future, the Taxpayers' Federation of Illinois warned.

It is already known that it will cost the state 40 million dollars more for the next two years to provide aid for public schools under the present distribution formulas, due to increased enrollments. It is also known that school enrollments are going to continue to increase for years to come which will necessitate additional millions of dollars. Unless sound plans are made for the future, continuing increases in school enrollments will swamp the State's financial resources, biennium after biennium.

* * *

THE FUTURE problem that will come when the increased enrollments in the public schools reach the college and university level must be provided for in any sound financial plans for the future, the federation points out. The federation has already recommended that such financial plans should follow a new line of State scholarships to be used at the institutions of the students' choice rather than for multimillion dollar building programs.

It is also a fact, the federation says, that some cities can't continue to provide essential services without more revenue, while in other cities financial problems could be solved in whole or major part by better management; that this is another problem that can't be ignored in any sound financial plans for the future.

WHOLE SALARY structure for state employees, the financial problems of welfare institutions, the need for more state highway police, future demands for public assistance, the need for construction, and repair of State buildings — unless these and other financial problems confronting the State can be solved in a total plan for future State financing, then the result will be tax increase after tax increase or a breakdown in essential services.

A sound financial plan to solve all these problems for the forseeable future cannot be made in the heat of a legislative session, the federation warns, can only be made after thorough knowledge of the facts and study of the possible alternatives.

'Beaver Valley' At 4 Locations

Movie fans have searched maps in vain for the location of "Beaver Valley," the title of a recent Walt Disney nature film.

After several telephone requests, the Chicago Motor club's touring bureau discovered it had no record of a "Beaver Valley," either. Finally, the Disney studios supplied the answer—"Beaver Valley" is four places.

Disney took films of beavers in Grand Marais, Minnesota; Anaconda, Montana; Naha Falls and Kodiak Island, Alaska.

'Coffee Grinder' Outboards Become Big Business Since 1903

Cameron B. Waterman, who invented the Outboard Motor in 1903, sold only 3,000 of his engines in his peak year. People thought they were a freak, and laughingly called them "coffee grinders." This past year, the outboard industry sold well over 480 motors and looks for far bigger unit sales in 1955. Conservatively speaking, it is estimated that more than 231 million dollars will be spent for outboard boats, motors and gas and oil, alone, this year.

The HUNGRY SPORTSMAN By Eddie Meier

Marinated Pheasant Fried

Hunters are the least of Old John Pheasant's worries these days, what with seasons on these fine birds now closed everywhere. Everywhere, that is, except at daily fee clubs in certain states where gunners can work their dogs and shoot cocks most of the year.

Marinating and frying is a delicious way of preparing ringnecks, whether you got him yesterday at a daily fee club or have been saving him in the freezer since the regular season a couple of months ago!

For your marinade: Into 2 cups sour cream mix 1 teaspoon salt, 1 teaspoon black pepper, 1 teaspoon white pepper, ½ tea-

For your marinade: Into 2 cups sour cream mix 1 teaspoon salt, 1 teaspoon black pepper, 1 teaspoon white pepper, ½ teaspoon dry mustard, 1 teaspoon paprika, 1 teaspoon celery salt, 2 ½ tablespoons lemon juice, 1 tablespoon Worchestershire sauce and 3 cloves garlic finely minced. Let stand for 30 minutes before using.

Cut pheasant into serving pieces, place in a dish, cover with marinade and set in refrigerator 12 to 15 hours. Roll drained pieces of meat in flour and fry in chicken fryer until tender.

Q. If the list of wedding guests is so small as to make engraved invitations unwarrantable, how should the invitations be extended?

A. In this case, the bride may write personal notes of invitation.

Q. I know it is not a "must," but if a girl wishes to give her fiance an engagement present, what should it be?

A. Usually some piece of jewelry—cuff links, a watch or key chain, or a cigarette case or lighter.

Europe, Africa Representatives Gather at Palatine Eimco Plant

Palatine had the "world at its door" last week.

The village played host to 60 representatives from Europe, Africa, and North America. The visitors were in Palatine to attend a general sales meeting of Eimco corp., Hicks rd. and Northwest hwy.

Eimco is the world's foremost manufacturer of underground rock loading machines, known from New Zealand to the Belgian Congo as the "Rolls Royce" in its field. In addition, the corporation manufacturers filtration machinery for pharmaceutical, ore processing, and chemical industries as well as for sewage treatment and industrial processing. They also manufacture machinery for mining and construction.

The Palatine plant of the Salt Lake City firm is the filtration research and development center as well as central sales office. Here laboratory test work and pilot plant operations are conducted. Salesmen, representing all sections of the United States as well as subsidiary companies in France, Great Britain, South Africa, and Northern Rhodesia, were in Palatine to see research and development being conducted in the filter division.

Paul O. Richter, manager of filtration division, said all visitors stayed in Palatine during the week-long meeting.

Eimco has been located here since May and plans to expand on its 26 acres as the need arises.

Kabalin To Direct 'The Mikado' Here

FEDOR KABALIN

Directing the Prospect Heights performances of Gilbert and Sullivan's "The Mikado" to be given on March 19 and 20 for the benefit of the Prospect Heights school and the Community church music departments is Fedor Kabalin, Chicago, at present music instructor at the Park Ridge Military academy and choral director of the Croatian singing society, "Zora," in Chicago.

Accompanist is Phyllis Wilson, musical director at the Prospect Heights and Wilson schools. She also serves the "Mikado" group as an assistant director.

* * *

KABALIN is a native of Zagreb, Croatia, and started his study of music there. He furthered that study at the Vienna State Academy of Music. From that school and Northwestern university in this country he holds graduate degrees in composition and conducting.

In Salzburg he studied at the Mozarteum Summer academy, orchestral conducting with Clemens Krauss, and opera stage direction with Rudolph Hartmann, present general manager of the Bavarian State opera, Munich.

Before coming to the United States in 1950, Kabalin spent several years in South America. In Chile he wrote background music for a feature-length movie, conducted Chile Films studio orchestra, and incidental music for Catholic university drama workshop production.

At Margaret Hall school, Versailles, Ky., he taught and was in charge of opera production.

Kabalin is also known as a composer in several countries. Last October the Louisville orchestra played his "Reflections" for orchestra, from whom he had received an award for the composition.

* * *

MRS. WILSON also gives to the amateur group by her assistance the benefit of a rich musical background in both training and experience. She has studied at Northwestern university, Ellsworth college Conservatory of Music, and Drak university School of Music.

During the past 11 years she has been director of music education in public schools at Maywood, Wheeling, Elk Grove and Arlington Heights and is now at Wilson and Prospect Heights schools.

She has given private instruction in voice, piano and band instruments and is the accordion teacher at Carter School of Music, Mount Prospect.

Her experience includes musical directing and playing in professional production, stock and road shows.

She was a director of the Prospect Heights choral group, and has directed church choirs and served as organist.

Last year the "Pinafore" production in Prospect Heights was successful in great measure because of her help as accompanist and assistant director.

Tickets are now on sale for the production. Box office is Prospect Heights Variety store.

Teens To Learn Fundamentals Of Government

Four members of the Northwest Suburban YMCA sponsored Hi-Y and Tri-Hi-Y clubs have been selected to represent their groups in the YMCA University of Good Government project, a program of citizenship education designed to inform, stimulate, and prepare young men and young women for moral and political leadership in the American democratic processes of government.

* *

REPRESENTING the Hi-Y are Peter Swanson, 121 S. Highland and David Schimmel of 14 S. Evergreen; and representatives of the Tri-Hi-Y are Natalie Glover of 713 N. Hickory and Jane Speers of 932 N. Highland, all of Arlington Heights.

Two hundred and sixty eight teen agers from 134 clubs from all over the Chicago area will meet for 4 sessions during February and March in the Chicago city council chambers, where they will be led by outstanding leaders in the governmental field such as Joseph T. Meek, Adlai Stevenson, Alderman Merriam and member of the University of Chicago round table.

They will learn how to draft a bill, and will actually do so in their home club meetings and will then present the bill at a model legislature in Springfield during April. At this time all the 268 delegates will serve as senators or representatives and actually go through the experience of running our state government for a day.

* * *

MANY BILLS presented in the model legislative assembly have found there way into the State Statutes of today. The trip to Springfield with its model legislative assembly, its experiences with the governor and elected representatives, and climaxed by the Governors Ball is the highlight of a educational movement developed to confirm the principles of democracy in every member.

This program sponsored by the YMCA is in its 12th year, and illustrates just one constructive program for and by teen agers that aids in the development of responsible attitudes in our youth. (A

MAC SAYS

— by G. A. McElroy

NORTHWEST CONFERENCE cage championship is on the line Friday night at Antioch where Palatine tries to subdue the Sequoits for the second time this season. Last year Palatine won at Antioch in an overtime but in the second meeting with championship hopes at stake Antioch came out on top.

The year before Antioch came to Palatine in the final game of the season leading by one game over the Pirates who had lost only to the Sequoits and Ben Floyd, a soph, was the principal factor in tying the score with seconds to go and getting the winning points in an overtime for an Antioch championship.

This is the third time in three years the Pirates have had a chance to get a share of the championship honors if they could just beat Antioch in that end of the season game. Certainly the record over the years favors the Pirates.

Palatine, since 1939, has beaten Antioch 20 times in 26 games and three of the six defeats have been in the past couple of seasons.

The Pirates do not have a better record against any conference school except Grant and Wauconda. The Pirates have beaten Wauconda 25 out of 30 and Grant 24 out of 27 in that same 15 year span.

Anyway, Friday's game depends on which team can capitalize on its own special kind of strength. Palatine has a height and rebounding edge on the Sequoits and can shoot with the best of them. Antioch has more speed and better ball hawks who, since their defeat at Palatine early in January, have been employing a press defense designed to prevent the opposition from bunching their big men around the basket for rebounds.

The team which can make the opponents play to their strength will win.

It is too bad that the Antioch gym seats about 800 instead of the 2,500 who could be accomodated at Palatine. This one could draw 3,000 if there were room for them.

★ ★ ★

LAST FRIDAY'S Antioch-Bensenville game set three league records. Little five-foot-nine Mike Haviland of Antioch stole the ball enough to rack up 42 points on 16 field goals and 10 free throws, and break the mark of 41 set by Art Smejkal of Grant against Northbrook in December, 1951.

Antioch set a new team total record which they will break in each of their remaining games. Their 12 game total of 872 broke the mark of 863 set by Barrington in the 1951-52 season.

Another mark which will be broken two more times this season is the free throwing total of 113 set by Ken Sirotzki of Bensenville Friday when he dropped in 10 charity throws. The old mark for a season was 110 made by Bob Nolan of Wauconda in the 1951-52 season when he set a new scoring record of 344 points. That year Nolan had 117 field goals, a mark which Mike Haviland of Antioch seems due to break for he has 105 with two games to go. Nolan's season total is not in danger for Bob Boyd, the league leader, is 76 points behind the record with two games remaining.

YOU MAY THINK snow is still on the ground, but down Arlington way golf coach Curtis Larsen has announced a schedule of 22 matches for the spring, with several boys hitting balls into the nets "under the gym steps"; weight coach Bill Beckman is working daily with "several of his boys" at the track; and track coach Russ Attis has that faraway look in his eye.

Arlington will be host to the new golf district meet this year. The Heights linksmen may have a good season, but gone from the scene is Jerry Johnston, who moved south after a promising year last season.

Exact status of Bob McDonald anent a troublesome shoulder is also in doubt. Back on the cold front, the Heights cagers will be at York Friday and Crystal Lake Saturday (7:00), gymnastics squad will be at Leyden Friday and host Senn Monday, and the individual high average trophy for intramural bowling is awaiting its winner at Arlington.

Local fans were disappointed when Hinsdale cancelled appearance of its wrestlers at Arlington 65 minutes before start of the meet, due to icy roads.

Those faithful wrestling fans, high school style, turned out 300 strong for the Zion-Benton, Wauconda doubleheader Friday evening and wished six outstanding regulars of Coach Dick Mudge's squad "bon voyage" in the forthcoming sectional. Fans went home smiling as "their boys" copped both varsity and frosh-soph encounters.

And then there's Ralph Laffredi of Zion-Benton who was

Palatine Must Win To Gain Part Of Title

by G. A. McELROY

Palatine height, rebounding power and accurate shooting against Antioch's experience, ball handling, speed, and good shooting. That is the way things stack up as Coach Gene Moylan prepares his boys this week to try for their second win over Antioch and a share of the conference championship which goes with it.

The Palatine boys will be the underdog as they travel to Antioch for the big game Friday but they have been that before and come out on top.

Last year they won an overtime at Antioch after a last quarter rally which had the fans on their feet. The Pirates were rated no chance January 6 when they dumped the touted Sequoits.

★ ★ ★

ANTIOCH HAS been hitting a fast pace since they dropped the 57-55 decision at Palatine in early January. They have been playing a press, down court, defense which has minimized their lack of height. Mike Haviland, little red headed 5-9 guard, has been burning the basket nets with his torrid shooting the past 2 weeks, getting 74 points in the last 2 league games against Glenbrook and Bensenville.

Ben Floyd, a first team veteran of three campaigns and all conference every year, is the tough boy when the going is rough, having been the deciding factor in Antioch's late season wins over Palatine the past two years, each time depriving Moylan's charges of a share of the championship. Clarke, Palmer, and Brownlee are mighty fine ball players but the team will go Friday as Haviland and Floyd perform.

★ ★ ★

PALATINE WILL TRY to make Antioch play their game, and if they can slow it down may whip Scott's team on superior height under the basket. Dave Schurtz, best rebounder in the league, has able support from 6-2 Roy Hahnfeld and 6-4 Dave Nesset, Alan Eck 5-11 and Jim Goetz 6-0 are the good ball handlers depended upon to control the ball and stop Antioch's famed fast break from their guard positions.

The addition of Hahnfeld has given Palatine much added scoring punch and rebounding as the big sophomore has scored a total of 30 points in two league games since moving up from the frosh-sophs.

Palatine goes into the title battle with a 10-2 record, having lost the league opener at Wauconda by two points and dropped a double overtime at Ela-Vernon a couple of weeks ago. Antioch's 11-1 record is marred only by its defeat at Palatine. The Sequoits have a 19-2 record for the season and are gunning for their third straight championship. Next week the season closes with Grayslake at Palatine and Antioch at Ela-Vernon.

★ ★ ★

IN OTHER GAMES this weekend Bensenville will be host to third place Ela-Vernon in what stacks up as a real ball game. Ken Sirotzki has broken the league free throw record and hopes to rack up some more in the remaining two games and give future marksmen from the charity line a real mark to aim at.

Bison fans will get a look at Ela's ace, George Severance, who has scored 250 points in 12 games.

Grant travels to Wauconda to risk their jinx over the Bulldogs. Grant has not won a game away from home since they beat Grayslake before Christmas and fourth place Wauconda is the favorite. The other game finds Glenbrook (3-9) at Grayslake (2-9) in a game to see who can stay out of the cellar.

Monday the Bisons will play at Grant in preparation for the Lisle district tournament the end of next week.

Palatine And Arlington Wrestlers In Sectionals

Pirates Could Place High

Palatine enters the Elgin wrestling tournament Friday with high hopes of qualifying a few boys for the state tournament. Five Pirates have excellent season records and rate among the better prospects in the field where Oswego, York and Elgin are regarded as the stiffest competition.

Leonard Rohde, junior heavyweight, has lost only one decision in 12 matches. Larry Wheeler, senior, at 175 has won 12 out of 13. Hans Wehner, a junior wrestling at 127 has 13 wins and only one defeat. Jim McCreery, junior, 112, has won 12 and lost only 2. Ron Bessemer, leading competitor last year and winner of 8 out of 9, may not compete due to an injury which has sidelined him for 3 weeks.

Bessemer is a senior and if he does not compete at 120 pounds another senior, Bob Fremd, will carry a 10-4 record into the tournament at that weight. Other probable entries and their weights are Andy Anderson, soph, at 95 pounds; Richard Schollz, freshman, at 103; Karl Schwenk, soph, at 133; Dennis Lundgren, soph, at 138; John Dilks, junior, at 145; and Richard Lundgren, junior, at 154 and Harold Verdung, junior, at 165.

Won and lost records are Anderson 9-4, Schollz 3-7, Schwenk 4-6, D. Lundgren 7-6, Dilks 9-5, R. Lundgren 2-1, and Verdung 7-6.

★ ★ ★

FIRST ROUND at Elgin starts at 6:30 p.m. with the quarter finals following. On Saturday the semi-finals are held at 10 a.m. and the finals at 2 p.m. First and second at each weight go to the state tournament at Champaign the following weekend. Admission will be 25c and 60c except for the final when the adult rate will be 75c.

Teams in the tournament are Crystal Lake, Morris, West Aurora, DeKalb, Oswego, Wheaton, Wheaton Academy, Elgin, Ottama, McHenry, Palatine and York.

Last week Palatine polished off McHenry in a dual meet 42-5. Larry Wheeler (175), Harold Verdung (165), Dennis Lundgren (138), and Hans Wehner (127) won by pinning their opponents while Andy Anderson won on a forfeit in the 95 pound class and decisions were taken by McCreery (112) by 5-0, Fremd (120) 7-3, Dilks (145) 5-0, Dick Lundgren (154) 4-2, and Rohde (heav) 5-0. Schollz (103) wrestled his man to a draw.

Rate Cards 2nd At Waukegan

Starting lineup for the Waukegan sectional wrestling tournament insofar as Arlington Heights high school is concerned was released Tuesday of this week with 7 seniors heading the list. They include Vic Carlino, Ken Piepenbrink, Ken Bredfeldt, Wally Mulso, John Heintz, Floyd Burns and Bruce Wilkerson.

Competition starts Thursday, Feb. 17, at 7:00 p. m. in the Waukegan high school gym. After a layoff Friday, semi-finals will be held Saturday at 2:00 with finals starting at 8:00 p. m. Saturday night, Feb. 19.

First and second place winners will go downstate, with substitutions from third and fourth placers to be made in event replacements are necessary.

★ ★ ★

THE ARLINGTON team is rated just a little below New Trier in spite of having defeated the north shore school. New Trier appears to have the edge in weights where there isn't too much tough competition, while the Cardinals are strongest at weights where certain individuals are certain to cause trouble.

Naturally, the Heights team would like to take the sectional trophy. If ever a Heights grappling team was going to do it, now's the time. Mainstays of this season's outstanding aggregation with only one dual loss have been six seniors, all of whom will be gone before another fall rolls around.

Heights frosh-sophs will provide replacements but the opportunity to cop a sectional title was never closer than it is this week.

★ ★ ★

ACTUALLY, Arlington and New Trier are rated about 45-55. Either school could take home the marbles, depending upon those many contingencies of just what "injured" boys suddenly find themselves ready for the sectional, who isn't sick with butterflies, and upon whom lady luck is smiling.

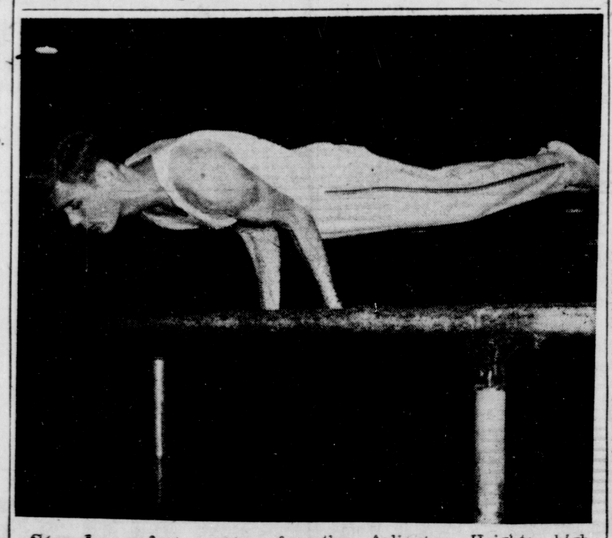
Vic Carlino leads the Cardinals into action sporting an unblemished 16-0 record. Close behind is Bruce Wilkerson with 11-1-3, John Heintz with 13-3 and Floyd Burns with 13-2-1.

★ ★ ★

COMPLETE LINEUP:
95—Ralph Carlino (14-3).
103—Vic Carlino (16-0).
112—Bob Gutierrez.
120—Ed Beier (6-6-2).
127—Ken Piepenbrink.
133—Ken Bredfeldt (12-3).
138—Jack Ebert (7-6).
145—Wally Mulso (14-2).
154—John Heintz (13-3).
165—Floyd Burns (13-3-1).
175—Al Rose (8-3-2).
Hvy—Bruce Wilkerson (11-1-3.)

Junior starters are Gutierrez, Beier Ebert and Rose, with Ralph Carlino a freshman.

Checking suits is just one of the many jobs of team managers, as shown above by freshman managers Tony Thomas (left) and Jim Hughes at Arlington Heights high school. The boys have plenty of responsibility, with taking care of hundreds of dollars worth of basketball suits, towels, and equipment heading the long line of duties. Without the managers, many a team would cease to operate smoothly. —Staff Photo



Steady point getter for the Arlington Heights high school gymnastics team is Dick Neiland, pictured above as he does a flange on the parallel bar in preparation for Friday night's meet at Leyden. A junior, Dick has been a consistent all-'round competitor for Coach Gay Hughes. Local gymnasts are scheduled for a meet at Leyden Friday, starting at 8 p. m. The squad will play host to Senn of Chicago Monday night, again at 8 o'clock. —Staff Photo

Heights Sophs Have Chance For Second

by BOB PADDOCK

Next to the last chapter in West Suburban league basketball will be written Friday night as Arlington travels to York, LaGrange plays at Hinsdale, Downers goes to Maine and Riverside hosts Glenbard. Downers Grove is currently leading the parade, one game ahead of LaGrange, two above Glenbard.

Locally, the Cardinals are still losing but have dropped some close ones with juniors seeing plenty of action. The Heights five lost to league leading Downers and LaGrange by 3 each time, then dropped a 1-pointer to third place Glenbard. Coach Howard Lester's five can't come much closer without winning.

★ ★ ★

ARLINGTON will be on the road both Friday and Saturday nights this week, at York Friday and at Crystal Lake Saturday. Last time York ran roughshot over the Cardinals in 96-51 fashion as the Heights team fell apart. This time it could be an even game.

Wayne Mueller will be in the starting lineup for Heights, serving with Bill Randag at forwards. Dennis Striegel will be at center, with Jack Riggs and Denny Maher at guards. This will probably be the same five-some that will start the regional tournament just two weeks away.

★ ★ ★

THE CARDINALS have lost their last 5 West Suburban loop games by a total of 18 points. They lost to Maine by 5, Downers by 3, LaGrange by 3, Glenbard by 1 and Riverside by 6. This same group, except for Maine, previously whipped the locals by 33.

The frosh-sophs have a chance to take second in the final 2 games against York and Hinsdale. Victories against both schools would give the locals a 14-3 overall mark, an acceptable figure. Splitting these final 2 contests would mean third place.

The Crystal Lake affair will be the last basketball encounter between the two schools. Lack of fans' support has brought a change with Elgin replacing the Lakers on the Card schedule.

Heights Sports Menu

Thursday, Feb. 17, sectional wrestling at Waukegan, 7:00.

Friday, Feb. 18, varsity and frosh-soph basketball, York, there, 7:15. Gymnastics, Leyden, there, 8:00.

Saturday, Feb. 19, JV and frosh basketball, York, here, 9:30. Sectional wrestling at Waukegan, 2:00 and 8:00. Varsity and basketball, Crystal Lake, there, 7:00.

Monday, Feb. 21, gymnastics, Senn of Chicago, here, 8:00.

Redwings Back In Arlington

There's plenty of winter left but that isn't stopping an industrious group of young men from methodically going about the business of reviving Semipro baseball in Arlington Heights.

Plans are to present the finest teams in the entire Chicago area at the beautiful ball park each Sunday afternoon.

★ ★ ★

ALMOST ALL players in the Greater Chicago Midwest semipro baseball league have had professional experience and a large percentage were minor league stars. The Redwings are back in the league and will rank among the better teams.

The Redwings are in the process of scheduling midweek night games. These will be away from home but within easy driving distance and played under lights.

★ ★ ★

REDWING MANAGER Bud Blumenthal will be happy to talk to any player interested in trying out for the squad. Competition will be keen for all positions.

Especially welcome are ideas and names of sports-minded individuals and businessmen who are interested in sponsoring the team or in contributing toward the success of the program in any way. Bud Blumenthal can be contacted at 8256 Kilpatrick ave., Skokie (tel.: ORchard 3-1356).

Arlington Gymnasts Host To Senn Monday

Arlington Heights high school gymnasts will play host to Senn of Chicago Monday night, giving local fans an opportunity to see one of the better city teams in action in the boys' gym at Heights. Meet will start at 8 p.m.

Scoring for this meet will be "country style" of three best boys from each school on each piece of equipment. Two weeks ago Senn won "city style" with three champion nip, intermediate and novice divisions for competitors on all pieces of equipment.

Senn won that time, but Coach Gay Hughes is counting on the more up-to-date style of competition to give the Cardinals the edge. "The country way" is followed by all suburban schools.

Palatine Upsets Oswego In Wrestling

Oswego came to Palatine high to wrestle Tuesday night boasting a record of 17 wins and only one loss, a one pointer to Joliet. The Pirates, who had won 13 out of 15 this season, gave the visitors a 30-14 trouncing in the best wrestling matches of the season.

Harold Verdung (165), Dennis Lundgren (138), and Larry Wheeler (175) pinned their opponents. Verdung's opponent had been undefeated this season. Palatine boys who won decisions in tough close matches were Leonard Rohde (heavy), Bob Fremd (133), Ronnie Bessemer (120), Richard Schollz (103), and Andy Anderson (95).

THREE OF Palatine's top wrestlers, John Dilks (145), Hans Wehner (127), and Jim McCreery (112), were beaten in very close matches while Richard Lundgren (154) was pinned. The matches closed out one of the finest seasons Palatine has enjoyed in any sport with the state eliminations coming up Friday night at Elgin where the Pirates and Oswego will be two of the strongest entries. Palatine has come up fast under the coaching of John Ellis who just introduced the sport here 3 years ago.

Baseball For Boys, Inc. Formed In Mt. Prospect

Men interested in baseball for boys of Mount Prospect are invited to attend a general meeting at the VFW clubhouse Monday Feb. 21, at 8 p.m. Plans for the forthcoming baseball season will be discussed.

This year's guiding hand will be provided by the newly-formed "Baseball for Boys, Inc." of Mount Prospect which now combines the minor league, Little League and Minor League, Little League and Pony League into one organization. This new group will direct baseball activities of boys through the ages of 8 to 14.

Player registration will take place at the village hall March 5, between 11 a.m. and 1 p.m. A parent is requested to accompany each boy and a birth certificate must be presented at time of registration. Boys who participated in last year's league play will not be required to produce a birth certificate. Registration fee is $1. All proceeds go to provide equipment for the boys.

The Mothers auxiliary of Baseball for Boys, Inc. at its February 9 meeting, voted the temporary officers to become permanent officers for 1955-56. Mrs. Edwin Erber is the group's president; Mrs. Robert Leekley, vice president; Mrs. Loren Blake, secretary and Mrs. Fred Peter Peterson, treasurer.

Committees were appointed to supervise the sale of refreshments at Owen st. and Lions Parks during the baseball season.

The auxiliary meets the second Wednesday of each month at 114 S. Edward st. All women, whether they have sons in baseball or not, are invited to attend.

THERE IS SOME TALK the 24 second rule used by pro basketball should be tried in prep basketball. We are not one to agree with such a suggestion because we think that basketball has become too much of a run and shoot game with the rules changes and interpretations of the past few years.

However, the Thornton-Lockport game of last Friday would cause support to be given to the pro rule which requqires a shot for the basket to be attempted within 24 seconds after a team gains possession of the ball.

Last Friday Lockport got a first quarter lead of 12-11 and then held the ball and invited Thornton's defense to take it away from them. Thornton declined and the ball was held out of play through the second and third periods. Finally Thornton moved out to get the ball in the late minutes of play and fouled so much that Lockport won 24-14 with one player making eight straight in the final few minutes.

LEAGUE LEADERS around the suburban area are approaching the final weeks of the season with only a one game lead over strong rivals in most instances. Barrington has sewed up their third straight North Suburban title undefeated after taking four straight in the Northwest conference.

Morton of Cicero has a one game lead on Evanston in the Suburban League. Downers Grove leads in the West Suburban by one game over LaGrange.

West Rockford is undefeated but only one game ahead of once beaten Elgin in the Big Eight. Thornton leads the South Suburban by one game over Bloom and Lockport and still has to meet Bloom. Sycamore has clinched the Little Seven title, in a conference where Dundee is rated as having an off year when they finish second.

* * *

LIBERTYVILLE, Arlington's opponent in the forthcoming Glenbrook regional, has in starter Larry Ray a man who has hit 55% of his field goals, but only 46% of his free throws . . . Only three of Barrington's team, Craig Oberst, Dick Schwemm and Tom Folleth, are seniors.

When Downers recently beat Heights in closing seconds it was the first time a Card varsity or frosh-soph cage team had ever lost to that school on the home floor.

Maine lost its initial indoor track meet to New Trier, 63-37 . . . Robin Roberts gave up the most homers in the major league in '54, (35), but also started the most games (38), completed the most (29), won the most (23), hurled the most innings (337), and fanned the most (185) . . . Heading the group of celebrities honoring Otto Graham at Waukegan Feb. 26 are "Tug" Wilson, George Halas, Arch Ward and Harry Stuhldreher.

They're calling Glenbard's Bill Biederman "iron man" after playing in both sophomore and varsity games against Robinson and Wheaton.

Illini fencers have won 34 of their last 36 matches . . . Maine cage coach John Sebastian played with the New York Celtics after college graduation in '47, taking the tour against the Globetrotters across 48 states and around the world in the first jaunt of that nature for Abe Saperstein's boys . . . Hebron has lost 16 straight, but a new gym is being built, the grade school team has not been beaten in two years, and there are three sprouting brothers of 7-foot center Bill Schulz playing basketball . . . Down at Rich township where Greg Sloan is in command tournament drums are thumping for Roger Taylor, being compared to Lou Boudreau of 1935, and 6-5 Lloyd Rose, newly unveiled, with fans that way starting to chant "Sweet Sixteen."

Up from the JV's to the varsity cage squad at DeKalb college is Bill Grenell of Grant . . . Acting frosh cage coach at Illinois until service calls is Max Hooper, last year's three year starter for the Illini.

Arlington Wrestlers Beat Zion-Benton

Arlington Heights wrestlers won a double meet Friday night, the varsity topping Zion-Benton, 36-8, and the frosh-sophs whipping Wauconda varsity, 43-11. Thursday's scheduled match against Hinsdale was cancelled one hour ahead of game time due to icy roads.

Three hundred fans were on hand to see the double meet at Heights Friday. Coach Dick Mudge introduced competitors, coaches, managers, and officials, and saluted the six Arlington seniors performing on the local mats for the last time.

* * *

NOTHING outstanding resulted from the two victories, other than bettering the Heights record. Only close varsity match was at 127 where the Cardinals' Ed Beier lost a 5-4 decision.

Vic Carlino was pushed to 7-5, but was obviously attempting a couple of thrillers instead of standard wrestling and was almost pinned in the process.

Scoring for Zion-Benton were Peters, who decisioned Beier, and Vedder, who won on forfeit at 145.

Card Frosh Lose 2 of 3

Arlington freshman basketball teams lost 2 of 3 games this past week, the "A" squad dropping a 44-34 decision to Glenbard Saturday, and the "B" team whipping Glenbard, 35-30, Saturday but losing to Bensenville Tuesday, 52-41.

A 20-4 second quarter against the Heights "A" team by Glenbard sewed up that contest Saturday, putting an end to the locals' 14-9 first period lead. Scoring for Coach "Bus" Ormsbee's boys was divided among 6 boys with Bob Lockwood getting 12. Jordan and Domville led the winners with 14 apiece.

* * *

THE "B" TEAM beat Glenbard, 35-30, in a close game that was tied at the half, 12-all, and 26-25, Glenbard, in the third segment. Three baskets by Carstens helped the Heights cause for Coach Ken Schaller the final quarter. Murray tallied 15 points for the winners, Fesler garnering 11 for the losers.

Bensenville freshmen tripped the Heights "B" team Tuesday, 52-41, after Heights had taken a 12-10 lead the opening quarter. A 23-11 second period made the difference with Arlington coming back the third, 10-7, but falling again, 12-8, the final chance. Murray and Hutchinson each scored 12 for the losers with Mayer getting 14 and Biefeld 12 for Bensenville.

Heights JV's Win

Arlington's JV basketball team took the measure of Glenbard Saturday, 63-44, leading all the way. Seeing action for Heights were Wayne Haemker, Jim Summers, Wayne Malzahn, Dick Christain and Dick Siech with field goals divided among this group in 8-4-9-2-4 fashion, a healthy grouping. Malzahn was high with 20 points.

The varsity juniors of Heights led at the quarters, 12-8, 31-18, and 49-33. Bennett tallied just two buckets for the losers, but counted 10 of 12 free throws. Carle also counted 14 points for Glenbard.

Traffic Hazard

Don't let yourself become a traffic hazard. Standing in the roadway examining your flat tire too often results in blocked roadways. Oncoming traffic, often traveling at high speeds, may be unable to avoid a collision.

Undefeated Numerals At Yale University

Richard Hill Winterbauer, of Arlington Heights, is one of 44 members of the undefeated Yale freshman football team to receive numerals for the 1954 season. The Bullpups defeated Columbia, Cornell, Brown Dartmouth, Princeton and Harvard. This was the second consecutive undefeated team for freshman coach Gib Holgate.

Winterbauer, a quarterback, prepared for Yale at Arlington Heights high school, where he played four years of football, and participated in track and basketball.

At Yale he was elected co-captain of the freshman football team.

Kentucky Heads Double Bill At Stadium Feb. 19

Successful, controversial Adolph Rupp and the nationally high ranking Kentucky basketball team will face De Paul next Saturday night, Feb. 19, in the feature of the collegiate doubleheader in the Chicago Stadium.

The other half of the bill will match record-breaking Western Michigan of Kalamazoo against Loyola University, beginning at 7:45 p.m.

Until its second upset loss to Georgia Tech, Kentucky was rated No. 1 in every major weekly poll from the start of the season. Even that setback dropped the Wildcats only to second.

* * *

RUPP DID a remarkable rebuilding job at Kentucky which lost three of the nation's best individuals by graduation, All-American Cliff Hagen, Frank Ramsey and Lou Tsioropoulos. In fact, he didn't expect his team to function until mid-season but the Wildcats fooled him. They caught fire at the outset and, led by a pair of 6-7 sharpshooters, Bob Burrow and Phil Grawemeyer, they added victories to the string of 25 without a defeat established last season.

Lowly rated Georgia Tech upset them in the eighth game of their schedule and repeated on January 31. Rupp's all-time record for 24 previous seasons shows 496 victories, 82 defeats for .858.

* * *

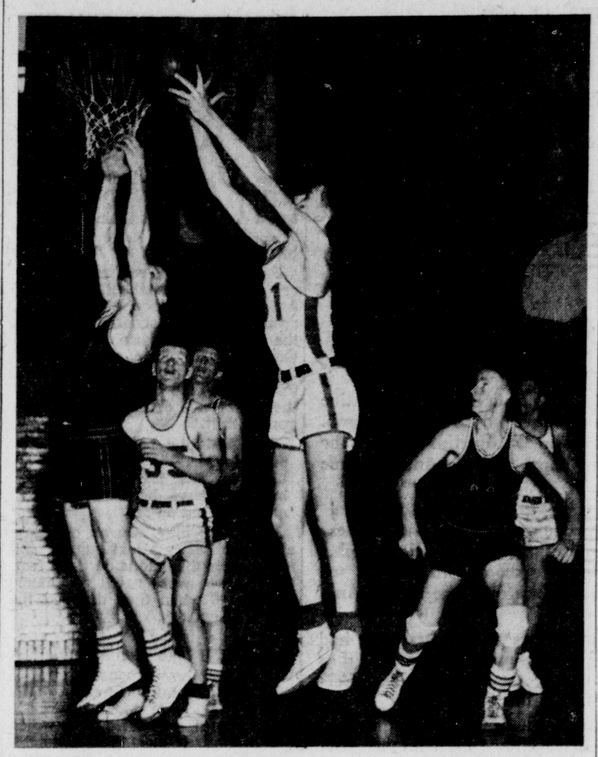
RUP, now in his 25th year at Kentucky, is an intense, zealous coach whose burning desire to win resulted in a recent showdown when his squad's apparent lethargy displeased him. Out of it, he lost the services of veteran guard, Linville Puckett, who quit school and enrolled elsewhere. However, that gave an opportunity to Gayle Rose and the Wildcats continued merrily on.

Western Michigan already has set several school records, highlighted by a single game scoring mark in the 118-76 victory over Kent State university. Capt. Harold Stacy, guard, scored 35 points for a new individual record in the win over Bowling Green. His 17 free throws also were a mark. The team free throw record went by the boards in that contest also as the Broncos dropped in 42 out of 51.

Can't Afford It

We don't like to admit it, but the fact is that our preferences are dictated by our ability to pay.

Antioch Slow In Starting, Then Rushes To Win, 91-59



Phil Johnson (31) grabbed this rebound for Bensenville against Antioch Friday night, but it wasn't enough as the Sequoits turned on the offensive steam just before intermission to win a record breaker, 91-59. Missing the rebound under the basket is Warren Brownlee (14) of Antioch.

BY ELI WHITNEY

After a close first quarter Friday evening, the visiting Antioch Sequoits rallied to trounce Bensenville Bisons 91-59.

Bensenville took a small lead in the first few minutes of play. Although Antioch soon caught up, the Bisons managed to hold them enough to prevent a rally. The lead swayed from team to team until the end of the first quarter which found the score 17-17.

* * *

THE PACE increased considerably and both teams became tense as the second period advanced. Then with less than three minutes left in the half, Sequoit Haviland dunked three in a row to give Antioch a 31-27 lead. The ice was broken and Antioch went on to gain 15 more points and lead 46-28 at intermission.

The last half saw the Sequoits increase their margin by gaining 45 points to Bensenville's 31. The final score, 91-59, Antioch.

* * *

HIGH SCORER of the evening was Mike Haviland, Sequoit guard. Mike racked up 42 points with 16 baskets and a 100 per cent free throw average of ten out of ten. Next highest was Ken Sirotzki of Bensenville with 18 points on four field goals and ten of 12 attempted free throws.

Pan-American Tryouts For Olympic Gymnasts At New Trier Feb. 26

First details of the Pan-American tryouts for gymnasts have been released with the special event slated for New Trier high school Saturday, Feb. 26. Arlington Heights high school coach, Gay Hughes, will be one of the judges of the event.

Funds raised from the tryouts will pay the freight on the Olympic stars traveling to Mexico City for the Pan-American games. Competition will include only champion gymnasts, including world's fastest rope climbers, world's best tumblers and trampolinists, and plenty of all-around gymnasts.

Admission will be $1.50 adults, $1.00 students, with eliminations starting at 1:30, finals at 7:30.

Palatine Beats Glenbrook, Rallies To Edge Zion-Benton

Palatine won their 10th victory in 12 conference games Friday at Glenbrook, 71-54, to stay on the heels of league leading Antioch. The Pirates took a five point lead in the first quarter and outscored the Spartans in every period of the game though they held only a 32-26 margin at the half.

Roy Hahnfeld in his second league game since leaving the frosh-sophs continued his good rebounding and scoring with 16 points for Palatine. Dave Schutz at center had 17, John Goetz 15, and Alan Eck 14 for a well balanced scoring effort. Schutz, Eck, and Goetz each had seven field goals and the three of them averaged 50% from the field. Hahnfeld got 10 points of his total on free throws.

Bob Boyd boosted his scoring lead to 268 points in 12 games with 23 counters on seven from the field and nine out of 12 feee throws.

SATURDAY NIGHT Palatine came from behind to nip Zion-Benton 74-73 in a free scoring game on the home court. The Palatine team trailed, 20-13, the first quarter, 38-36 at the intermission, and 56-52 at the end of three quarters. Palatine made eight out of 11 free throws in the final quarter in a 22 point attack which just barely got them on top at the finish. John Goetz scored 10 and Alan Eck 8 points in the last quarter rally which won the game. It was Pete Trenchard with 10 points and Dave Schutz with 9 who got Palatine back in contention in the second quarter.

Goetz had 21, Schutz 19, Eck 16, and Trenchard 10 for Palatine. Daniels Zion center, tallied 25 points to lead all scorers. Palatine made 28 baskets in 64 shots for 43.75%. Zion made one more field goal but Palatine had a free throwing edge with 18 out of 30.

PALATINE frosh-sophs were outclassed at Glenbrook Friday night, losing their seventh conference game in 12 starts 63-37. Glenbrook ran up a 35-16 lead the first half and outscored the Pirates in every quarter for a very easy victory.

Ragland, Glenbrook center, scored 20 points and along with guards, Lind and Youngberg each made 6 out of nine free throws. Glenbrook had 41 free throw tries due to Palatine's 27 personal fouls and made 23. Palatine had a good percentage of 17 out of 30 charity tosses but scored only 10 field goals to Glenbrook's 20. From the field Palatine made 10 out of 37 while Glenbrook got 20 out of 60. Pat Glynn and Gerry Segebrecht each had eight points to lead Palatine's scoring but four Glenbrook boys exceeded this total. It was Glenbrook's eighth win against four setbacks.

SATURDAY night Palatine frosh-sophs played their best game of the year but fell to Zion-Benton 45-42 in two overtime periods. It was a nip and tuck game all the way after Zion took an early 11-7 lead. Palatine closed the gap to 28-26 at the half and 36-35 at the end of three quarters. Pat Glynn scored eight points in the last quarter to help tie the score. In the first overtime period McClung got two free throws and a field goal but Neave of Zion did the same to send the game in to the sudden death second period with the first two points winning the game. Brown, Zion forward sank a free throw and then came back with a goal from the field to give the visiting team the decision.

Brown and Krigas had 15 and 13 points for Zion. Dave McClung had 16 and Pat Glynn 12 for the Pirates.

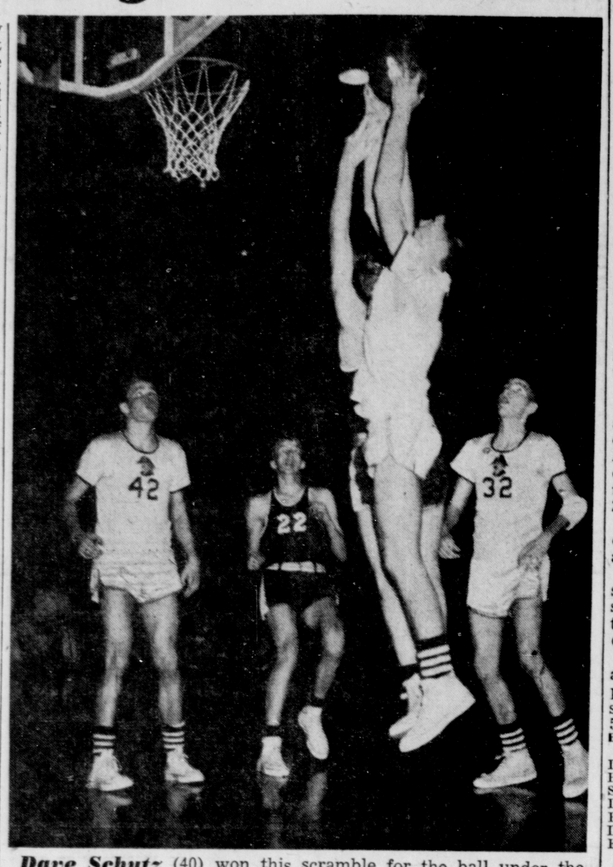
Washington a Writer

Probably no American in his time wrote more voluminously than Washington—not even Franklin. Although a poor speller and grammarian, he offset these defects with a lucidity of thought and a high intelligence seldom matched



Dave Schutz (40) won this scramble for the ball under the basket in Saturday night's 74-73 Palatine victory over Zion-Benton. The Pirates were playing at home, and were behind at every quarter, including the short end of a 56-52 tally going into the final period. Watching the play for Palatine can be seen Dave Nesset (42) and Pete Trenchard (32). Ready to dash back to position is Goodwin (22) of Zion-Benton. —Staff Photo

Bison Sophs Give Antioch A Tussle, But Lose

by MAX ZOLLNER

Bensenville sophs made a strong bid for a second place position, Friday, but were edged by league leading Antioch, 55-49. Scoring honors went to Hastie as he sank 10 baskets and three free throws for the Sequoits, while his teammate Huml netted 18 points. Tops for the Bisons were Lars Henricksen and Leon Langguth with 17 and 16 points.

After taking an early four point lead, the Bisons faltered, and Antioch soon had tied the game. From that point on, it was nip and tuck with the lead changing hands often. At the end of the first period Antioch held a slight edge, 11-10.

* * *

THE SEQUOITS started pulling away in the second quarter as they outscored the junior Bisons, 17-11. Antioch's forward Hastie contributed ten points to the cause. At halftime the scoreboard read Antioch 28, Bensenville 21.

Antioch was able to hold their own in the third period and added another point to their lead.

Trailing, 43-35, the Bensenville squad fought back in the final seven minutes and came within two points of the fast-moving Sequoits.

But Huml and Herbst went into action for Antioch and the visitors pulled away again. The final buzzer sounded with the score standing 55-49, Antioch.

Heights Sophs Muff Chance At 1st, But Run Over Riverside

Arlington's frosh-soph cagers had first place within their grasp Friday night, but let it slip as they bogged down the second half to lose, 53-42. They made amends Saturday at home against Riverside, 67-45, but it was too late.

The young Cardinals had Glenbard on the run in the first half. They led the first period, 12-8, and increased it to 28-18 at intermission. Tom Jacobsen led the Klotzmen at this point with 16 points. The Red and White was riding high.

* * *

THEN CAME that second half. Arlington bogged down, boys were out of position, shots went wild. Time after time the locals were caught in a group in the middle of the floor, decidedly not in position to play basketball.

Glenbard closed the gap to 38-35 going into the final quarter with the Cardinals held to two baskets the final segment. Glenbard took a 3 point lead, then stalled. Heights came out and fouled in attempts to get the ball, and the hosts tallied 8 the final minute to win, going away.

Biederman led the winners with 21. Jacobsen was tops for Heights with 18.

IT WAS DIFFERENT Saturday night at home. The Cardinals were in command all the way, 12-10 the first quarter, 30-18 the second, and 55-30 into the home stretch. Coach Maurice Klotz used his starting 5 the first 3 quarters, then cleared the bench as 17 boys saw action.

Pat Brownell started slow, but had good second and third quarters. Dan Vittum looked good, with Tom Jacobsen not scoring much but playing a good floor game. Bruce Bjorklund was plagued with early fouls which hurt.

Bill Palmer hit 5 field goals and 8 of 11 free throws for top scoring honors, with Dan Vittum making good with 17. Dan Vittum tallied 14. Sering and Grose led the losers with 12 apiece, the former hitting 10 of 11 charities.

Arlington Jr. High Defeats Palatine Twice

Arlington's lightweight and heavyweight junior high school teams took a double victory over Palatine by decisive scores Saturday morning at Heights.

The lightweights, coached by Ted Wissen, ran away with Palatine to the tune of 46-19. Score at the end of the half stood at 16-9. An 18 point 3rd quarter for Heights iced the game.

Scoring for Arlington were Double, Innman, Pratt, Gustafson, Bennett, and Klagess. Scoring for Palatine were Broderick, Villarreal, Baumrucker, Muller, Welty, Hicks and Freter.

* * *

HEAVYWEIGHT game was not so one-sided, with coach Bob Spinks squad winning, 58-39. The winners had a good first and third quarter but Palatine outscored Heights 12-8 in the second and 12-11 in the third.

Scoring for Arlington: Whitelaw, Hints, Grosby, Johnston, Garr, Ebert, Meehan, Weisenback, and Rothenberger. Scoring for Palatine: Meyer, Christensen, John, Funston, Hodgson, Gephart, and Wietzel.

Ela Holds Wauconda To 10 FG, Wins, 47-35

Ela-Vernon played defense Friday night and limited Wauconda to 10 field goals for a 47-35 victory. It was the second time this year that Ela has whipped its neighboring rival. Hurley of Ela guarded Ed Okpisz, Wauconda's six foot center so effectively that the big boy was held without a point. George Severance had the assignment of covering Gene Jaskot, Wauconda's ace scorer, and held him to nine points while collecting 20 himself.

Both teams scored 12 in the first period and then Wauconda took a 20-19 lead at the half. Thereafter Ela was in command and outscored the losers 18-9 in the final period. Don Smith's 13 points was the best for Wauconda who dropped to fourth place with an 7-5 record while Ela kept third with 8-4. Ela frosh-sophs fashioned an easy 52-22 victory over the hapless Wauconda boys who have lost every game this season in and out of the conference.

GRANT EMERGED from a tie to take over fifth place in the league standings by beating Grayslake for the second time this season 57-51. The Fox Lake five had to come from behind to turn the trick but they tallied 25 points in the last quarter to 11 for Grayslake to do it. Denny Hodge, soph forward, chalked up 14 points for the winners while Madden had 13 and Neuman 12. Bob Bein, Grant's top performer, had to retire with a bad ankle in the second half and his mates rallied to win without his help. Johnson scored 13 and Vanderspool 12 for the losers.

Grant's frosh-sophs, led by Dick Grenda and Bob Medine who together tallied 34 points, ran up an easy victory to avenge an earlier defeat. It was Grant's fifth win against Grayslake's sixth loss in 12 games.

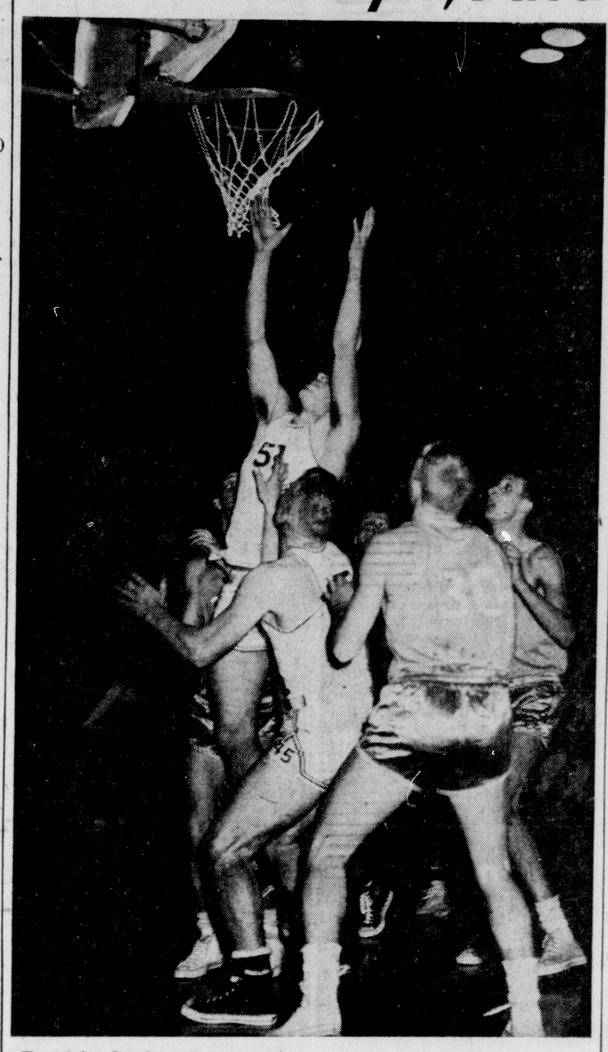
Arlington Cagers Lose To Glenbard By 1, And Riverside



Dennis Striegel (51) goes up in the air for this one for the Arlington Cardinals Saturday night against Riverside-Brookfield, but it wasn't often enough as the locals lost, 62-56. Next to Dennis is Wayne Mueller (45) while the handsome back to the camera belongs to Nelson (30) of R-B. —Staff Photo

Arlington's basketball Cardinals lost two more games over the weekend, a 63-62 affair at Glenbard Friday and a 62-56 loss at home against Riverside Saturday. The Heights frosh-sophs lost Friday night, 53-42, but topped Riverside Saturday, 67-45.

A 23 point fourth period enabled Coach Howard Lester's charges to come within winning distance of Glenbard Friday, but it was still 2 points short of victory. The Bards took a 15-14 lead the first period, then stretched it to 32-26 at intermission. The winners went out ahead, 49-39 going into the home stretch, whereupon the locals hit for a 23-14 margin, but were still one point short.

* * *

THE BENCH proved valuable to Heights Friday night as Wayne Malzahn, Jim Summers and Dick Siech all performed creditably when called upon. John Sujack, the Cards' number 1 scorer, was hurt after 3 minutes of the first period, and didn't play the rest of the weekend.

Nine boys scored buckets for the Cardinal and White, Denny Maher leading with 15, and Jack Riggs 11. Tops for the winners was Schaus with 20.

ARLINGTON proved it could play a good double weekend for the first time this season when the locals hit 50% of their shots the first half against Riverside Saturday, then hit 25% the second. Both squads had an equal number of shots from the field, with Heights continuing its shot patterns. The hoop was too small, however.

The Cardinals took an early lead, 20-16, the first quarter, and stretched it to 37-31 at halftime. Then came the bad third segment when R-B poured it on, 24-9, with Heights unable to make a single shot for 4 full minutes.

* * *

RON ASHLEY replaced Sujack as a started in the R-B game, performing well. Only 5 boys scored though, with Denny Maher counting 15, Jack Riggs 14, and Bill Randag and Dennis Striegel 10 each. High for Riverside was Daleo with 16. Anderson and Newman scored 14 with Nelson garnering 12.

Card Gymnasts Repeat Win Over New Trier

Arlington Heights high school gymnasts once again took the measure of New Trier, this time 76 1/6 to 55 5/6. Victory margin of the previous Card victory was shaved exactly two-thirds of a point this time at the north shore school.

Coach Gay Hughes' squad took 6 of 9 first, though 2 of them were part of a 3 way tie on long horse. Carl Krautwurst and John Koeppen tied with Buck of New Trier for first on long horse. Krautwurst and Koeppen also tied for top honors on rings.

Other Heights firsts were gained by Koeppen on parallel bar and Bob Baas on horizontal bar. Only firsts for New Trier were scored by Buck on side horse, trampoline and tie on long horse.

They Forgive Easily

The Pittsburgh Pirates finished in the cellar in 1954, but the fans appear to forgive easily. According to The Sporting News, the advance ticket sale for 1955 totaled nearly $252,000 in the first 33 days of the sale. That's $7,600 a day, and nearly $14,000 better than the fans did in a comparable time last season.

Hawks Hand Elgin 2nd Loss; Kenosha Monday

Wheeling Blackhawsk came forward with probably their best team effort in their seven year history Monday evening, when they handled the Harmening Catts of Elgin a 77-68 defeat at Arlington Heights high school gym. The loss was Elgin's second this season.

Elgin's Dunning opened the scoring with a drive-in a few seconds after the opening tip-off to give the Catts a momentary 2-0 lead. However, the 'Hawks came roaring back, as Vic "Bevo" Heimsoth hit the first of his six first quarter field goals to tie the score and seconds later hit another to put the 'Hawks ahead to stay. Wheeling shot at an phenomenal 75% pace in the first quarter, hitting on 12 shots of 16 attempts and led 28-16.

* * *

IN THE SECOND quarter and third quarters both clubs played even up ball, with each team picking up 36 points. Elgin was paced by Bob Survant, former Elgin high school star and Grover, former star at Dundee high school, each scoring 10 points. The locals were led by Gino Dal Ponte with 10, Gordie Busse with 7, and Vic "Pop" Lesch with 6. The score stood at 64-52 going into the final stanza.

Paced by big Bob Peterson, Elgin momentarily caught fire and cut Wheeling's 12 point lead to but 4 with about four minutes left in the game. But the 'Hawks regained their poise as Ken Van Sickle scored two baskets and Hans Schmidt and Gordie Busse each added another to assure the locals of their eighth victory of the season and one of their most impressive wins in their history.

* * *

ELGIN WAS PACED by their big three, with Grover getting 19 points on eight field goals and three free throws for leading scorer honors. Grover was followed by Bob Peterson with 18, and Bob Survant with 17. The 'Hawks, meanwhile, had their entire starting five hit the double digit scoring figures with Vic "Bevo" Heimsoth leading the way with 18 points. Following Heimsoth were Vic "Pop" Lesch with 14, Gordie Busse with 13, and Hans Schmidt and Gino Dal Ponte with 12 points each.

Lesch turned in the game's outstanding defensive performance in holding the sharp-shooting Survant to only one basket from the field from midway in the second quarter, on. Heimsoth, Dal Ponte, and Van Sickle came up with outstanding work on controlling the boards.

THIS MONDAY Gene Bell's 'Hawks meet the Kenosha Nash Ramblers at the high school. Game time is slated for 8:30 p. m. Sunday, February 27, the 'Hawks meet Elgin again, in the four team Richmond invitational tournament at the Richmond high school.

Plan 8 Races Each Worth 8 G's At Two Tracks

Arlington Park and Washington Park again will be the scene of the world's richest summer racing in 1955.

That traditional status was assured as Executive Director Benjamin F. Lindheimer announced a program of 28 stakes totaling $1,140,000 in added money for the 67-day coordinated meeting.

Arlington Park's total of $605,000 added for 15 events is the largest ever offered for a 36-day meeting. Washington Park, in its 31 days, distributes $535,000 in added money for 13 stakes.

* * *

THE 1955 coordinated meeting opens at Arlington Park June 20 and closes at Washington Park on Labor Day, September 5.

Dovetailed with a $2,000,000 overnight purse schedule revealed last week, the stakes program boosts the potential total distribution to over $3,000,000.

The 1955 stakes program has been balanced to include four races at $100,000 each; two at $75,000; five at $50,000; six at $25,000; five at $20,000 and six at $15,000 each.

High on the roster, as it has been at Arlington-Washington for the past 14 seasons, is America's outstanding grass-racing program. It includes six stakes on the turf course, totaling $320,000 added and headlined by the $100,000 added Arlington Handicap on July 30, and the $100,000 added American Derby, August 20, at Washington Park.

Overall, Arlington Park and Washington Park will present next summer eight races which will gross $100,000 or more.

Delinquent 1953 Personal Property Bills in Collection

Suit is being started on the delinquent personal property taxes for 1953. The first batch of suits was filed in the circuit, superior and municipal courts of Cook county.

The justices of the peace and police magistrate who are collecting delinquent taxes for the state's attorney's office Feb. 7 met in the office of the state's attorney and each received his batch of bills, with instructions to start immediate suit. The bills were given to the respective justices of the peace and police magistrate.

It is important that anyone who has any question with reference to his bill should see the respective justice of the peace or police magistrate prior to the entry of judgment, because once a judgment is secured, transcript filed, and execution issued against the property of the debtor, no relief can be given in court except by way of an expensive appeal.

* * *

THE TOTAL BILLS in the suburban towns represent some fifty thousand taxpayers and total approximately five million dollars.

The justice of the peace and police magistrate in the year 1954 uniformly report a much more cooperative attitude on the part of the public in the payment of their personal property taxes. Most seem to show a disposition to pay a fair tax, and under the authority granted to the justices of the peace and police magistrate, the judges were in a position to rectify obvious errors or inequitable assessments. Returns by the justices of the peace and police magistrate were in excess of 300% over the returns two years ago, and are a credit to the awakened conscience of the public with respect to their duties to pay a reasonable tax as their fair share of the cost of government.

One of the most unpleasant duties of both the state's attorney and the judges is the enforcement of the tax laws, but it being a duty imposed by law, and it being a responsibility of the citizens, and government being necessary, the laws must be enforced and the present state's attorney intends to enforce them.

Wherever local taxpayers are flouting the authority and jurisdiction of the justices of the peace or the police magistrate, the state's attorney's office, with the consent of the justices of the peace or police magistrate, will bring action in either the Circuit Court or the County Court. If this is necessary, this will result in increased taxes to the delinquent debtor.

Judge A. J. Haggenjos, Barrington will handle Barrington and Palatine townships.

Judge Wm. M. Weber, Arlington Heights, will handle delinquent bills of Wheeling, Maine and Elk Grove townships.

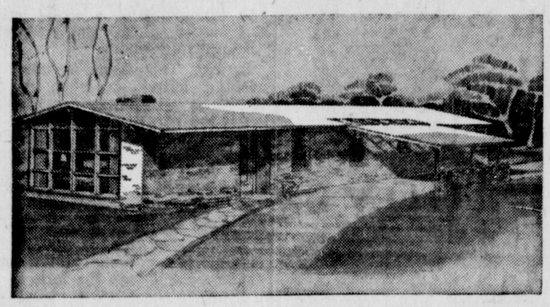
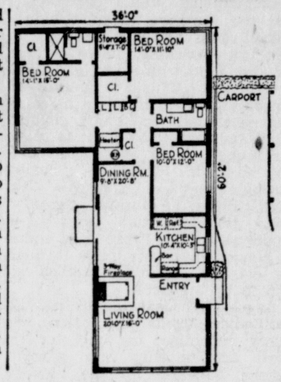
Plan for Casual Living from Small Homes Guide



Casual family living is offered in this home, designed by Builder Robert F. Lusk, Jr. and featured on the front cover of the current edition of Small Homes Guide.

The kitchen is completely open to the living-dining area, so that the living end of the house functions almost as a single big room. Bedrooms are located so as to give almost complete privacy to this area. An unusual feature is the storage room for outside tools.

This house could be built with two bedrooms, the third bedroom and bath area added later as an expansion wing. Area is 1,640 sq. ft. Information on blueprints and their cost may be obtained by writing to Small Homes Guide, Dept. 1514, 621 N. Dearborn Street, Chicago 10, Ill.



In The Future

This summer you can get an auto-type starter for your power lawn mower, and throw away that rope ... A learn-a-language game, played like gin rummy, promises you a 200-word Spanish vocabulary in a month ... A 48-pound X-ray machine takes its picture without power; an atom-bombarded piece of mineral is the ray source ... Bothered with employes going out for coffee? A new water-cooler also furnishes hot water, if your help will drink instant coffee.

Report Card

The median American has completed a little more than 1 year of high school, meaning that half of the 87,750,575 Americans who were 25 years and older in 1950 had completed less than 9.3 grades.

Best Shade Trees Come In Special Balled Wrappings

The best growing trees are on the ball!

The ball, in this case, happens to be the earth ball around the roots of burlapped nursery tree stock. Favorite shade trees, so prepared, respond much better when moved to the home grounds.

The buyer may pay considerable more—perhaps even twice as much—but the added cost is well worth the results, says M. W. Staples, field supervisior of the Davey Tree Expert Co.

In the main, such balled and burlapped deciduous trees are usually about a year ahead of bare-rooted stock in growth and have a much better chance of survival. These purchases make sense for the home owner interested in one or two good shade trees for his small property.

A tree actually recovers much more quickly from the shock of moving when it is balled and burlapped, according to the authority. Bare-rooted stock usually loses most of its fine hair roots from handling and shipping. The tree then must live on its food reserves until the hair roots grow again and become established in the soil. While the balled tree obviously does not have its entire root system, it does have all the hair roots for the intact portion.

In natural contact with the soil in which it originally grew, the root system of the balled tree can function immediately.

The extra growth and vitality enhance the value of the balled tree. It is often good ecomomy for the home owner to buy a more expensive smaller tree than a larger bare-rooted one. The smaller tree will, in most cases, overtake the larger one he had in mind.

Census Bureau To Survey Smoking Habits

A national survey of the smoking habits of the American people is being conducted by the bureau of the census as part of its current population survey, according to surpervisor John W. Camit of the census district office at Chicago which will participate in the collection of the information.

The questions will cover cigarette, cigar and pipe smoking. Persons eighteen years of age and over who are members of the 25-thousand-household panel of the current population survey will be asked about the number of cigarettes, cigars or pipefuls of tobacco smoked daily, the maximum number ever smoked regularly each day, the number of years they have smoked and other related questions. The answers to these questions will provide basic facts, now lacking, as to the numbers of smokers and nonsmokers by age, sex, color and other characteristics for each of the major regions of the United States.

Discussion At N.U.

Judaism and Christianity will be discussed by Will Herberg at 8:15 p.m. Monday, Feb. 21, on Northwestern University's Evanston campus.

The talk by the eminent social philosopher and theologian will be in the Harris hall auditorium. Sponsored by the annual campus conference on religion, it is free and open to the public.

Elk Grove News

Boy Scouts

There will be a meeting at the school February 21, at 7 p.m. for all fathers who are interested in having their son join Scouts. Tom W. James, area director, will be on hand to show movies and discuss the program. It is hoped that several troops can be started in the district and all fathers are urged to come to this important meeting to help get the program underway.

Magazine Drive

Congratulations to the Student Council—they sold over $1,000 in subscriptions to Curtis Publications. The school will make a profit of around $300. Lester Landmeier is again top salesman and was awarded a trophy at an assembly last Wednesday. The sixth grade sold the most subscriptions. A victory party will be held in the near future with Egon Kosel and Charlotte Popp, subscription managers, in charge of arrangements.

High School Visit

The eighth graders of Elk Grove school visited the high school February 15. They spent time in many of the classes and had a preview of the coming year when they will be freshmen.

Valentine Parties

Many of the rooms had Valentine parties on Valentine's day. Mrs. Chappelears' third grade had a Valentine tree with candy hearts, ice cream and cookies too. They played a peanut game and other party games. Many of the rooms made individual Valentine boxes and the Valentines should get safely home. All students were dressed in their Sunday best and some of the girls looked exactly like the Valentines pictured. One of these was Donna Rawlings, who wore a red dotted swiss dress trimmed in val lace.

Our thanks to Forest View school for their invitations to our seventh and eighth graders to attend their Valentine Party after school.

In the Shadow of + + + The Steeple

by William O. McGill

"How shall we stop the rising tide of juvenile delinquency and adult crime?" is the question which Cook County Sheriff Joseph Lohman posed in a recent appearance before the Presbytery of Chicago (Presbyterian church in the USA).

If we conceive of law enforcement solely as arresting and prosecuting violators of the laws which are on the books, law enforcement is relatively easy — provided we have enough officers adequately distributed.

* * *

BUT STOPPING the rising tide of violations is a preventive task. This task is made difficult because there are two key areas in which delinquency is occurring.

The most obvious is in regions at the center of the city. Here the old residents have moved, and the newer residents come from predominantly rural areas. They have been set down, as it were, in the city without the social institutions, customs and practices which enabled them to maintain a stable social life in their former setting. Until — as took place in the migratory waves before them — they have developed new institutions and practices appropriate to their new setting, delinquent behavior flourishes in a social vacuum.

A second critical area of criminal behavior has been developing in suburban communities. People who have moved from the cities in great numbers have developed institutions and customs which are particularly appropriate to the city. They move to the suburbs as individual families without these institutions and without the groups in which these customs were appropriate. Many of them live a "dormitory" type of existence without social integration. Delinquent behavior flourishes in a social vacuum.

* * *

THE ONLY effective way to deal with delinquency, says the sheriff, is to keep young people under the discipline and influence of constructive agencies. As young people, they all possess an insufficiency of individual self-control. But self-control is the product of living in society. Self-control is the reflection of the interests which combine to make a young person, or an older person, a "good" person.

Delinquency is most usually a social delinquency which is manifested in offenses against the customs and demands of society.

Thus the shoe is squarely on the foot of our churches and schools, of the institutions which sponsor our Boy Scout and Girl Scout groups to keep busy at their "missionary" task of building the influences of the good life into the lives of young people — and equally important, into the lives of their parents.

No Wise Cracking

Catalytic cracking has made possible the recovery of nearly 100 per cent more gasoline as well as higher quality, from each barrel of crude oil.

Girdle Cull Trees And Let Them Stand

It's easier and cheaper to kill the cull trees in your farm woodland and let them stand than it is to cut them down.

W. F. Bulkley, extension farm forester at the University of Illinois College of Agriculture, explains that cull trees are weed trees that can't be used for lumber, pulpwood, veneer or even in some cases, firewood.

* * *

YOU MIGHT classify as a cull any tree that will not be more valuable to you next year than it is this year, Bulkey says.

A power girdler powered by a small gasoline engine that straps on a man's back is now available to girdle trees in a hurry. This machine cuts a notch through the bark around a tree much faster and easier than you can do it with an axe.

* * *

AFTER GIRDLING, the cull trees die. Eventually the dead trees shed their limbs and topple over by themselves, making room for more valuable and profitable timber trees to grow.

If you do cut down a few cull trees, Bulkley says you can make some use out of the limbs and trees under five inches in diameter by running them through a wood chipper. The chips make good livestock bedding or mulch for garden crops.

Ask your farm adviser for a copy of leaflet 323, "Wood Chips for the Land," or write directly to the college of agriculture, Urbana.

NEEDLE in the GROOVE

by PAUL LITTLE

Weathers Industries, noted for manufacturing hi-fi components like the sensitive pickup used in many radio and FM stations to transmit recordings, have entered the disc field with a torrid 12-incher entitled "Muggsy Spanier in Dynamic Dixie." Here's a listening experience all who enjoy genuine Dixieland jazz won't want to miss, for Muggsy leads a brilliant combo with his trumpet soaring through tunes like "Chicago," "St. Louis Blues," "Muskrat Ramble" and "Royal Garden Blues" in grand style. The reproduced sound is phenomenal, was made through an original recording method invented by the firm.

Angel Records bring us two 12-inch vocal treats that belong in every collection, not only for superb musicianship and glorious music, but also for the flawless realism of recorded sound. One features Maria Meneghini Callas, who made her American operatic debut right here in Chicago last November with The Lyric Theatre. Madame Callas sings famous arias from Puccini's operas, such as the exquisite "Mi chiamano Mimi" from "La Boheme," the tender "O mio babbino caro" from the delicious one-act farce "Gianni Schicchi," two arias each from "Madame Butterfly" and "Manon Lescaut," and three from "Turandot," that final opera in which Puccini portrayed a tyrannical Oriental princess who, hating men, decreed that all suitors for her hand must answer three riddles correctly or lose their heads to the sword of the executioner. Here is fabulous singing and great dramatic artistry captured in wax and grooves and we hope Angel will one day soon give us a complete "Turandot" starring Callas!

The other Angel disc features golden-voiced Elisabeth Schwarzkopf in great scenes from "Arabella," the delightful opera by Richard Strauss which bears a spiritual kinship to his immortal "Rosenkavalier." This is one of the most heartwarmingly beautiful records we've ever heard. Miss Schwarzkopf is assisted by such fine artists as tenor Nicolai Gedda and the young soprano Anny Felbermayer, with the great Philharmonic orchestra under the baton of Ludovic von Matacic.

When parties are so much fun, we wonder sometimes why we don't have more of them! The twenty-or-so members of the Art Study group of the Arlington Heights Womans club came over and paid interested attention to a short demonstration we had prepared on figurine work. We could yak away to hearts content! We've always thought that women were mighty nice people and we've worked with small groups (classes) and large ones (our biggest was a lecture for the University of Kentucky where 2,000 women were present) and we have yet to find a "chicken-headed" woman!

You've heard that derogatory term; maybe any or all of us could qualify at one time or another but on the whole, it's quite untrue and unfair. Basically, most women are sensible, practical, realistic honest—all the good solid virtues, plus one other very important one, we're curious! This group would not have come over unless they were curious and we don't mean the kind of curiosity so often associated with small towns—undue concern over what a neighbor has or does but the curiosity to learn, to gain knowledge.

One gal left evidence of this. We had passed around different kinds of clay and after everyone had gone, we found a small "ashtray" modeled out of Plastelin. Someone had been curious to get the feel of it, to gain her own personal reaction to a new (I presume) material. We can only say, "Whoever you are, come join a craft class, you'll fit right in!"

We got into a kind of tizzy with our Junior Art class last Saturday. As soon as the first class (figurines) learned that there was to be a second class (sketching) they wanted to stay over. Then the "sketchers" decided they would like to get into the next figurine class, and a great deal of telephoning (home) went on. We don't know how the whole thing will work out. Possibly have to start a Saturday morning single sessions class!

One mother told us her youngster had "Had" figurine work. We presume he'd made a mold around one of those toy soldiers and then some plaster-of-paris casts. Basically, the process is as simple as that but you know there must be a lot of ramifications when it is considered not only as an adult hobby but can be a commercial project, as well. It all depends on how you go into it.

Now we have a very special interest in the 8 to 14 age group. A time of whim and change of mood. You know something's cooking but you don't quite know what! So you take a wide stance and be prepared to roll with the punches. It's a time for standing by and giving encouragement when needed and wanted. There are lots of interests for the "outdoor" type, then there are all the Scout activities plus music, drama, dancing and the arts and hobbies. So you give junior a taste of know-how on this or that to try to find out where his real interests lie and you satisfy as best you can, the child's natural curiosity about the world in which he lives. So much to learn in so little time!

Juniors' talent may be small or great, the degree doesn't matter, the question is what appeals to him so much that he will turn idle time into "working" time and love it? We happen to think 3-dimensional figurine work simplifies the teaching of art; if adults have trouble understanding such terms as "composition," "perspective," "harmony," etc., how about Junior, with a lesser vocabulary? Semantically speaking there is a language barrier, just not enough words to properly describe the "emotional" arts, and we only add to his confusion when we say they are "indescribable." By leaving out (temporarily) the problems of lights and shadows, the technique that gives a 3-dimensional effect to the 2-dimensional medium of canvas or paper, we think the approach to the subject is made much easier.

Junior happily paints his figurine in his own choices of color, and learns how to mix them. He paints the eyes of a dog, which is a good introduction to painting the eyes of anybody! Other features, more or less rightly arranged, come into proper focus as he proceeds with other figurines. Clothes have texture and fall into natural folds, body lines vary in standing and sitting positions.

Modern Etiquette

by ROBERTA LEE

Q. When writing a social letter, is it proper to close the letter with "Respectfully yours?"

A. No. This form is used for business letters, or when an employee is writing to his employer. If the person is of equal social position, it would be better to close the letter with "Sincerely yours."

Q. What is the proper way to eat spaghetti at the table?

A. With the fork. Twist the spaghetti against the plate to wind it about the fork. If you cannot manage this gracefully—and many cannot—cut it with the fork.

Q. After a death in a family, should the calls of sympathy be returned?

A. Such calls are not returned, since the family is in mourning and is not making social visits.

Q. When should the bridegroom and his best man arrive at the church for the wedding?

A. At least 15 minutes prior to the ceremony, thus allowing time for any delay. Upon their arrival, they should repair to the vestry where the clergyman awaits them. They enter through a side door, not through the church.

Q. When dining with guests, is it proper for one to continue to eat while someone else is talking to one?

A. It is perfectly proper to continue eating while listening to someone else's conversation.

Q. May an invitation be written on a visiting card?

A. Yes; a card may be used for an invitation to a tea to meet a guest, an informal dance, or a bridge party.

Q. Is it good form to state in an introduction, "I want to make you acquainted with, etc.?"

A. This is considered very bad form, as is the other oft-used expression, "Shake hands with." It is much better just to say, "Mr. Jones, Mr. Williams," or, "Mr. Jones, may I present Mr. Williams?"

Q. If one is but slightly acquainted with a bride and bridegroom, and an invitation to the wedding is received, is it necessary to send a gift?

A. No; under these circumstances, it is entirely optional.

Q. Is it correct to use a fork to place jelly on bread?

A. No; the knife is used for this purpose.

Q. If one is walking with a woman and she speaks to a person who is a stranger to one, is it proper also to speak?

A. You should also smile and nod to the stranger.

Campus Capers

At Knox

Jane Speers, at the invitation of Knox college, Galesburg, participated in the college scholarship program Saturday with 134 other outstanding high school seniors from seven states and 64 Illinois cities.

Jane Speers is the daughter of Mr. and Mrs. James Speers, 932 N. Highland, Arlington Heights. Jane is an outstanding student at Arlington Heights high school, participating in athletics, student government, choir, yearbook, and national honor society.

In March, Knox will invite outstanding students in biology, chemistry, mathematics, physics and music to the campus examinations and interviews under the scholarship program.

At Blackburn

Dorothy Moese, daughter of Mr. O. H. Moese of Medinah, has been placed on the dean's list at Blackburn college, Carlinville, Illinois. Dean's list standing is the highest academic honor that a student can receive at Blackburn.

The names of thirty students of the three hundred thirty enrolled in the college appeared on the semester dean's list. A student must have achieved at least a B-plus average in all courses to receive academic honors.

At Illinois Wesleyan

Thomas Hawk, son of Mr. and Mrs. Thomas Hawk, 1103 Watling rd., Arlington Heights, has been cast in the third major production of the year at Illinois Wesleyan university, Bloomington. The show, Moliere's "The Miser," will play March 11-17 at Wesleyan's Spotlight Alley theatre.

Written in all the flavor of the 17th century, "The Miser" is a tongue-in-cheek drama of a stingy old man who hoards and hides his money and of the efforts of his family and friends to find it.

Mr. Hawk, who will play the part of "Signor Anselme," is a sophomore at the University in the School of Dramatics and Speech.

At Culver

Cadet Roy M. Kumnick of Palatine, recently received a coveted cadet honor in the infantry ROTC battalion at Culver military academy when he won the Culver rifles (CR) award.

The award is granted on the basis of writteen and oral tests for special excellence in various infantry movements, military courtesy, the manual of arms, guard duty, arm signals, rank and command, knowledge of the nomenclature of the rifle and bayonet, and rife marksmanship, safety rules, and academic achievement.

Cadet Kumnick is the son of Mrs. Norma H. Rickmeyer, Brockway road, Palatine.

At St. Teresa

Miss Joanne Votava, freshman at the College of Saint Teresa, Winona, Minn., has beeen named to the first semester honor roll, it was announced by the college this week. Students whose names are listed on the honor roll are full-time students and have earned an honor point average of 2.50 or above in their first semester courses. Students whose honor point average is 3.00 earned A averages in all courses taken in the first semester. Miss Votava's average is 2.81.

Miss Votava is the daughter of Mr. and Mrs. G. S. Votava, 17 S. Hi-Lusi ave., Mt. Prospect, and a graduate of Arlington Heights high school.

At Illinois Wesleyan

Nancy Coffman, daughter of Mr. and Mrs. David P. Coffman, 1113 Harvard road, Arlington Heights, has recently pledged Kappa Delta national social sorority at Illinois Wesleyan university, Bloomington. Thirty-four girls were pledged to the four sororities on the campus during this second semester rushing period.

Omicron chapter of Kappa Delta was founded on Wesleyan's campus in 1908. Miss Coffman, a sophomore at the University, is majoring in business administration.

Reach-in Closets Save Space, Provide Efficiency

from SMALL HOMES GUIDE

Sliding doors, full-length rods and shelves give maximum space use.

Reach-in closets give you better utilization of space than the walk-in variety, the current edition of Small Homes Guide points out.

Opened effortlessly at a mere finger touch, sliding doors on reach-in closets help make them infinitely superior to the older type walk-ins. Ceiling height sliding doors enable you to get to the top shelf as quickly as anywhere else in the closet. Or, you can have a separate closet above the clothes closet, accessible through smaller, separate sliding doors.

Reach-in closets are better ventilated and better illuminated than walk-ins, and often do not require separate lighting facilities. Since one whole side of a reach-in closet can be opened, cleaning is easier.

Note, in the illustration below, that the reach-in closet has 50 per cent more storage space than the walk-in, besides offering greater accessibility and cleaning ease.

Homes Of 23 Presidents Enshrined

History-minded Americans are each year spending more and more of their vacation hours visiting the manor houses, farm homesteads, shops and rustic cabins in 13 states where presidents of the United States have lived.

The homes of at least 23 presidents are now public museums and nearly all of them contain furnishings and memorabilia of their famous occupants.

Hyde Park, near Poughkeepsie, N. Y., residence of Franklin D. Roosevelt, was made a national historic site in 1944. Also in New York state is the birthplace of Theodore Roosevelt, now a museum, and Sagamore Hill, Teddy's Long Island residence, also a national shrine; the home of Martin Van Buren, and the cottage at Wilton, where Ulysses S. Grant died.

At Hillsborough, N. H., is the early home of Franklin Pierce and at Plymouth, Vt., the combination store, post office, and cottage where Calvin Coolidge was born and where he was sworn in as president by his father. At Quincy, Mass., is a memorial to John Adams and his son, John Quincy Adams.

Tennessee boasts the homes of three presidents, all museums. Most famous is Andrew Jackson's mansion. The Hermitage, near Nashville. James K. Polk's home was at Columbia and Andrew Johnson's home, tailor shop and grave at Greenville are national monuments.

The only home Abraham Lincoln ever owned, at Springfield, Ill., is constantly full of visitors, as is Hodgenville, Ky., site of a log cabin considered to be Lincoln's birthplace.

Arlington's scheduled wrestling season is at an end, the most successful in the school's history. Perhaps the most important reason the year was successful is the large group of boys pictured above, a lot of them rarely seeing action but always vying for positions, and keeping the number one boys at each weight on their toes.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money," — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

Fifty Years Ago

February 17, 1905

Charles C. Meyer has announced he is a candidate for collector of the town of Palatine.

Michael Heinrich died February 10 in his Oak Park home. He moved there about 10 years ago when he retired from farming near Bensenville.

Contractor R. F. Schering had a bee last Thursday to haul the lumber for Conrad Hattendorf's new house in Schaumburg. Of the 11 teams that took part, five tipped over, but by 4 p.m. every stick was at the destination.

A meeting again uniting prominent Wheeling and Schaumburg township families took place Thursday. The second son of William L. Meyer chose the second daughter of John Lichthardt for his bride.

It was 32 below zero on Lake Zurich Monday morning—even too cold to cut ice.

Frank Forke has started to run a bus between Wheeling and Shermerville to catch the 6:40 train.

Forty Years Ago

February 19, 1915

James M. Morris, who lived on his Wheeling homestead the past 65 years after coming to northwest Cook county in 1848, died February 5 at the age of 88.

The Reko vs. Holland and the E. J. and E. railroad case was decided in favor of William Reko of Sutton the other day and he received $400 in damages from the rail line.

President Fred Redeker of the Peoples State bank is also acting as cashier since A. F. Sahs resigned because the job was too much for one man.

August Kiel, who occupied the F. W. Nerge stand as Schaumburg's wagon maker for 20 years, returned to this area the past week to renew old acquaintances. He now lives in Burlington.

A move to have all the children examined and the school house fumigated has been introduced in Arlington Heights due to the heavy outbreak of measles among the village youngsters.

Thirty Years Ago

February 20, 1925

Mrs. Gertrude Schroeder, prominent Eastern Star woman in Palatine, died at the Palatine hospital early Monday. She was 37.

Other deaths this week: Sophia Wolfe, Wheeling resident for many years, Friday at the age of 83, and Elizabeth Weber, Arlington Heights, February 16 at 76 years.

Dorothy Augusta, eldest daughter of Mr. and Mrs. Ed Lackner, Arlington Heights, was wed to a Des Plaines man, Edwin Radloff, February 14.

Fred Vegter, Bensenville, is one of the prominent DuPage county men exhibiting corn in the National Seed Corn show in Chicago.

The Morton Grove Trust and Savings bank was robbed of $12,000 by two men shortly before noon February 19. They took gold, silver and currency from Assistant Cashier Ernest Kruse.

John Kammerer, 47-year old slayer of five, was hanged to death at the DuPage county jail in Wheaton Friday. Witnesses included officials and the 12-member jury panel that voted his conviction.

Twenty Years Ago

February 15, 1935

Superior Judge James J. Kelly last Thursday ruled that the election of Noble J. Puffer, Palatine, as Cook county superintendent of schools was perfectly legal. Previous holder of the job, Otto F. Aken, had held that Puffer was not properly qualified for the office.

John H. Pauling, a resident of Bloomingdale township and Roselle most of his life, died February 7 at the age of 78.

August Tegtmeier, who came to Arlington Heights from Germany 44 years ago, died Saturday at 83 after a month's illness.

Edith Roper and Frank Theis will be married in Palatine February 23.

The depression must be over in Mount Prospect. Otto Landeck, Emmett Worley, Marvin Kohlhase and Harold Durland have all purchased new cars.

Virginia Helm, daughter of Mr. united in marriage with Herbert Owens, Twin Falls, Idaho, tomorrow.

Ten Years Ago

February 16, 1945

I. E. Besander, Mount Prospect mayor for the past eight years, has announced that's enough and will not seek reelection this spring.

Arlington Heights has thrown its doors open to outlying subdivisions by agreeing to permit septic tank installations and individual wells.

Hired to fill teaching vacancies at Arlington Heights high school are Harold L. Slichenmyer, Bloomington, and Dorrine Petersen, Milwaukee. They replace Mr. Halstead and Virginia Kral respectively.

Marilyn Klehm, daughter of Mrs. Glenn Wilmouth, Arlington Heights, was married Saturday to James R. Trevorrow, Flint, Mich., James R. Trevorrow, Flint, Mich., in the Arlington Heights Methodist parsonage.

Two Arlington Heights residents died the past week: Emil Spletzer last Wednesday at the age of 72 and William Adam February 7 at 55 years.

All Palatine town officers have announced they will run again: Supervisor John Meyer, Assessor Herman Deverman, Collector Tom Hart, Town Clerk George Howes and Highway Commissioner Raymond Holstee.

Joseph Anderson, a Bensenville resident for the past 18 years, died Saturday at 54 years.

Wants More Info'

Everyone who tries to promote a shaky deal tries to get the people's mind off the real facts.

This they do by instigating a lot of quarrels over issues that take our minds off the real issue. The side issues here are carefully promoted quarrels with Arlington Crest, the race track, the farming areas, and the industrial area. This is done to make it look as though they had put over something slick for the Rolling Meadows people.

What we need to do is to forget about these quarrels and look at the whole question from the standpoint of where Rolling Meadows get off. By calling our little community a city we don't make it any bigger than it really is. By setting up a whole army of officials we don't add a single taxpayer. By setting up an army of officials we won't add a single service to our community. But we do add taxes. And how officials love taxes!

* * *

LITTLE JOKER in the deal is that these officials can set up a budget. They may talk about a $50,000 budget now, but this is a joke. The Village of Glenview in 1954 had a budget of $487,000 with a population of 12,000. Arlington Heights budget was $520,000 for 15,000 population. Where we wind up, our officials will decide.

But the joker is that neither they nor we as taxpayers have anything to say about the distribution of this tax load between industries, homes, farms, and race track. This is up to the county officials and they are governed by law. So the people who tell us all we have to do is set up this group of tax money spenders and let them spend, and the burden of the taxes will be shifted onto someone else, are not telling us the truth. Ask the people who live in any city, town, or village about this to really learn the truth.

* * *

I'M A HOMEOWNER and I don't want to take on the burden of policing that race track. Let them do their own policing. What we need is a study by disinterested people who will show us how we can get what we need, and for how much and the different alternatives. All we have now is one proposition, cut and dried, take it or leave it.

This is not democracy. All we can do is vote "yes" or "no." We want something to say about what we are going to vote on, and then maybe we can get a fair vote based on what we need and want.

"Fed Up"
Rolling Meadows

Don't Hesitate

The letter signed Involved and Interested Homeowner of Palatine indicates that she is wondering "who really is most likely to benefit most from incorporating now . . ." That is small cause for wonder as it becomes more and more clear who will NOT benefit if Rolling Meadows is incorporated under the present plan now under consideration.

We have only to consult the Arlington Heights Herald dated January 6, 1955 to discover what action is to be taken to prevent the incorporation. I quote: "Action to thwart the impending attempts of Rolling Meadows to absorb territory adjacent to Palatine's eastern boundary took a three-way course at a joint meeting of the village board and the chamber of commerce Monday night . . . Ed Haseman and other speakers pointed out that Palatine would not presume to interfere in the domestic affairs of Rolling Meadows—that the only interest of Palatine residents was in protecting territory adjoining their borders . . . If this hastily called election can be circumvented in some way until we can bring in the territory contiguous to our eastern border, then I would be delighted to see them incorporate."

* * *

AT THE SAME meeting the attorney representing the interests of the Arlington Park race track took part in the discussion. Again I quote: "The most effective action, in the belief of Attorney Jessopp, would be to bring about a delay in the election by fully informing Rolling Meadows of the adverse factors involved in becoming a city—"

Had Rolling Meadows plan for incorporation included only the residential property within its own borders, we should not now be receiving letters from the Taxpayers' Protective Committee. These letters are not designed to assist the people of Rolling Meadows. Their sole objective is to create division in our ranks, have us vote against incorporation and thus play right into the hands of those who would profit by our short sightedness. Do they really imagine we are so stupid as not to see through such tactics especially after they have publicly declared their intentions of doing this very thing?

* * *

THE CITIZENS of Rolling Meadows are alert enough to realize that some form of government will have to be in effect very soon. We don't expect such progress to be gained without some sacrifice. The legal advisors who have designed the new city have provided a profitable, working plan for its operation. Incorporation at this time offers many advantages that postponement might surely eliminate.

Rolling Meadows citizens will gain nothing by delaying incorporation. That such delay will enrich our neighbors is quite apparent as we observe their intensive campaign to split our voting power. As their own spokesman stated they would be delighted to have us incorporate provided they could cut us loose from the commercial property included in the plan we now have submitted.

There was never a time when the adage "He who hesitates is lost" could be so aptly applied. The taxation we would assume now as a result of incorporation would be nothing compared to the taxation we would incur in the future incorporation if deprived of industrial property for revenue.

We citizens of Rolling Meadows want our city to be strong, secure and progressive and we can have it so if we disregard the questionable "help" being thrust upon us by the opposers and consult our own sources of information for the answers to whatever questions we may have.

March Of Dimes

Every advance indication of the results of this year's fight against polio is extremely encouraging. We know from past experience that one of the most important contributing causes to this optimistic picture has been the cooperation of you and your staff in informing your readers of the local and national programs of the National Foundation for Infantile Paralysis.

It is our most fervent hope that within the next few months we will again have a significant news story for you regarding the results of the Salk vaccine test.

Until that time, may I repeat this most heartfelt expression of thanks both personally and on behalf of the entire executive leadership of the local March of Dimes organization.

4 Square Miles

Reading letters from residents around Rolling Meadows, makes them sound like small boys fighting over some marbles.

If the people of Rolling Meadows want to become a city that is their privilege. If, as I understand the law, they must have 4 square miles of area to become a city, then it is also their right to take whatever areas will strengthen and add to their city.

We will take these areas according to the laws of the United States, and not with bands playing and hundreds of our best troops goose stepping into them.

* * *

AND AS FOR accusing us of being underhanded, a letter was circulated in Rolling Meadows signed by the "Taxpayers Protective League." False statements were printed in this letter and no name's were listed.

Just who are these people, and isn't there a law against using the mails to defraud?

Residents of Rolling Meadows, should beware of people who want us not to become a city. What are their real reasons, and are they working for someone?

Your future and the future of your children is at stake, be strong now so we may have a strong future.

Intolerant

Adam Ramos is the victim of an intolerant society! When a Palatine businessman declares a seventeen year old boy can not become a useful citizen and that jail is the only way to handle him, we understand why we have race problems, why the jails are overflowing, and why juvenile delinquency is increasing.

The businessman gave Adam some work, but what does he say about Adam? "He wasn't surprised at the arrest, and had told the boy several weeks before the thefts that he was 'shifty, irresponsible, and a liar.' " "He was too 'nice' around adults." "He had a strange attitude toward girls." The businessman had made up his mind that this young fellow was bad even before he gave the boy a chance to prove himself. I am sure this predrawn conclusion on the part of the businessman and the attitude on the part of the high school students who attacked Adam in the Arlington theater are positive outcroppings of hidden race prejudice.

Any teenager with the goals that Adam has set for himself deserves to be encouraged not hindered. Adam cannot be easily excused but neither can society be absolved nor its bigotry exemplified by the high school students and the businessman.

The Libertyville boys received "probation" and a second chance. Is there, then, no probation for even a first chance?

Higher Taxes

It is a pleasure to note the tenor of the letters from Rolling Meadows, which appeared last week in the Fence Post, is no longer vituperative but that the spokesmen for incorporation present their position now in a calmer way.

It seems, however that "United We Stand" finds it impossible to admit his statements made previously were wrong. Despite the fact it has been pointed out repeatedly an existing municipality cannot annex any property unless the owners petition for annexation, he still wants us to believe Palatine could have long ago petitioned for annexation of the industrial property which Rolling Meadows wants to include in the planned city.

* * *

LET HIM GET the facts straight: As long as the property owners preferred to remain in an unincorporated area, Palatine could do nothing about it. Only when it came to a choice between Rolling Meadows and Palatine, did these property owners decide they would rather be a part of Palatine.

It should be plain this indicates Rolling Meadows has nothing to offer but higher taxes and that it will be very difficult to attract new industries to the sites not yet developed. The only arguments I have heard so far why industrial concerns should locate within the boundaries of the planned city is that their tax money is needed. That is quite an inducement!

New Subscriber

My thanks to you for the 3 month trial subscription to the Arlington Heights Herald. I very much appreciate your starting the subscription back in December, because the Welcome Service only reached us Feb. 9.

My congratulations to your new Rolling Meadows edition. Naturally, that is the edition of the paper I wish to receive.

May I also add that I find the editorial news on our present incorporation issue as fair and as reasonable as any human can be.

I am looking forward to receiving the paper regularly, and am enclosing my check for $4.00 for a year's subscription.

Anti-social Luncheon

A Memphis businessman who belongs to too many clubs now wants to form an anti-social luncheon club to be known as the Alona club. Members will be identified only by a general air of unfriendliness, and each will dine at a table for one, reading his newspaper and keeping his mouth shut.

For Progress, But—

We residents of Rolling Meadows are about to be taken on a ride by well-intentioned people who are not happy unless they have a bureaucracy to rule over them. After all, we are not only a new community but a small one. Most of us came here because we liked the idea of a small community. Now we are being told anyone who votes against turning our group into a city is standing in the way of progress.

People who say this are people who think progress and high taxes are the same thing. Up until now we have gotten along quite nicely without a mayor, 8 aldermen, a city clerk and treasurer, a city engineer, a health officer, and a city attorney. Yet these officials, together with their expenses, are about all we are going to have as a result of spending a proposed budget of $50,000 a year.

* * *

OF CONSTRUCTIVE nature all we get is one police chief and two police officers, and a squad car. Policemen work an eight hour day. Don't we need six policemen for around the clock protection? Actually this $50,000 budget is a joke because about all it does is pay the salaries of officials who will have nothing to do but to figure out a much bigger budget for each successive year, and to justify it by finding new ways to spend money. If we start a city at this time it could truly be said never has so much been spent for so little.

Of this first $50,000 a large part of its payment is supposed to come from building permits. If these permits are never issued because the demand for housing slows up, where will they go for the money they did not get?

* * *

WHO CAN THEY go to but to the taxpayers? If we set up a city here, the groans from taxpayers who voted for it because they thought they were going to get off cheap will make this an uncomfortable place to live. I hate to think my fellow neighbors would fall for a shell game like that. The people promoting this scheme should at least tell the people honestly what this thing is going to cost. As it is now, they are putting over the idea all you have to do is pay a lot of salaries and everything else will take care of itself from there on.

Well, these salaries won't put out a fire, collect a pound of garbage, repair one single hole in the street, or put up a single street light or stop sign. Let's not be rushed into this thing. The promoters tell us that if we don't rush into it Arlington Heights or Palatine will grab off the race track.

* * *

THAT RACE TRACK has been standing there 25 years and no one has shown the least interest in grabbing it off.

This whole thing is being put over by appealing to our greed. They say every con man knows the biggest sucker is the one with larceny in his heart. Somebody is trying to use us for suckers by dangling this race track and industrial area before our eyes, so we won't take time to look at figures.

I say let's defeat this city movement and give us all a chance to debate this subject and see where we really want to go.

Let's Be Adults

Thursday February 10, I received in the mail an unsigned printed letter from "Taxpayers' Protective Committee." I personally think anyone who doesn't sign their name to a letter is a coward. Now if you feel you are our protectors and that we need your protection come out in the open, tell us your names, so we can come to you and tell you our trouble if we feel we have any.

Whether I'm for incorporating or not is none of your business, but your unsigned so called statement infuriates me, and all you other people who hide behind — United We Stand, Involved and Interested, and many others, you care to call yourselves.

* * *

IF YOU'RE MAN or woman enough to write to stand up for your rights and dislikes, be man or woman enough to sign your name.

I personally think this Rolling Meadows feud has gone far enough. It might make good reading, but if everyone sat down to think a little while, I believe we would all realize it's beginning to sound like a bunch of juveniles fighting for one corner to see who it's going to belong to. Next thing is usually throwing stones, which we have been doing verbally but let's not continue being so childish.

Dolores Szwiec

Not Business

I am an owner of a residence—not zoned for business—with a side lot line across the street from the business section, who would be faced with the problem of paying the cost of widening 133 feet of street at a cost ranging anywhere in the vicinity of $24 to $40 a foot (cost $3,192 to $5,320) based upon the proposal to assess the property owners.

This would result in cutting down the beautiful Elm trees and having the street come directly to the sidewalk as well as having towering mercury lights invade our bedrooms. In effect—lowering the value of our home—so that the rest of the people in town may benefit.

* * *

ANY SPECIAL assessment of this magnitude would wipe out several years savings; loss of equity in my property—and can do nothing but detract from the value of a residence. (If these streets were unpaved, the situation may be different.)

It doesn't seem fair that everyone in town use the streets—while only a few pay for it.

Is this $668,665 expenditure really necessary when you consider the following factors which will relieve the present pressure:

1) "Off the street parking areas" are in the process of being effected;
2) Certain merchants are negotiating to purchase properties for parking space;
3) The railroad is considering petitions to stop at Arlington Park for the residents of Rolling Meadows;
4) The knowledge that "shopping centers" are being effected in Rolling Meadows and contemplated elsewhere in town here;
5) Why were "one-way streets" abandoned without the benefit of public opinion?

and widening certain streets will not change these facts!

* * *

WHILE THE HERALD stated the details of the street widening program will be discussed with the businessmen February 23 — why not include all property owners that would be affected and not just the businessmen who can do nothing but benefit.

Let all affected attend the meeting!

I hope the Village Board will consider these points—and I feel that these factors will enter into their decisions.

JUST AROUND THE CORNER

from Patty McArdle

Dear Peg:

You know how I am when I really go off the deep end over something—I come up sputtering and my letter dissolves into sentimental slush. Well, get your boots on 'cause this is one of those letters. So there you are—and here I am—and here is the story—sputter . . . sputter.

I have just fallen in love with a family of nine children, a handsome, red-haired, talented father and a pretty and sweet, patient and lovable mother with a wonderful sense of humor! They are all to be found, in story form, between the delightful pages of a brand new book called "All My Darlings," or they may be found, in real life, in the country outside of Woodstock, Ill. It was so interesting—I heard about the book last fall from some friends of ours who were attending the same dinner party.

* * *

BETTY WAS TELLING ME then that she had a neighbor who had written a book called "All My Darlings" and she hoped that maybe some of her family would be depicted in it. Like a lot of irrelevait conversation one gets involved in at dinner parties, this news went in one ear and out the other, leaving nothing between but the engaging title of the book. Imagine my surprise, a couple of Sundays ago, to open the Sunday Tribune Book section of the paper and find, glowingly reviewed, "All My Darlings," a story about the daily life of the Thomas Byrnes family.

I have no intention of comparing this book with another—artistic efforts, like people, being created things, are much too individualistic, to say nothing of sacred, to be judged by comparison. However, I will say that I enjoyed this chronicle of family life much more than I did "Cheaper By The Dozen," because the habits, activities and problems of the Byrnes family were so familiar, that many could have happened in our own home (as a matter of fact, their "bat episode" was just like ours!).

JUST THE WAY THAT "Gone With The Wind" is my favorite movie—I always cry all the way through, "All My Darlings" is my favorite book right now—I cried all the way through. It's not at all sad, as a matter of fact, most of it is downright hilarious; but somehow a wonderfully warm, touching, sentimental thread, born of a deep family love, runs through the entire story, so I just felt weepy all the way through it.

Until just a few months ago, "Tim" and Ginny and their brood of nine lived in a huge house outside the town of Deerfield, Ill. It was to this home that the swarm of bees came to live, also pets (consisting at one time of five dogs, six cats, six ducks, a rabbit, a parakeet, a dove and two horses) and neighborhood children came to play. It was also in this home that "Daddy" hit on a get-rich-quick scheme that was so successful, it finally had to be abandoned! And it was in this home that Ginny and "Tim" waited for nine months to find out whether or not their combined prayers would be answered and the foreseen tragedy averted.

* * *

"ALL MY DARLINGS" is as gay as a child's giggle, as sweet as a mother's whisper, as tender as a little boy's love for his horse and as moving as a father's devotion to his family.

My love,
Patty.

P. S.—I met Thomas Byrnes and his wife, Ginny, at an autographing party a few days ago. Although I went there specifically to interview Mr. Byrnes about his book, I don't remember a thing he told me, except that it was his wife who thought up the title for the book—this was before I had read the book. Now, if we ever meet again, I'll thoroughly enjoy hearing all about the family, because, whether Mr. Byrnes knows it or not, we've become very good friends—as I said in the beginning, I've fallen in love with the whole family!

SPRED SATIN

FOR WALLS • CEILINGS • WOODWORK

For the first time, you can paint rooms in winter and know that they will still have "freshly painted" beauty next summer. Spred SATIN'S smooth film has less porosity to absorb and hold household dirt. It stays clean longer and when necessary, mild soap and water washes it clean again in a jiffy.

- Goes on in half the time.
- Dries in 20 minutes.
- No laps or brushmarks.
- No offensive or painty odor.
- Use room right away.
- No messy brush clean-up . . . just soap and water.

You could even pour harsh lye on it . . . not that you'll want to — but it indicates the ability of Spred SATIN to withstand all kinds of abuse in your home.

Recommend Riper, Sweeter Sudan Grass Varieties Here

Piper and Sweet Sudan varieties of Sudan grass are recommended for seeding by Illinois farmers.

C. N. Hittle, plant specialist at the University of Illinois college of agriculture, in a farm and home week report last week said that Piper produced higher yields than other varieties and was only slightly damaged by leaf diseases and chinch bugs last year. The 1954 Sudan grass variety trials were conducted at three locations throughout Illinois.

* * *

PIPER IS ALSO low in dangerous prussic acid content. Sweet Sudan yielded moderately well in the trials, but was damaged considerably by leaf diseases. Chinch bugs did not bother Sweet Sudan.

There will be plenty of Piper and Sweet Sudan seed to be available for Illinois farmers this year. If you want to buy Piper, you'll find the price two to five cents higher than that of Sweet Sudan.

* * *

COMMON SUDAN did not do well in last year's tests. Yields were low and the crop suffered heavy damage from both leaf diseases and chinch bugs.

Greenleaf, a new variety recently developed by the Kansas Experiment Station, was low in yield in 1954, but showed superior resistance to leaf diseases and chinch bug invasion. Commercial seed of this variety is not yet available to Illinois farmers.

Harvest Nurse Crops As Silage Instead Of Grain

You can make the most of low-yielding cereal crops by harvesting them for silage rather than grain.

Research at the university shows that you can get three to five times as much return in feeding value if you turn oats and other nurse crops into silage for feeding wintering beef cattle instead of selling the grain.

The approximately 12 per cent protein content in oat silage is sufficient to maintain dry or nursing cows over winter if you feed a little green, leafy legume hay and free-choice minerals.

* * *

TESTS SHOW that oat silage goes a long way toward providing protein needs of feeder cattle, too.

Peculiar problems go along with the harvesting of cereal crops for silage.

The hollow stems of cereal crops resist packing, so chop oats in short lengths and let the silage settle awhile before packing.

Higher moisture content in the leaves than in the stems presents a drying problem. Usually the best time to harvest, is when the oat grains are in the doughy stage. Staggering seeding dates or seeding varieties of different maturity dates will also help.

Corn Winner

Herman F. Volkening of Elgin was recently proclaimed county corn growing champion at a banquet honoring Northern Illinois corn growing champions. His yield of 119.26 bushels per acre was the top yield in Cook county in the 1954 national selected five acre DeKalb corn growing contest. Unable to attend the banquet was second place winner H. F. Hasse of Mount Prospect with a yield of 117.51 bushels per acre.

DOWN ON THE FARM with Your Farm Adviser

Carl F. Mees

We attended the Illinois agricultural association district meeting at St. Charles February 7. The entire meeting was devoted to a discussion on policy development, with primary interest centering around a discussion on how to get farmers interested enough to aid in the development of future farm policies.

It was generally felt this is an urgent need because whether or not farmers are concerned in policy formation, farm policies will be developed with or without their aid.

Tuesday, the officers of the soil conservation district held their organizational meeting. Werner Kastning was elected chairman, Emil Hattendorf, vice chairman, and Elmer Bittner, secretary-treasurer. They are urging cooperators interested in the program to sign up now in order that all soil surveys can be made soon after the weather breaks. This is important because these surveys must be completed before any actual work can begin on farm planning. Normally, it will be late summer or early fall before these farm plans are completed.

* * *

NORMAN KRAUSZ, professor of agricultural law, University of Illinois, led a discussion on wills and estates, Feb. 9. This proved an interesting meeting attended by a large number of people in the county. Many questions were asked and answered and, in general, one of the main questions discussed was that it is necessary for all property owners to do considerable planning concerning the method of disposal of their property upon their death.

Executive committee of Rural Youth met Thursday evening, February 10, with John Bicket, new assistant farm adviser for North Cook, to plan Rural Youth program and activities for the coming year.

It is the thought of the committee that the program planned for the year ahead will do much to stimulate interest in the Rural Youth program. The executive committee was composed of: James Goebbert, president; Arnold Grimm, vice president; Marie Winkelman, secretary; Nancy Gaitsch, treasurer; and Norma Gaitsch, reporter.

* * *

NORTH COOK 4-H activities will be handled from the Arlington Hts. office now that John Bicket has been employed to take care of these activities. All questions of new members or leaders can be handled at Arlington Heights rather than at Tinley Park, which will make it much more convenient.

4-H club leaders are asked to turn in 4-H enrollment cards for North Cook to Mr. Bicket, rather than mail them to Mr. Whiteside. We now have a supply of 4-H material in the North Cook office which is at your disposal.

LAW on the FARM

Hedge Fences

Hedge fences are gradually disappearing, but enough of them remain between farms and along highways to cause problems. Some people like hedge fences for their posts, shade, beauty and wind protection, Others dislike them because they impair the productive capacity of adjoining land, are hard to trim and harbor weeds and insects.

The division fence law requires the owner to trim hedge back to five feed every two years with these exceptions: new hedge does not have to be trimmed for the first seven years and, if the hedge fence is used as a windbreak, up to 30 rods may be left to grow.

* * *

IF AN OWNER fails to cut his hedge, and adjoining owner who is injured may cut it, after giving 10 days' written notice, and recover the cost from the owner of the hedge. As long as the owner keeps the fence trimmed his neighbor cannot compel him to take it out. Th elaw defines legal fences as including hedge fences.

To give highway authorities the right to protect roads from overhanding hedge trees, the law requires that the owner trim back the hedge to five feet every year (instead of every two years as required for division fences). However, this provision does not apply to hedge protecting an orchard or building. Also, as much as one-fourth of the length of a hedge fence along a highway may, with the consent of the highway commissioner, be left untrimmed as a windbreak for stock. Owners failing to trim their hedges by October 1 are liable to a fine of 10 to 50 dollars in a suit brought by the highway commissioner.

* * *

DO MULTIFLORA rose fences come within these hedge fence laws? Apparently so. There is nothing in the law defining a "hedge," and the law implies that any trees or bushes used as a fence are included. Therefore, if multiflora rose division or highway fences exceed the limits to which the law permits their growth, an owner can be forced to trim them. These laws apply only to division or highway fences. A farmer can have all the hedge fence he wants on the rest of his farm.

High Quality Consignment For Dairy Sale

From early consignments and the intense interest shown by breeders in the dairy calf club auction, the seventh annual sale looks as if it might be the best offering yet.

Some 100 top-quality calves from the Holstein, Guernsey, Brown Swiss, Jersey and Ayrshire breeds will make up the high-quality sale at 11 a.m. Saturday, February 26, at the college of agriculture's stock pavilion.

* * *

THE ILLINOIS purebred dairy cattle association sponsors this sale to give 4-H and F.F.A. youngsters an opportunity to buy quality foundation animals at reasonable cost. Only bona fide 4-H club and F.F.A. members may buy these calves. If a member cannot attend, he may designate someone else to buy for him. All purchasers must certify that the calves will be used only for 4-H or F.F.A. projects.

For sale catalogs, write association secretary C. Leslie James, Mansfield.

Beer Motors To Introduce New Tractor

Beer Motors Des Plaines took a good look into the future of farming methods when attending a Ferguson dealer's meeting recently at Racine, Wis. Gordon H. Beer has returned prepared to tell farmers and industrial users of Cook county of the new and exclusive features of a new model Ferguson tractor reportedly years ahead of its time.

The new model introduced at the dealer meeting revealed the results of more than three years of research by Ferguson engineers. They have incorporated into this tractor inventions and combinations of features that have long been wishes of farmers and landscapers, but never before offered by manufacturers.

Some of these inventions are fully as spectacular as Ferguson's introduction of the original 3-point hitch and hydralic draft control system, the dealer reports. Gordon will introduce the new tractor to local farmers, landscapers, and industrial users as soon as his initial shipment arrives.

Palatine Cow Moves

J. E. Carey & Martin Van Der Stappen, Spring Grove, Ill., have just purchased the young Guernsey sire, Riverdale M. Beacon's Junior, from Buren R. Anderson & Son, Palatine, according to the American Guernsey cattle club.

This richly bred young bull is out of the high-producing cow, Nan's Maybelle of Riverdale, that has 2 production records of 12,728 pounds of milk and 672 pounds of fat, made on three times daily milking for 365 days, as a 7 year-old in the herd improvement register, and 10,538 pounds of milk and 592 pounds of fat, made on two times daily milking for 365 days, as an eight-year-old in the herd improvement register. He is sired by Ideal's Wilma's Beacon.

3rd Of Wheat, 4th Of Tractors Now Going To People Overseas

Every third bushel of wheat raised in 1952 by Illinois farmers eventually went to sea, as did one tractor in every four to roll off Illinois assembly lines that year, according to a special edition of the bulletin, "Maritime Affairs," released by the committee of American steamship lines.

Original research material developed by the committee and published for the first time in this bulletin emphasizes the impact of foreign trade on the livelihood of farmers and industrial workers in the tri-state area of Illinois, Missouri and Wisconsin.

* * *

FARMERS in Illinois and Missouri received $40 million per year for annual shipments of 20 million bushels of wheat exported from 1945 to 1953, the bulletin said.

In 1952, Brazil shipped $670 million worth of coffee, 3,700 miles to U. S. ports. With this income, Brazilians invested heavily in American products, spending $35.5 million for Illinois, Missouri and Wisconsin goods. Leading purchases were farm and electrical machinery, automobiles and wheat.

Cuba, too, means money in the pockets of Illinois workers and farmers. Americans paid more than $346 million to Cuba in 1952 to help satisfy a 100 pound per person craving for sugar. This income helped make it possible for Cubans, in turn to import $516 million worth of U.S. products, assuring jobs for 86,000 American workers.

* * *

OVERSEAS EXPORTS of corn from Illinois, Missouri and Wisconsin averaged 35 million bushels per year from 1948-1952, the bulletin stated. Average annual revenue from corn exports for farmers in the area was $50 million.

All the land in Illinois, plus an additional 4,224,000 acres, would have been required to grow America's farm produce exported by ship in 1953.

Nearly every fourth worker in the tractor manufacturing plants of Illinois, Missouri and Wisconsin owes his job to overseas trade. Of the 102,000 men and women working in farm machinery plants of every description, 12 per cent are completely dependent upon merchant ships to carry their products overseas. Altogether, $215 million worth of farm machinery produced in Illinois, Missouri and Wisconsin was shipped to other countries in 1952.

Soybean Prices Don't Reflect True Value

The amount of dry matter in soybeans is the best practical measure of their value, but present buying practices don't adequately reflect this value.

Buyers try to compensate for differences in dry matter in two ways: Basic bids are higher during times when general soybean quality is high, and prices are discounted on the basis of moisture that replaces dry matter.

But neither of these methods works out accurately. The basic soybean price is set on soybeans that contain 13 per cent moisture. These beans could also be described as containing 87 per cent dry matter. There are discounts from that price, then, of a certain number of cents a bushel when the moisture content is greater.

* * *

FIRST PROBLEM comes when soybeans contain less moisture than those on which the price is set. No premium is provided for beans that contain less moisture, which is the same as more dry matter. In practice, however, when most soybeans are drier than 13 per cent moisture, market bids often reflect the higher value of the beans.

Soybeans with 10 per cent moisture contain nearly two more pounds of dry matter per bushel than soybeans with 13 per cent moisture. When beans sell at $2.65 a bushel, that extra amount of dry matter is worth about 9 cents, but the market doesn't allow it.

* * *

FOR BEANS containing more than 13 per cent moisture, the situation varies. Soybeans with 15 per cent moisture are discounted about a dime a bushel. That is a higher rate of discount on $2.65 beans than on $3.00 beans, although the quality has gone down at the same rate.

There is no premium for clean beans. When the amount of foreign material goes above two per cent, that weight is simply deducted from the total, and the only penalty is the freight on it to the market.

Police Stop Teen-Age 'Toughs' Gang Fight

Police put a quick end to what appeared to be a teen-age gang fight shaping up in Park Ridge, when they corralled 15 Chicago youths and notified their parents to "come and get them."

The youths, ranging in age from 14 to 16, were members of two teen-age groups—the Continentals, from the area around Lincoln and Southport, in Chicago; and the Renegadoes, a Northwood-Edison Park organization.

Police were tipped off that the youths were in town to "settle" a dispute that had arisen with several boys from Park Ridge and Edison Park. They quickly rounded up the visitors and took them to the station until their parents could be called.

A taped steel bar was picked up after one of the youths had tossed it away, and a bottle was thrown through the window of one of the parent's cars during the session at the police station.

BUSINESS BRIEFS

Lists Requirements Of Business And Community Leaders

Six qualities essential to the success of an association executive were outlined by Ormond F. Lyman, 626 Mayfair, Arlington Hts., executive vice president of the Illinois State Chamber of Commerce.

Occasion was the annual mid-year meeting of the Illinois Chamber of Commerce Executives at the Conrad Hilton hotel which brought together organization managers from throughout the state.

"Managers and secretaries of chambers of commerce, trade associations and similar organizations today have come into their own and are recognized as true business and community leaders," he declared.

Lyman predicted an even greater recognition of association executives during the next few years. He said he foresaw "definite professional requirements" being established which would result in a further upgrading of such positions in influence and stature.

The qualities he listed as insuring the success of an association executive were: Ability to manage, to organize, to get people to work, to evaluate, to push a job through to conclusion, and to manage money.

Lyman himself has spent his entire business career in organization work. He served 18 years as a local chamber of commerce manager in Illinois, 12 of them in Peoria. He also is a past president of the American Chamber of Commerce Executives.

The Illinois State Chamber, which he has headed for the past 12 years, is made up of over 13,000 leading businessmen and acts as spokesman for Illinois business on state and national legislative issues, governmental problems and public questions.

Hundred Percenter

W. R. Evans, 712 E. Oakton, Arlington Heights, was among the sales leaders of International Business Machines corporation honored at a two-day regional convention of the IBM Hundred Percent club, the company's sales honor organization.

The convention was held at the Edgewater Beach hotel in Chicago.

Find Business Picking Up In Midwest Cities

Business is picking up more rapidly in the midwest than in the nation, the Federal Reserve Bank of Chicago reports, as the economic recovery which got under way last fall continued to gather momentum.

Industrial production gains, behind much of the recent pickup, have been sharpest in the midwest largely due to the spectacular upsurge in auto output.

Moreover, other types of industrial production important in this region have also shown strength in recent months. Output of major household appliances and radio-TV has been running well ahead of a year ago. Electrical machinery and equipment, while still below previous-year figures, chalked up significant increases late in 1954. Midwest farm machinery producers, too, are stepping up production in anticipation of a seasonal sales rise.

* * *

ALL THIS spells a heightened business tone for most midwest centers. Nevertheless, employment has not yet fully reflected the business improvement, although the average manufacturing work week throughout the country has made some recent advances. Nationally, wage and salary employment seasonally adjusted picked up 400,000 from August through December but was still 1.6 million below the 1953 all-time high.

As revealed by recent reports, unemployment in most major Midwest centers still exceeds 5 per cent of the total labor force. Relatively few shortages of applicants for particular job categories were noted, and most areas reported surpluses of both unskilled and semi-skilled workers. Thus, the bank concludes that the labor supply will continue ample in the majority of Midwest industrial areas during the coming months.

* * *

RETAIL SALES in the midwest, as elsewhere across the nation, easily reached a new record for December. According to preliminary reports, total volume surpassed the year-ago level by 9 per cent. Aided by the earlier introduction of new models, auto dealers scored the sharpest increase. But strength was by no means confined to this group. Retail sales in non-auto categories increased 7 per cent over 1953's twelfth month as all major retail groups reported gains.

Construction expenditures, a continuing prop to business in 1954, finished the year 5 per cent ahead of 1953 with December exceeding the year-ago pace by 10 per cent. New contract awards, the bank says, remained heavy through year-end in the Midwest as well as in the nation. Most of the recent increase, however, was accounted for by home building. Liberalized VA and FHA loans are figuring importantly in the current housing boom. Such financing has accounted for nearly 60 per cent of recent-month starts, whereas a year earlier VA and FHA loans made up only 40 per cent of the total.

Barrington May Shift Depot

Engineers of the Chicago & North Western railroad have drawn up tentative plans and are actively interested in proposals to move the Barrington depot from its present location to a new site.

A proposal underway, furthered by the Barrington association of Commerce, is to develop the area east of Prairie ave., between the North Western tracks and Hillside ave., known as the Douglas property, for commuter service.

The proposed new location of the station is approximately 800 yards east of the present depot and opposite the gasoline service station at the curve in Northwest highway.

A parking accommodation for approximately 2,800 cars is a feature of the change.

National Sales Up

Consolidated sales of National Tea Co. for the first four week period ending January 29, amounted to $42,238,755, as compared to $39,493,376 for the four weeks and one day which comprised the first period ending January 30, 1954. This was an increase of $2,745,379 or $6.95 per cent, for the first four weeks of 1955 as compared with the first four weeks and one day of 1954.

Jewel Sales Up

Jewel Tea Co., Inc. sales for the four weeks ended January 29, 1955, were 14.2% over a year ago. Sales in that period totaled $23,617,149 or $2,936,334 more than in corresponding weeks a year ago.

Incubator Baby Brought Home From Hospital

Jeffrey Lee, the incubator baby of Mr. and Mrs. W. V. Lahti of Antioch, was brought home from the Children's Memorial hospital, Chicago, where he underwent surgery for muscle correction.

The child was born prematurely at Condell Memorial hospital in Libertyville, weighing but 3 pounds at birth. He was brought home 10 days ago weighing 5 pounds and 3 ounces.

Because a stomach muscle was obstructing other functions, the operation was decided upon later. The baby is making satisfactory recovery.

QUITE CONTRARY

BY MARY

Now if spring is only not too far behind this winter, all will be well. Today there was some indication that the sun has not forgotten us entirely.

When we were south, what a lovely roll to those words, there were some who were complaining because it got way down to sixty or seventy and once in a while quite a breeze came in off the ocean. We were so enthralled to see the ocean and green things apparently growing that we failed to see what the gripe was. It was just all too beautiful. You all.

We don't know if other families operate like ours but we are constantly in the throes of either a contest or trying to prove some member of the clan wrong. At the moment, three members of the company are busier than bird dogs with 10 to 15 volumes of the encyclopedia trying to find out if the member who said that Francis Scott Key did not compose the music to the Star Spangled Banner, was right.

The hunt took approximately umpteen hours and outside of not knowing that the music was written by a certain J. S. Smith, where are we. On a quiz show our family would either be tongue-tied or make a mint. In the meantime, the living room is carpeted with large reference books and our minds have acquired a tidbit of useless knowledge. Now to hold a contest. Who is going to pick up the books?

The trouble with looking anything up for us is that after we once get immersed in a reference book we get carried away into all sorts of subjects. For instance, after national anthems comes National Socialism, a subject that we feel we should brush up on. Not very far along the pathway from that is a charming bit dealing with night clubs. Curiosity as to what an encyclopedia would have to say about such a mundane subject drives us to peruse this information rather closely. From there it is just a hop skip and a jump to Numismatics which not only has words but 3 pages of fascinating pictures. The last item in N is nymphs which certainly rates a quick glance.

This all takes quite a lot of time and "Oh say can you see by the dawn's early light?"

Lessons In .... English

Words Often Misused

Distinguish between the two military terms "strategy" and "tactics." "Strategy" refers to the planning and conducting of campaigns. "Tactics" is the art of disposing troops or warships in single battles.

Do not say, "Did you ever see the Grand Canyon?" Say, "Have you ever seen the Grand Canyon?"

"Elder" and "eldest" are used only of persons, and usually of persons in the same family; as, "the elder daughter." "Older" and "oldest" may be used of either persons or things.

Do not say, "I do not know if he understands the question." Say, "I do not know whether he understands the question."

Do not say, "He said to wait for a few minutes." Say, "He said that I (or, you) should wait for a few minutes."

The expression "wait on," in the sense of "wait for," is colloquial. Say, "We must wait for (not wait on) the other persons."

Words Often Mispronounced

Beethoven (the composer). Pronounce ba-to-ven, a as in bay, o as in toe, accent first syllable.

Referable. Accent first syllable, not the second.

Precedence. Pronounce pre-see dens, with accent on second syllable, not the first.

Drought. Pronounce as though spelled drout.

Conspiracy. Pronounce the i as in it, not as in spire.

Abyss. Pronounce a-bis, a unstressed, i as in kiss, accent second syllable.

Words Often Misspelled

Baccalaureate; observe the two c's, and the vowels. Benefited and benefiting; only one t. Vacillate, two l's; ventilate, one l. Chase (to hunt); Chaise (a carriage). Financier; not financeer. Ferment (to be agitated); foment (to encourage).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Regimen; a governing; a system; in medicine, a systematic course of diet. (Pronounce rej-i-men, both e's as in bet, i as in it, accent first syllable). "Preserving the health by too strict a regimen can prove very wearisome."

Intuition; quick perception of truth without conscious reasoning; insight. "Her intuition led her to the conclusion that she must go at once."

Gauche; awkward. (Pronounce gosh, o as in go). "His manner of handling the situation was gauche."

Inveigle; to lead on or astray as if blind; to entice. (Pronounce the ei as in receive). "Do not be inveigled by these false promises."

Concerted (adjective); mutually contrived or agreed upon. "It will require concerted action to accomplish this result."

Nonentity; a person or thing of little or no account. "He is a nonentity so far as disturbing our purpose is concerned."

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Maybe I should leave thinking to college professors, idealists, and men involved in world affairs. Abstract thinking, that is, that has to do with things that can not be placed in material categories. Perhaps a mailman should stay within the limits of things connected with his job, his home, and the everyday problems of living. But somehow, I don't.

The other day I got to thinking about the difficulty of putting spiritual principles and ideals into every day language, and for the first time I realized how completely our language and, since words are tools of thoughts, our thinking is limited to mundane things.

* * *

THERE IS AN eternal and perfect right. There is also an eternal and equally perfect wrong. Between these two poles lie all of the real conflicts, heartaches disappointments, happiness and peace of which our lives are made.

Food, clothing and shelter limit man's mechanical happiness. They are needed to enable the mechanical and chemical elements of our body to work efficiently and smoothly. They are perhaps the first essentials to physical happiness. The lack or abundance of these essentials determine largely our emotional reaction to life, the relationship of one class to another, or one nation or group of nations to another. They even affect our abilities to love, hate, sympathize with others. It is to aid us in thinking and expressing these needs that our language was largely created. Perfect right and eternal rightness or wrongness do not depend on these attributes.

* * *

AND NOW WE FIND the inadequacy of our language. Perfection is unlimited by human measurement of time, space, and thus of environment. Perfection is unthinkable to man, as also are eternity, spirit, all powerful, everlasting all knowing and all of the attributes of God who is perfect right. Likewise, we ascribe to the devil the attributes of perfect wrongness, which is equally unthinkable and inexpressable to man. So even the greatest philosophers blunder, stumble and grope into the impenetrable world of spiritual understanding with ponderous, meaningless words; and ministers try without success to put into words what can not be vocally expressed.

In my mind, the word for spirit is faith. And what is faith? Who knows the words to describe it? Again we are faced with a dearth of words--but not with a dearth of experience; for faith can be experienced; and once we are deep in faith, we are on the doorstep of God. A gentle knock and it is opened to us, not to describe, for that is impossible; but to know the sublime, perfect ecstasy, the inimitable joy, the serene peace that comes from Spirit, that is, from God!

Banned Music Now Part Of Church Rites

Organ music plays so vital a part in the beauty of the worship services of almost all religious faiths today it is hard to realize that there was a time when instrumental music was not allowed in the church. It has been only three or four hundred years since man has had the kind of music and the kind of musical instruments he feels worthy of his devotion to God.

The organ was developed for many centuries before it became associated with the church service. In fact, many other instruments were used for music in the church before the organ took its present place. The bass violin was frequently used in early American and some European churches for background music because of its dominance in rhythm and because it "fortified" the bass singers, balancing the usual predominance of sopranos.

Early American worshipers resisted the adoption of the organ as background for the church service. The first movement toward instrumental music in American churches began with the attempt of a Boston Puritan to donate an organ to his church in 1713. It was not accepted by his church, but was used in King's chapel in Boston. This was the same organ that fascinated young Benjamin Franklin and soundedd the dirge for George Washington.

Rackets Are 'Legitimate' When Operated By Natives In India

by BILL DILLINGHAM

When an Indian goes to the store to buy a bag of rice, he also "buys" a number of stones that are included in the bag to increase the weight.

This very ordinary occurrence is, in a way, a key to understanding the entire Indian economy.

The shopkeeper removes a few grains of rice from each bag before selling it. At the end of a year, he might have accumulated a two-week's rice supply for himself and his family.

* * *

THE PURCHASER, however, has not been tricked. He knows that although the shopkeeper's scale indicates a certain figure, he can put only part of it into his stomach. "Stones in the rice" has become a custom, a recognized and "legitimate" part of Indian bargaining and business practice. The purchaser does not feel that he has been robbed and does not believe that he has any right to argue. It is almost comparable to an American housewife demanding a few extra grains of sugar to equal the weight of the paper bag! By custom, it isn't done.

The Indian then arrives home with his rice and knows that the most convenient way of removing the stones is to use a woven plate. This is a disc-like untensil that resembles the bottom of a basket and which he probably bought in the bazaar.

* * *

THIS LEADS Indian thinking to the belief that the stones in the rice do a good turn because they support a sizeable industry: the disc weavers.

If a law were passed and enforced that forbade adding stones to rice, most certainly there would be thousands of Indian weavers rioting. Anybody will riot when his livelihood depends upon it, bread being stronger than reason.

From rice bags to the harbor, the stones are hard to get rid of. Calcutta's cranes can unload a coal ship, for instance, in a matter of hours. But to solve the unemployment problem, after half of a ship's cargo is unloaded, hundreds of Indians work in ant-like formation with baskets on their heads to complete the job. They are now, incidentally, pressing vigorously for more money for their work!

This is what a check from Uncle Sam is up against when it reaches India.

* * *

BUT WHERE and why do Americans come into the picture? What has Mr. American got to do with Hindu Harry, the fellow who lives thousands of miles away, even if he does sleep among the garbage pails?

The sad facts are that Harry can sniff a handout in the making. Unless it takes the form of a bigger bowl of rice from Uncle Sam, without stones, it'll mean a pair of soldier's boots from Uncle Joe's successors.

These few words are designed to let Americans know something about the mental make-up of the 350 million people that will most probably go onto the dole sometime in the future—but a dole we must not shirk because it involves our own preservation.

$17,250 Brick Ranch

Three bedrooms and a 22' paneled "All-Purpose" room are a few of the features of this excellent buy located in Palanois Park. In addition to the "All-Purpose" room there is a nice cabinet kitchen with breakfast space. Near schools—shopping, a low down payment feature makes this home one you should see.

$22,750 3 Bedroom Ranch

Only 5 blocks from the station is this very fine home that is much larger than the average and certainly better built. It is only 8 months old and built by a contractor for his own use. It has size and all those quality extras a builder seeks for his own family. Combination living and dining rooms are 13x24' and all bedrooms are 14 ft. or more. The very lovely birch and formica kitchen is 11'x14' and there is a full basement with baseboard panel heat. This one is a real buy and deserves your attention.

$23,500 Brick Ranch

A very lovely 3 bedroom 1½ bath home in Eastwood is available to you in this excellent listing. This one really has charm and is most immaculate. The 20 ft. living room has fireplace and there is a full basement, recreation room and an attached garage. Almost forgot to mention the screened porch and the wonderful landscaping. You might find a better value but we doubt it.

$24,900 Rancho On An Acre
With Corral and Stable

Just outside the village limits you can have genuine ranch atmosphere together with a charming home with room to spare—it has 1,650 sq. ft. of living area plus a two car garage. The 21x14 living room features a true ranch fireplace. The living room and dining room are carpeted and there is an 11x30 porch. The smallest bedroom is 14x10. We cannot begin to tell all the fine things that this unusual place has to offer, you will just have to see for yourself.

$34,500 Brick Colonial
In Scarsdale

This is one of those very fine 4 bedroom 2½ ceramic bath Tackett Built homes. It has about everything for gracious living and is immaculate and most tastefully decorated. There are two fireplaces and a paneled recreation room. If you are looking for a truly fine home, this one is priced to sell quickly.

$47,500 Roman Brick Ranch

This is one of "Tacketts" finest 3 bedroom deluxe ranch homes on 150'x200' professionally landscaped grounds. The 24' living room with marble fireplace, formal dining room, three twin sized bedrooms and halls are all carpeted wall to wall. There are 2 ceramic baths, gas forced air heat, a glazed porch and attached 2 car garage. A $25,000 mortgage may be obtained. There is nothing finer in this entire community. Transferred owner requests quick action so it is priced to sell quickly.

Newsstand Of The Week

Back in the horse and buggy days Mr. and Mrs. Louis A. Backus were proprietors of the milk depot and general store at Ontarioville.

"We were young and ambitious in those days," stated Mrs. Backus, "and drew trade from as far as West Chicago and Palatine. We had a hitching rack 40 feet long where the teams were tied while the farmers delivered their milk and bought supplies. We had a big store then.

"Now we're retired and run this little variety store so our old friends can have an excuse to come in and visit. Selling the Roselle Register and other Paddock publications is the best drawing card we have."

IN MEMORIAM

In loving memory of Ella Pfingsten who passed away Feb. 17, 1954.
Memories are all we have today
Of our dear one gone to heaven to stay.
Now our thoughts so often wander
To that grave not far away,
Where we had to take you (Ella)
Just one year ago today.

Gems Of Thought

THE BIBLE

There never was found, in any age of the world, either religion or law that did so highly exalt the public good as the Bible.
—Francis Bacon

The word of God will stand a thousand readings; and he who has gone over it most frequently is the surest of finding new wonders there.
—James Hamilton

In what light soever we regard the Bible, whether with reference to revelation, to history, or to morality, it is an invaluable and inexhaustible mine of knowledge and virtue.
—John Quincy Adams

The Bible is the learned man's masterpiece, the ignorant man's dictionary, the wise man's directory.
—Mary Baker Eddy

Just as all things upon earth represent and image forth all the realities of another world, so the Bible is one mighty representative of the whole spiritual life of humanity.
—Helen Keller

To my early knowledge of the Bible I owe the best part of my taste in literature, and the most previous, and on the whole, the one essential part of my education.
—John Ruskir

McHenry Approves $636,000 School Bonds

Voting 14 to 1, electors in the McHenry grade school district approved a $636,000 bond issue to defray cost of building a new 17-classroom junior high school.

The new school will be erected on the same property as that occupied by Edgebrook grade school, the school district having purchased 20 acres for school grounds. This property is now orchard land.

The McHenry district had the largest increase in enrollment last autumn of any school district in Northern Illinois.

Chauncey Decker, superintendent of the schools, said that when he came to the district 33 years ago, he built one new building.

That building met the need until 1948. Since then there have been two bond issues for additions to the high school and three bond issues for grade schools.

An architect is already drawing plans for more rooms at the high school, where 550 students are now enrolled to make a gain of 60 over the previous years' enrollment.
